SECTION I. INTRODUCTION
CITY OF HAYWARD
CONSOLIDATED LANDSCAPING AND LIGHTING
ASSESSMENT DISTRICT NO. 96-1
ENGINEER'S REPORT
FY 2017

Background Information

In 1996 there were six (6) separate Landscaping & Lighting Assessment Districts throughout the City of Hayward. On May 7, 1996, Landscaping & Lighting Assessment District No. 96-1 was formed which consolidated each of the assessment districts and designated them as six (6) separate zones of benefit. From FY 1998 through FY 2008, Benefit Zones No. 7 through No. 13 were annexed to Landscaping & Lighting Assessment District No. 96-1. Each zone of benefit has a separate budget pertaining to its respective improvements being maintained, but the administrative costs for the preparation of the Engineer's Report, Council Reports, Resolutions, etc. are shared proportionately among the zones.

To ensure the proper flow of funds for the ongoing operation, maintenance, and servicing of improvements that were constructed as a condition of development within various subdivisions, the City Council, through the Landscaping and Lighting Act of 1972 (1972 Act), formed the City of Hayward Landscaping and Lighting Assessment District No. 96-1. The 1972 Act also permits the creation of benefit zones within any individual assessment district if "by reasons or variations in the nature, location, and extent of the improvements, the various areas will receive different degrees of benefit from the improvement" (Sec. 22547). Therefore, because there are varying degrees of benefit within the various subdivisions, the City Council established thirteen (13) benefit zones.

Benefit Zones Assessment Overview

The following table summarizes the number of parcels per benefit zone, as described throughout this report. The three items on the bottom of the table represent new annexations/zones. These are listed here for reference only, as details of these additions are presented as new City Council actions.

Proposition 218 Compliance¹

On November 5, 1996, California voters approved Proposition 218 entitled "Right to Vote on Taxes Act," which added Articles XIIC and XIID to the California Constitution. While its title refers only to taxes, Proposition 218 establishes new procedural requirements for the formation and administration of assessment districts. These new procedures stipulate that even if assessments are initially exempt from Proposition 218, future increases in assessments must comply with the provisions of Proposition 218. However, if the increase in assessment was anticipated in the assessment formula (e.g., to reflect the CPI or an assessment cap) then the City would be in compliance with the provisions of Proposition 218 if assessments did not exceed the assessment formula. The FY 2017 assessments proposed within the Engineer's Report are equal to or less than the maximum base assessment amount authorized; therefore, the vote requirements of Section 4 of Article XIID do not apply to these proceedings.

Automatic CPI Increase – **Eight** of thirteen benefit zones (3, 7-13) have an allowance within their respective assessment formulas to increase their maximum base assessment amount based upon the change in the prior year's CPI. The CPI which is used for this calculation is the **CPI for Urban Wage Earners and Clerical Workers within the San Francisco-Oakland-San Jose Area²**, as published by the Bureau of Labor and Statistics on a bi-monthly basis (CPI-U). For those benefit zones with CPI Index adjustments, the CPI-U increase from **February 2015 to February 2016** was **3.02%**, therefore the maximum base assessment amounts have been increased by the same percentage for FY 2017. Future CPI increases in the maximum base assessment amount **do not** require the noticing and balloting of property owners per the requirements of Proposition 218.

FY 2017 Improvements, Budgets, and Assessments

As required by the Landscaping and Lighting Act of 1972, the annual Engineer's Report includes: (1) a description of the improvements to be operated, maintained and serviced, (2) an estimated budget, and (3) a listing of the proposed assessment amount for each assessable lot or parcel.

Maximum Base Assessment versus Annual Charge

The below table summarizes assessment information by zone. **Eleven** of the thirteen benefit zones are proposed to be levied **below** their maximum base assessment amount (1, 2, 3, 4, 5, 7, 8, 9, 10, 11 and 13), while **two** benefit zones are proposed to be levied **at their maximum** base assessment amount (6 and 12). Table 2 below describes assessments by zone, if there is an annual CPI adjustment, the FY 2016 vs FY 2017 assessment, if there was an increase to the prior year's assessment, along with the maximum base assessment amount. The bottom of the table represents new annexations or zones that are being presented to the City Council in separate reports.

New Zone for FY 2017

For FY 2017, a **separate** Engineer's Report has been prepared to add a new zone (Zone 14). Information about the proceedings for this area is provided below.

Zone 14 – La Vista development (Tract 7620): On May 24, 2016³ the City Council approved the Notice of Intent to Levy Assessments and set the Public Hearing for receipt of ballots for June 14, 2016⁴ for the formation of Zone 14. The City Council approved the assessments for the La Vista Development (Zone 14) at their June 14, 2016 meeting. This new zone is not part of the determination of assessments for this engineer's report; however it will be incorporated in next year's annual engineer's report. The project was previously approved to create 179 new lots. These lots will be initially assessed at 30% rate while vacant (\$176.92 per parcel). Once the homes are built, and the Certificate of Occupancy is issued, the assessment will rise to an amount at or below the maximum base assessment of \$589.73. The assessments will pay for the maintenance and servicing of the improvements to street lighting, setback landscaping, irrigation, paved trails, and bioswales (landscape elements designed to remove silt and pollution from surface runoff water).

