Their goals are to practice their presentation in front of the commission and the cabinet in January. They will also be compiling a list of events from people at our respective schools, Hayward, and other areas for service events. They will be using Twitter and Instagram as their social media platforms and they made a group chat.

d. Survey group: The survey group informs the commission that they will be taking last year's surveys and make them more detailed. In the surveys, they will focus on collecting data on the things in Hayward and what people want. They will also be taking suggestions for their survey. They will also have a group chat to make changes for their survey and will have everything ready by the next meeting to get feedback. Their goal is to have the survey out by December 5. They plan on sending their survey out using google forms and if there is time, they will send paper surveys as well.
