

**DATE:** April 30, 2019

**TO:** Mayor and City Council

**FROM:** Development Services Director

**SUBJECT:** Approval of Final Map Tract 8439 for 59 Townhomes (Hideaway-Ersted)  
Located South of the New Tennyson Road Extension Between Mission  
Boulevard and Vista Grande Drive

### **RECOMMENDATION**

That the City Council adopts the attached resolution (Attachment II) approving Final Map 8439, finding it in substantial conformance with the approved Vesting Tentative Tract Map 8439 and the Conditions of Approval thereof, and authorizing the City Manager to take other administrative actions and execute a Subdivision Agreement and such other documents as are appropriate to effectuate the required improvements for the development.

### **SUMMARY**

The Applicant has submitted a Final Map and Improvement Plans that have been reviewed and determined to be in substantial compliance with the approved Vesting Tentative Map for Tract 8439 by the City Engineer. City Council's approval of the attached resolution would approve the Final Map and authorize the City Manager to execute a Subdivision Agreement between the City and Applicant for the construction of improvements and other obligations required per conditions of approval of the Vesting Tentative Tract Map.

If the City Council approves the Final Map, the applicant will have the final map recorded, obtain construction permits, and commence the construction of improvements shown on the approved Improvement Plans.

### **BACKGROUND**

Per State law, Tentative Tract and Final maps are required for all subdivisions creating five or more parcels. A Tentative Tract Map is required to ensure that any proposed development complies with the Subdivision Map Act, the California Environmental Quality Act, Planned Development guidelines, the City Subdivision Ordinance, Zoning Ordinance, Building Regulations, the Hayward General Plan and Neighborhood Plans, and the site-specific requirements of the Development Services, Public Works, Fire, and Police Departments.

After the Tentative Map and Precise Plan are approved, the Applicant submits the Final Subdivision Map and Improvement Plans for review and approval by the City Engineer (and subsequent recordation of the Final Map after Council review and approval) before proceeding with obtaining grading and building permits for the construction of improvements. The developer is also required to file a Tentative Map and Final Map so that the 59 townhomes may be sold individually.

On October 16, 2018, Council approved the Vesting Tentative Tract Map and other discretionary approvals to subdivide the properties and build 59 townhomes. The Vesting Tentative Map expires on October 16, 2021.

The applicant initially filed Improvement Plans and the Final Map with the City Engineer for review and approval on October 25, 2018.

## **DISCUSSION**

Tract 8439 is located across two (2) parcels totaling 17.23-acres on a site south of the New Tennyson Road Extension between Mission Boulevard and Vista Grande Drive (see Attachment III - Tentative Map). The project consists of 59 townhome residences at this location.

The Subdivision Improvement Plans and Final Map (Attachment IV) were reviewed by the City Engineer and were found to be in substantial compliance with the Vesting Tentative Map and in conformance with the Subdivision Map Act and Hayward's subdivision regulations. There are no significant changes to the Final Map as compared to the approved Vesting Tentative Tract Map.

The City Council's approval of the Final Map shall not become effective until and unless the developer enters into a Subdivision Agreement with the City for the construction of improvements and other obligations required per the conditions of approval of the Vesting Tentative Tract Map.

On October 16, 2018, the Hayward City Council adopted a Mitigated Negative Declaration with Mitigation Monitoring and Reporting Program for the project and no additional environmental review is required for approval of the Final Map.

## **ECONOMIC AND FISCAL IMPACT**

The Final Map approval is consistent with the approved project and the Final Map approval will not have any fiscal or economic impacts other than those identified during the original project approvals.

## **STRATEGIC INITIATIVES**

This agenda item supports the Complete Communities Strategic Initiative. The purpose of the Complete Communities initiative is to create and support structures, services, and amenities

to provide inclusive and equitable access with the goal of becoming a thriving and promising place to live, work and play for all. This item supports the following goal and objectives:

Goal 2: Provide a mix of housing stock for all Hayward residents and community members, including the expansion of affordable housing opportunities and resources.

Objective 2: Facilitate the development of diverse housing types that serves the needs of all populations.

Objective 3: Conserve and improve the existing housing stock.

### **PUBLIC CONTACT**

A public hearing is not required for the filing of the Final Map for Tract 8439. Public hearings were already conducted as part of the approval of the Vesting Tentative Map application for Tract 8439.

### **NEXT STEPS**

If the City Council approves the Final Map, the applicant will have the final map recorded, obtain construction permits, and commence the construction of improvements shown on the approved Improvement Plans.