Public Comment

In order to receive public comment, the City of Hayward held a general "Question and Answer" meeting regarding benefit zone maintenance and budget on **May 19, 2016**. This annual meeting was held to answer property owner questions regarding their benefit districts, and to discuss the FY 2017 budget for maintenance and assessments. In advance of the meeting 2,910 notices were mailed out to property owners. On the evening of the meeting, three (3) property owners attended.

The City of Hayward is proposing to hold a public hearing on **July 19, 2016**, to provide an opportunity for any interested person to be heard. At the conclusion of the public hearing, the City Council may adopt a resolution setting the annual assessment amounts as originally proposed or as modified. Following the adoption of this resolution, the final assessor's roll will be prepared and filed with the County Auditor's office to be included on the FY 2017 tax roll. Payment of the assessment for each parcel will be made in the same manner and at the same time as payments are made for property taxes. All funds collected through the assessment must be placed in a special fund and can only be used for the purposes stated within this report.

Zone 1 (Huntwood Ave. & Panjon Street)

Tract No. 6041

Formed: November 13, 1990

Resolution Number: 90-256

30 Parcels

FY 2017 Assessment Amount per Parcel: \$175.00

The following is an overview of the FY 2017 zone assessment, along with a description of any one-time items budgeted in FY 2017:

- **Maximum base assessment amount:** is *unchanged* from the original amount of **\$295.83** per parcel, set when the zone was created in 1990.
- **Annual CPI increase:** the maximum base assessment amount *cannot be increased* annually based upon the prior year's change in the CPI.
- **Assessment revenue:** the FY 2017 amount needed to operate and maintain the facilities and contribute to the capital reserve is: **\$5,250.00**.
- **Annual assessment charge:** each of the **30** parcels shall be apportioned an equal share of the total assessment for this zone as the special benefit derived by the individual parcels is indistinguishable from each other. The FY 2017 per parcel charge *will decrease from* the FY 2016 amount of **\$265.64 to \$175.00** for FY 2017. This amount is *below* the maximum base assessment, and is sufficient for maintaining levels of service and for keeping a reserve balance. In future years, if there is a need for additional funds, the assessment amount may be increased up to the maximum base assessment amount.
- **Reason for assessment decrease:** The assessment rate for FY 2017 is recommended to be *decreased* based on the City's analysis of the financial stability of the zone. The recommended assessment rate for FY 2017 will generate revenues that are adequate to pay for the expected level of maintenance, and to also maintain a prudent capital reserve.
- **Proposition 218:** Future increases in the assessment amount *above* the maximum base assessment amount would require the noticing and balloting of property owners per the requirements of Proposition 218.
- In FY 2017, **\$500** has been budgeted for unforeseen additional work (e.g. repairs/replacement). If additional work occurs in FY 2017, it would be funded through capital reserves.

The following is a detailed description of the improvements that are being operated, maintained, and serviced throughout the benefit zone:

- **Landscaping and irrigation:** includes an 8-foot-wide landscaped strip along Huntwood Ave. within a landscape easement; and
- **Surface maintenance of the street side:** of a 600-foot masonry wall along Huntwood Ave. This

maintenance includes painting, cleaning, graffiti removal, and minor surface repair.

- *The ownership and responsibility of the masonry wall as a structure remains with the individual property owners.*

FY 2017 Assessment Amount per Parcel: \$153.58

The following is an overview of the FY 2017 zone assessment, along with a description of any one-time items budgeted in FY 2017:

- **Maximum base assessment amount:** is *unchanged* from the original amount of **\$193.39** per parcel, set when the zone was created in 1991.
- **Annual CPI increase:** the maximum base assessment amount *cannot be increased* annually based upon the prior year's change in the CPI.
- **Assessment revenue:** the FY 2017 amount needed to operate and maintain the facilities and contribute to the capital reserve is: **\$13,054.30**.
- **Annual assessment charge:** each of the **85** parcels shall be apportioned an equal share of the total assessment for this zone as the special benefit derived by the individual parcels is indistinguishable from each other. The FY 2017 per parcel charge *will increase* from **\$93.08** in FY 2016 to **\$153.58** per parcel in FY 2017. This amount is *below* the maximum base assessment, and is sufficient for maintaining levels of service and for keeping a reserve balance. In future years, if there is a need for additional funds, the assessment amount may be increased up to the maximum base assessment amount.
- **Reason for assessment increase:** The assessment rate for FY 2017 is recommended to be *increased* based on the City's analysis of the financial stability of the zone. - In FY 2017, **\$500** has been budgeted for unforeseen additional work (e.g. repairs/replacement). If additional work occurs in FY 2017, it would be funded through capital reserves.
- **Note:** In prior years, the landscape area received limited watering which resulted in trees and plants dying. The area was replanted in FY 2016 and water usage increased to sustain the new planting. Water usage will remain at FY 2016 levels going forward.

