Dear Hayward City Council, KHCGTF members,

Due to recent changes in my job, I may not be able to actively contribute to volunteering activities or discussions of 'Keep Hayward Clean and Green Task Force'. I would like to make this seat available to other residents who can contribute to Task force discussions and make best use of this opportunity. So I would like to offer my resignation from the KHCGTF with immediate effect.

I do plan to participate in the volunteering activities organized by the city of Hayward, as time permits.

Regards,
Pekon