The following is a detailed description of the improvements that are being operated, maintained and

serviced throughout the benefit zone:

- **Landscaping and irrigation:** includes the area between the sidewalk and wall along Harder Road and Mocine Ave. within a landscape easement;
- **Surface maintenance of the street side:** maintenance of a 1,000-foot-long masonry wall along Harder Road, Mocine Avenue, and a segment of Sunburst Drive. This maintenance includes painting, cleaning, graffiti removal, and minor surface repair; and

Zone 3 (Prominence - Hayward Blvd. & Fairview Avenue)

Tract No. 4007

Formed: June 23, 1992

Resolution Number: 92-174

155 Parcels

FY 2017 Assessment Amount per Parcel: \$797.06

The following is an overview of the FY 2017 zone assessment, along with a description of any one-time items budgeted in FY 2017:

- **Maximum base assessment amount:** was *increased* from the prior year's maximum base assessment amount of **\$845.50 to \$871.03** by applying CPI-U for the San Francisco-Oakland-San Jose MSA (**3.02%** for the period February 2015 to February 2016).
- **Annual CPI increase:** the maximum base assessment amount *does increase* annually based upon the prior year's change in the CPI.
- **Assessment revenue:** the FY 2017 amount needed to operate and maintain the facilities and contribute to the capital reserve is: **\$123,544.30**.
- **Annual assessment charge:** each of the **155** parcels shall be apportioned an equal share of the total assessment for this zone as the special benefit derived by the individual parcels is indistinguishable from each other. The FY 2017 per parcel charge *will remain the same* as the FY 2016 amount of **\$797.06** per parcel. This amount is *below* the maximum base assessment, and is sufficient for maintaining levels of service and for keeping a reserve balance. In future years, if there is a need for additional funds, the assessment amount may be increased up to the maximum base assessment amount.
- **Proposition 218:** Future increases in the assessment amount *above* the maximum base assessment amount would require the noticing and balloting of property owners per the requirements of Proposition 218.
- In FY 2017, a budget of **\$30,100** has been allocated, as requested by the Landscape Committee, to continue landscape improvements including: irrigation upgrades, fence replacement, plant replacement, and slope maintenance. If additional work occurs in FY 2017, it would be funded through capital reserves.

The following is a detailed description of the improvements that are being operated, maintained, and serviced throughout the benefit zone:

- **Landscaping and irrigation:** includes approximately one mile of landscaped frontage along Hayward Blvd. and Fairview Ave., with significant slope areas along the street;
- **Surface maintenance of the sound wall (street side):** of a mile-long masonry wall along

Hayward Blvd. and Fairview Ave. This maintenance includes painting, cleaning, graffiti removal, and minor surface repair; and

- **Maintenance of several open space areas:** many are maintained within the tract; however, there are no funds budgeted for maintenance of the non-irrigated, non-landscaped open space areas.
- *The ownership and responsibility of the masonry sound wall as a structure remains with the individual property owners.*
- As part of the roadway modifications for the Stonebrae Development, the landscaped corner of Benefit Zone No. 3 at Hayward Blvd. and Fairview Blvd. was substantially reduced in size and modified. Concurrently, it was determined that the modified corner would provide a greater benefit for the residents of the Stonebrae Development than for the residents of Benefit Zone No. 3. This corner is a visually vital part of the Stonebrae entrance while the only benefit it provides the residents of Benefit Zone No. 3 is as a general streetscape improvement not normally seen by the residents. By mutual agreement of the Stonebrae developer and the members of the Prominence Landscape Committee (Benefit Zone No. 3), the corner was removed from Benefit Zone No. 3 and was assessed to the Stonebrae LLAD Benefit Zone (Benefit Zone No. 11). The Stonebrae developer modified the corner as necessary to separate the irrigation and plantings so that the residents of Benefit Zone No. 3 can be assured that they are not bearing any of the ongoing costs for the maintenance of this area.

History of Changes to Annual Assessment Amounts

- This zone was established in 1992 and the **maximum base assessment amount was set at \$328.82** per parcel without an escalation clause allowing for an annual increase based upon the prior year's change in the CPI.
- In FY 2004, a group of property owners formed a Landscape Committee for the purpose of addressing the substandard landscaping conditions that had arisen in Benefit Zone No. 3. The Landscape Committee developed a comprehensive landscape plan and presented the plan to City staff and property owners within Benefit Zone No. 3. After receiving City and property owner support, the Landscape Committee proposed to increase assessments to fund the construction of additional landscape improvements and to increase the level of maintenance for the existing and proposed landscaping within Benefit Zone No. 3.
- In FY 2006 the City conducted a mailed ballot election to determine if there was sufficient support to increase assessments. The assessment increase was approved by a majority of the property owners who voted. Therefore, in FY 2006 the annual assessment amount per parcel was increased **from \$328.82 to \$1,023.56** per parcel (\$694.52/yr. for maintenance and \$329.04/yr. for capital improvements.) The maximum base assessment amount for the capital improvement portion was charged **for three (3) years only**, from FY 2006 thru 2008.

- Starting in FY 2009, the maximum base assessment amount for the maintenance component was set at **\$694.52**, and is increased annually based upon the prior year's change in the CPI for the San Francisco-Oakland-San Jose Area.

History of Capital Improvements

The existing sprinkler system was repaired and/or upgraded as necessary. Grass was planted in flat locations. Trees were replaced as needed. Bunch grasses and shrubs were planted on the slopes.
- In the Open Area across from the Bus Stop, weeds were removed and the soil was amended and prepared for new plantings. The existing sprinkler system was repaired and/or upgraded as necessary. Deer resistant, drought tolerant, low maintenance plants were planted on the flat area and down the slope. Low maintenance plants of various colors were used.

FY 2007: Open Area South of 28525 Fox Hollow Drive

- In the Open Area, weeds were removed and the soil was prepared for new plantings. The existing sprinkler system was repaired and/or upgraded as necessary. During FY 2008 along Barn Rock Drive and Hayward Blvd, weeds were removed and the soil was prepared for new plantings. The existing sprinkler system was upgraded as necessary. Deer resistant, drought tolerant, low maintenance plants were planted on the flat area and down the slope. Assorted low maintenance plants of various colors were also used.

- In FY 2009 along Fairview Drive, weeds and dead trees and foliage were removed. The soil was amended and prepared for new trees and plants. Trees, bushes and ground cover were planted to fill in the bare areas around the perimeter of the development on both the flat and sloped areas. Deer resistant, drought tolerant, low maintenance plants of various colors was used. The existing sprinkler system was repaired and/or upgraded as necessary. In addition, large trees were planted along Fairview Drive to visually screen Prominence homeowners from Stonebrae homes. This work was funded by the Stonebrae Development.

FY 2011 - FY 2013: Irrigation Controller Upgrade Project

- Between FY 2011 through FY 2013, the existing sprinkler system was upgraded to provide a more water efficient/conservative system, which is intended to cut back on water waste and reduce the costs for annual maintenance.

FY 2013: Landscape Upgrade Projects

- In FY 2013, the following improvements were completed: 1) mulch placement; 2) bunch grass removal and replants, and sprinkler repair along Fox Hollow; and 3) cleanup, enhance irrigation and plants above the V-ditch along Hayward Blvd. as part of multi-year capital improvement project.

*FY 2017 Assessment Amount per Parcel: **\$145.20***

The following is an overview of the FY 2017 zone assessment, along with a description of any one-time items budgeted in FY 2017:

- **Maximum base assessment amount:** is **unchanged** from the original amount of **\$180.00** per parcel, set when the zone was created in 1995.
- **Annual CPI increase:** the maximum base assessment amount **cannot be increased** annually based upon the prior year's change in the CPI.
- **Assessment revenue:** the FY 2017 amount needed to operate and maintain the facilities and contribute to the capital reserve is: **\$25,410.00**.
- **Annual assessment charge:** each of the **175** parcels shall be apportioned an equal share of the total assessment for this zone as the special benefit derived by the individual parcels is indistinguishable from each other. The FY 2017 per parcel charge **will increase** from **\$121.00** in FY 2016 to **\$145.20** per parcel in FY 2017. This amount is **below** the maximum base assessment, and is sufficient for maintaining levels of service and for keeping a reserve balance. FY 2017 Assessment Amount per linear-foot of street frontage: \$2.61

The following is an overview of the FY 2017 zone assessment, along with a description of any one-time items budgeted in FY 2017:

- **Maximum base assessment amount:** is *unchanged* from the original amount of **\$2.61** per linear-foot of street frontage, set when the zone was created in 1982.
- **Annual CPI increase:** the maximum base assessment amount *cannot be increased* annually based upon the prior year's change in the CPI.
- **Assessment revenue:** the FY 2017 amount needed to operate and maintain the facilities and contribute to the capital reserve is: **\$13,034.34**.
- **Annual assessment charge:** each of the **11** parcels shall be apportioned an equal share of the total assessment for this zone as the special benefit derived by the individual parcels is indistinguishable from each other. The FY 2017 per parcel charge *will remain the same* as the FY 2016 amount of **\$2.61** per linear-foot of street frontage. ***This is the maximum base amount.*** This amount is sufficient for maintaining levels of service and for keeping a reserve balance. In future years, if there is a need for additional funds, the assessment amount may be increased up to the maximum base assessment amount.
- **Proposition 218:** Future increases in the assessment amount *above* the maximum base assessment amount would require the noticing and balloting of property owners per the requirements of Proposition 218.
- In FY 2017, **\$4,500** has been budgeted for unforeseen additional work, to include tree, shrub, and irrigation upgrades. If additional work occurs in FY 2017, it would be funded through capital reserves.

The following is a detailed description of the improvements that are being operated, maintained and serviced throughout the benefit zone:

- **Landscaping and decorative paving:** within the median islands in San Clemente Street between Zephyr Ave. and San Antonio Street;
- **Landscaping:** in the fountain area; and

The following is an overview of the FY 2017 zone assessment, along with a description of any one-time items budgeted in FY 2017:

- **Maximum base assessment amount:** was *increased* from the prior year's maximum base assessment amount of **\$884.35 to \$911.06** by applying the CPI-U for the San Francisco-Oakland-San Jose MSA (**3.02%** for the period February 2015 to February 2016).

- **Proposition 218:** Future increases in the assessment amount *above* the maximum base assessment amount would require the noticing and balloting of property owners per the requirements of Proposition 218.
- In FY 2017, **\$10,000.00** has also been budgeted for unforeseen additional work which may include fence repair, irrigation upgrades, and plant replacement. If additional work occurs in FY 2017, it would be funded through capital reserves.
- Note: In FY 2016, water expenses are estimated to be lower than in previous years. This was due to water line changes during the year. For FY 2017, the water usage is estimated to return to its previous, historical amount, which is budgeted at **\$30,000**.
- Note: In FY 2016, HARD park maintenance was estimated at **\$91,500**. In January 2016, the City met with Hayward Area Recreation and Park District (HARD) and agreed to reduce the annual maintenance cost. In FY 2017, park maintenance is budgeted at **\$44,800**.

FY 2017 Assessment Amount per Parcel: \$150.00

The following is an overview of the FY 2017 zone assessment, along with a description of any one-time items budgeted in FY 2017:

- **Maximum base assessment amount:** was *increased* from the prior year's maximum base assessment amount of **\$632.49 to \$651.59** by applying the CPI-U for the San Francisco-Oakland-San Jose MSA (**3.02%** for the period February 2015 to February 2016).
- **Annual CPI increase:** the maximum base assessment amount *does increase* annually based upon the prior year's change in the CPI.
- **Assessment revenue:** the FY 2017 amount needed to operate and maintain the facilities and contribute to the capital reserve is: **\$3,600.00**.
- **Annual assessment charge:** each of the **24** parcels shall be apportioned an equal share of the total assessment for this zone as the special benefit derived by the individual parcels is indistinguishable from each other. The FY 2017 charge rate will be *reduced* from **\$250.00** in FY 2016 to **\$150.00** in FY 2017. This amount is *below* the maximum base assessment, and is sufficient for maintaining levels of service and for keeping a reserve balance. In future years, if there is a need for additional funds, the assessment amount may be increased up to the maximum base assessment amount.
- **Reason for assessment decrease:** The assessment rate for FY 2017 is recommended to be *decreased* based on the City's analysis of the financial stability of the zone. The recommended assessment rate for FY 2017 will generate revenues that are adequate to pay for the expected level of maintenance, and to also maintain a prudent capital reserve.
- **Proposition 218:** Future increases in the assessment amount *above* the maximum base assessment amount would require the noticing and balloting of property owners per the requirements of Proposition 218.
- In FY 2017, **\$500** has been budgeted for unforeseen additional work (e.g. repairs/replacement). If additional work occurs in FY 2017, it would be funded through capital reserves. - Note: In FY 2016, HARD park maintenance was estimated at **\$134,500**. In January 2016, the City met with Hayward Area Recreation and Park District (HARD) and agreed to reduce the annual

maintenance cost. In FY 2017, park maintenance is budgeted at **\$71,200**.

- The Eden Shores Homeowners Association (HOA) administers the landscape maintenance contract for the zone. The HOA invoices the City quarterly for reimbursement of this authorized expense thru the benefit district zone budget.

The following is a detailed description of the improvements that are being operated, maintained and serviced throughout the benefit zone:

- **Park maintenance:** A 5.58 acre park within the development which includes landscaping and irrigation and playground equipment. The City of Hayward has an Memorandum of Understanding with the Hayward Area Recreation Department (HARD) to maintain the park;
- **Landscaping and irrigation:** of medians, park strips, and parkway within the development; and
- **Surface maintenance:** of the decorative concrete and masonry walls along the perimeter and within the tract. This maintenance includes painting, cleaning, graffiti removal, and minor surface repair.
- *The ownership and responsibility for the walls as structures remains with the individual property owners.*

*FY 2017 Assessment Amount per Parcel (Current Development): **\$155.96***

*FY 2017 Assessment Amount per Parcel (Future Development): **\$82.60***

The following is an overview of the FY 2017 zone assessment, along with a description of any one-time items budgeted in FY 2017:

- **Maximum base assessment amount:** was *increased* from the prior year's maximum base assessment amount of **\$1,428.32 to \$1,471.46** by applying the CPI-U for the San Francisco-Oakland-San Jose MSA (**3.02%** for the period February 2015 to February 2016).
- **Annual CPI increase:** the maximum base assessment amount *does increase* annually based upon the prior year's change in the CPI.
- **Assessment revenue:** the FY 2017 amount needed to operate and maintain the facilities and contribute to the capital reserve is: **\$79,049.04**.
- **Annual assessment charge:** each of the **429** current development parcels shall be apportioned an equal share of the current development's total assessment for this zone as the special benefit derived by the individual parcels is indistinguishable from each other. The FY 2017 charge rate for current development parcels will be *reduced* from **\$379.42** in FY 2016 to **\$155.96** in FY 2017. Each of the **147** future development parcels shall be apportioned an equal share of the future development's total assessment for this zone as the special benefit derived by the individual parcels is indistinguishable from each other. The FY 2017 charge rate for future development parcels will be *reduced* from **\$200.94** in FY 2016 to **\$82.60** in FY 2017. These amounts are *below* the maximum base assessment, and are sufficient for maintaining levels of service and for keeping a reserve balance. In future years, if there is a need for additional funds, the assessment amount may be increased up to the maximum base assessment amount.
- **Reason for assessment decrease:** The assessment rate for FY 2017 is recommended to be *decreased* based on the City's analysis of the financial stability of the zone. The recommended assessment rate for FY 2017 will generate revenues that are adequate to pay for the expected level of maintenance, and to also maintain a prudent capital reserve.
- **Proposition 218:** Future increases in the assessment amount *above* the maximum base assessment amount would require the noticing and balloting of property owners per the

requirements of Proposition 218.

- Similar to the Eden Shores residential development (Zone 10), the Stonebrae HOA administers the operation and maintenance of the zone. The HOA invoices the City quarterly for reimbursement of authorized expenses thru the benefit district zone budget.
- The Stonebrae Homeowner's Association provides landscape maintenance for the zone, including one-time project/maintenance. In FY 2017, **\$21,000** has been budgeted for one-time project/maintenance, a significant decrease from the \$67,150 expenditure in FY 2016. In general, one-time projects may include landscape and plant upgrades and replacements, irrigation upgrades, along with improvements to the hardscape. If additional work occurs in FY 2017, it would be funded through capital reserves. In future years, if there is a need for additional funds, the assessment amount may be increased up to their maximum base assessment amount.

The following is a detailed description of the improvements that are being operated, maintained and serviced throughout the benefit zone:

- **Landscaping and irrigation:** of median, park strips, parkway improvements, and multi-use pathway improvements along Fairview Ave., Carden Lane, Hayward Blvd., Stonebrae Country Club Drive, and the access road to the City water tank;
- **Slope maintenance:** along Carden Lane, Fairview Ave., Hayward Blvd., and Stone Country Club Drive;
- **Wall maintenance:** of decorative walls facing Fairview Ave. and Hayward Blvd. but not including the view fence of the lots along Fairview Ave. This maintenance includes painting, cleaning, graffiti removal, and replacement of the improvements if needed;
- **Street and landscape lighting:** along Fairview Ave., Carden Lane, Hayward Blvd.; and along the frontage of the school at the intersection of Hayward Blvd/Stonebrae Country;
- **Club Drive and Carden Lane:** this maintenance includes electrical costs, and replacement of the improvements if needed;
- As part of the roadway modifications for the Stonebrae Development, the landscaped corner at Hayward Blvd. and Fairview Blvd., previously located in benefit Zone No. 3, was substantially reduced in size and modified. The modified corner provides a benefit for the residents of the Stonebrae Development and is visually a vital part of the entrance to the development. By agreement of the Stonebrae developer and the City and following consultation with the Prominence Landscape Committee (Benefit Zone No. 3), the corner was removed from Benefit Zone No. 3 and annexed into the Stonebrae Benefit Zone (Benefit Zone No. 11). The Stonebrae developer modified the corner as necessary to separate the irrigation and plantings so that the residents of Benefit Zone No. 3 can be assured that they are not bearing any of the future ongoing costs for the maintenance of this area.

- The project is proposed to be developed in multiple phases. The current development phase consists of **429** single-family parcels (increased from 364 in FY 2015). The future development phases will consist of the remaining **147** single-family parcels (decreased from 212 in FY 2015).

FY 2017 Assessment Amount per Parcel: \$194.97

The following is an overview of the FY 2017 zone assessment, along with a description of any one-time items budgeted in FY 2017:

- **Maximum base assessment amount:** was *increased* from the prior year's maximum base assessment amount of **\$189.26 to \$194.98** by applying the CPI-U for the San Francisco-Oakland-San Jose MSA (**3.02%** for the period February 2015 to February 2016).
- **Annual CPI increase:** the maximum base assessment amount *does increase* annually based upon the prior year's change in the CPI.
- **Assessment revenue:** the FY 2017 amount needed to operate and maintain the facilities and contribute to the capital reserve is: **\$50,887.17**.
- **Annual assessment charge:** each of the **261** parcels shall be apportioned an equal share of the total assessment for this zone as the special benefit derived by the individual parcels is indistinguishable from each other. The FY 2017 per parcel charge *will increase* from **\$189.26** in FY 2016 to **\$194.97** per parcel in FY 2017. This amount is *at* the maximum base assessment, and is sufficient for maintaining levels of service and for keeping a reserve balance. In future years, if there is a need for additional funds, the assessment amount may be increased up to the maximum base assessment amount.
- **Reason for assessment increase:** The assessment rate for FY 2017 is recommended to be *increased* based on the City's analysis of the financial stability of the zone. The recommended assessment rate for FY 2017 will generate revenues that are adequate to pay for the expected level of maintenance, and to also maintain a prudent capital reserve.
- **Proposition 218:** Future increases in the assessment amount *above* the maximum base assessment amount would require the noticing and balloting of property owners per the requirements of Proposition 218.
- In FY 2017, **\$500** has been budgeted for unforeseen additional work (e.g. repairs/replacement). If additional work occurs in FY 2017, it would be funded through capital reserves. In future years, if there is a need for additional funds, the assessment amount may be increased up to their maximum base assessment amount.
- In January 2016, the City met with Hayward Area Recreation and Park District (HARD) and agreed to reduce the annual maintenance cost. The amount for FY 2016 was **\$41,000**. The amount for FY 2017 is **\$31,000**.

The following is a detailed description of the improvements that are being operated, maintained and serviced throughout the benefit zone:

- The City of Hayward has an agreement with the Hayward Area Recreation and Park District (HARD) to maintain the Alden E. Oliver Sports Park which benefits parcels within this benefit zone. The annual assessment pays for a minor portion of the Sports Park maintenance cost and City administrative costs associated with managing the benefit assessment program for this benefit zone. Maintenance of the neighborhood serving features of the Alden E. Oliver Sports Park such as picnic tables, basketball courts, barbeque areas, soccer fields, etc.

Update: New Annexation to Zone 12 – Spindrift at Eden Shores Development (Tract 8148). On May 24, 2016⁷ the City Council approved the Notice of Intent to Levy Assessments and set the Public Hearing for receipt of ballots for June 21, 2016⁸ for the annexation of the Spindrift at Eden Shores project into existing Zone 12 of LLAD 96-1. The City Council approved the assessments for the annexation of zone 12 at their June 14, 2016 meeting. This annexation is not part of the determination of assessments for this Engineer's Report; however it will be incorporated into the annual Engineer's Report commencing next fiscal year, FY 2018. A total of **118** new lots are scheduled to be created and added to existing Zone 12 (Phase I, which was previously approved, created 66 new lots, while Phase II (project pending) is scheduled to approve 52 additional lots.) The approved 66 vacant lots are being assessed at **30%** of the maximum assessment (**\$58.49** per parcel) while vacant. Once homes are built and the Certificate of Occupancy is granted, the assessment will rise to an amount at or below the maximum assessment of \$194.97. The new additions to Zone 12 will be assessed in a manner similar to the existing 261 lots in Zone 12, which currently pay for the maintenance of improvements at the Alden E. Oliver Sports Park.

FY 2017 Assessment Amount per Parcel: \$361.00

The following is an overview of the FY 2017 zone assessment, along with a description of any one-time items budgeted in FY 2017:

- **Maximum base assessment amount:** was *increased* from the prior year's maximum base assessment amount of **\$1,074.04 to \$1,106.48** by applying the CPI-U for the San Francisco-Oakland-San Jose MSA (**3.02%** for the period February 2015 to February 2016).
- **Annual CPI increase:** the maximum base assessment amount *does increase* annually based upon the prior year's change in the CPI.
- **Assessment revenue:** the FY 2017 amount needed to operate and maintain the facilities and contribute to the capital reserve is: **\$216,239.00**.
- **Annual assessment charge:** each of the **599** parcels shall be apportioned an equal share of the total assessment for this zone as the special benefit derived by the individual parcels is indistinguishable from each other. The FY 2017 per parcel charge *will remain the same* as the FY 2016 amount of **\$361.00** per parcel. This amount is *below* the maximum base assessment, and is sufficient for maintaining levels of service and for keeping a reserve balance. In future years, if there is a need for additional funds, the assessment amount may be increased up to the maximum base assessment amount.
- **Proposition 218:** Future increases in the assessment amount *above* the maximum base assessment amount would require the noticing and balloting of property owners per the requirements of Proposition 218.
- In FY 2017, **\$42,800** has been budgeted for unforeseen additional work, including redeveloping the play area, trash cans, and doggie stations per the Cannery Place Homeowner's Association. If additional work occurs in FY 2017, it would be funded through capital reserves. In future years, if there is a need for additional funds, the assessment amount may be increased up to their maximum base assessment amount.
- In FY 2017, **\$3,000** has been budgeted for the maintenance of street lighting.
- In FY 2017, **\$5,000** has been budgeted for any required graffiti abatement of decorative concrete walls within the tract.

The following is a detailed description of the improvements that are being operated, maintained and serviced throughout the benefit zone:

- **Landscaping and irrigation:** of park strips and parkway within the development;
- **Surface maintenance:** of the decorative concrete walls within the tract. This maintenance includes painting, cleaning, graffiti removal, and minor surface repair; and
- **Park Maintenance:** approximately five (5) acres of park area which includes landscaping and irrigation and playground equipment and maintenance of a historic water tower within the development;
- **Maintenance:** of street trees;
- **Maintenance:** of street lights;
- **Maintenance:** of paved walkways;
- *The ownership and responsibility for the walls as structures remains with the individual property owners.*

Update: New Annexation to Zone 13 – Blackstone at the Cannery Development (Tract 7894). On May 17, 2016¹⁰ the City Council held a Public Hearing and approved the annexation of the Blackstone at the Cannery Project to Zone 13. Since the information was provided to the City Council as a separate action this year, this update is provided here as reference only, with the assessment information not being a part of this year’s report. The project created **157** new lots (133 new lots in Zone A, with a maximum assessment of \$407.86; and 24 new lots in Zone B, with a maximum assessment of \$428.25.) Since the lots are vacant at this time, they will be assessed at 30% of the maximum rate initially. Once homes are built and the Certificate of Occupancy is granted, the assessment will rise to an amount at or below the maximum assessment. The new addition to Zone 13 will pay for the maintenance and servicing of improvements to Panhandle Park, as well as perimeter and setback landscaping, irrigation, and lighting.

Notes: 1. Operating reserves are needed for future fiscal years because the City does not receive the property tax assessment revenue from the County until January, and then April, which makes it necessary to have cash in the bank in order to fund operations for the first six months (July - Dec). Amount is 50% of annual net revenue. 2. Capital reserves are needed in the event capital facilities need to be replaced because of natural disaster, failure, damage, etc., in accordance with our capital plan.

PART B
Estimate of Cost

The 1972 Act provides that the total cost of construction, operation, maintenance and servicing of the public landscaping, street lighting, open space facilities, parks, trails, etc. can be recovered by the District. Incidental expenses including administration of the district, engineering fees, legal fees and all other costs associated with the construction, operation, maintenance and servicing of the district can also be included.

The 1972 Act requires that a special fund be set up for the revenues and expenditures for the District. Funds raised by the assessments shall be used only for the purposes as stated herein. Any balance remaining on July 1 at the end of the fiscal year must be carried over to the next fiscal year.

The estimated FY 2017 *revenues and expenditures* for the proposed District are itemized by zone below:

For a detailed breakdown on the operation, maintenance and servicing costs for each Benefit Zone, refer to the budget in each of the zone descriptions.

PART C

Method of Apportionment of Assessment

Part 2 of Division 15 of the Streets and Highways Code, the Landscaping and Lighting Act of 1972, permits the establishment of assessment districts by agencies for the purpose of providing certain public improvements which include the operation, maintenance and servicing of landscaping and street lighting improvements.

Section 22573 of the Landscaping and Lighting Act of 1972 requires that maintenance assessments must be levied according to benefit rather than according to assessed value. This Section states:

"The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefit to be received by each such lot or parcel from the improvements."

The determination of whether or not a lot or parcel will benefit from the improvements shall be made pursuant to the Improvement Act of 1911 (Division 7 (commencing with Section 5000)) [of the Streets and Highways Code, State of California]."

Proposition 218 also requires that maintenance assessments must be levied according to benefit rather than according to assessed value. In addition, Article XIID, Section 4(a) of the California Constitution limits the amount of any assessment to the proportional special benefit conferred on the property.

Because assessments are levied on the basis of benefit, they are not considered a tax, and, therefore, are not governed by Article XIII A of the California Constitution.

The 1972 Act permits the designation of zones of benefit within any individual assessment district if "by reasons or variations in the nature, location, and extent of the improvements, the various areas will receive different degrees of benefit from the improvement" (Sec. 22547). Thus, the 1972 Act requires the levy of a true "assessment" rather than a "special tax."

Article XIID of the California Constitution provides that publicly owned properties must be assessed unless there is clear and convincing evidence that those properties receive no special benefit from the assessment. Exempted from the assessment would be the areas of public streets, public avenues, public lanes, public roads, public drives, public courts, public alleys, public easements and rights-of-ways.

Zone Classification

Each benefit zone is unique and distinguishable from other benefit zones located within the District. Each benefit zone is evaluated to determine which improvements are of a specific and direct benefit to the parcels in that benefit zone. Once the improvements have been identified, a method of spreading those costs to the benefiting parcels was developed.

As certain subdivisions develop throughout the City of Hayward, they may be annexed into an existing zone or there may be a new zone formed. Each new subdivision is evaluated to determine which improvements are of a specific and direct benefit to the parcels within the subdivision and then a determination is made whether to annex them into an existing zone or whether to form a new zone. The parcels, which benefit from the improvements, are identified and a benefit assessment spread methodology is developed to spread the costs of the improvements to the benefiting parcels.

Details of the various zones in the District, their corresponding number of parcels in each benefit zone, and the method of apportioning the costs of the improvements are located in the zone description section.
