

## URBAN INFILL HOUSING CEQA EXEMPTION CHECKLIST

Development Service Department • 777 B Street Hayward, CA 94541

**Eligibility Worksheet** – Below are eligibility requirements for the Urban Infill Housing Statutory Exemption from the California Environmental Quality Act (CEQA) in accordance with California Public Resource Code Section 21080.66. Please indicate whether the proposed project meets these standards by filling in the blanks and circling “YES”, “NO” or “N/A” for each section. In order to be eligible for this exemption, the proposed project must meet all applicable eligibility requirements and complete the required tribal engagement.

| Does the proposed project meet the following eligibility requirements?                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          | Compliance<br>(Check One)                                                                                         |

| <p>1. <u>Housing Development</u>: Is the project a housing development project as defined in California Government Code Section 65905.5(b)?</p> <p>Project Description:</p> <div style="border: 1px solid black; height: 60px; width: 100%;"></div>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             | <p><b>Yes</b>    No</p>                                                                                           |
| <p>2. <u>Project Site Size</u>: Is the project site not more than 20 acres?</p> <p>Site Size: ____ acres</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    | <p><b>Yes</b>    No</p>                                                                                           |
| <p>3. <u>Density</u>: Does the project have a minimum density of 15 dwelling units per acre? The minimum density shall be half the density specified in California Government Code 65583.2(c)(3)(B).</p> <p>Density: ____ dwelling unit per acre</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            | <p><b>Yes</b>    No</p>                                                                                           |
| <p>4. <u>Urban Infill</u>: Does the project site meet at least one of the following criteria? Urban uses shall include any current or previous residential or commercial development, public institution, or public park that is surrounded by other urban uses, parking lot or structure, transit or transportation passenger facility or retail uses, or any combination of those uses.</p> <p>a. Was the site previously developed with an urban use?</p> <p>b. Does at least 75 percent of the perimeter of the site adjoins parcels that are developed with urban uses? The term “adjoins” shall include parcels that are only separated by a street, pedestrian path or bicycle path.</p> <p>c. Is at least 75 percent of the area within a ¼ mile radius of the site developed with urban uses?</p> <p>d. For sites with four sides, at least three out of four sides are developed with urban uses and at least 2/3 of the perimeter of the site adjoins parcels that are developed with urban uses.</p> <p>Description of previous and/or current surrounding development:</p> <div style="border: 1px solid black; height: 60px; width: 100%;"></div> | <p><b>Yes</b>    No</p> <p><b>Yes</b>    No</p> <p><b>Yes</b>    No</p> <p><b>Yes</b>    No</p> <p><b>N/A</b></p> |
| <p>5. <u>Transient Lodgings</u>: Does the project include a hotel, motel, bed and breakfast inn or any other transient lodging? This does not include residential hotels as defined in California Health and Safety Code Section 50519.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     | <p>Yes    <b>No</b></p>                                                                                           |
| <p>6. <u>Zoning and General Plan Compliance</u>: Is the project consistent with the applicable general plan and zoning ordinance? Note, if the zoning and general plan are not consistent with one another, the project only needs to be consistent with one.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               | <p><b>Yes</b>    No</p>                                                                                           |
| <p>7. <u>Historic Structure Demolition</u>: Does the project require the demolition of an historic structure that was placed on a national, state or local historic register before a SB 330 preliminary application was filed for the project?</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             | <p><b>Yes</b>    No</p>                                                                                           |

|                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |                                                                                                                                                                                                              |

## Your Responsibility Area

This property is in **Local Responsibility Area (LRA)**, meaning the financial responsibility of preventing and suppressing wildfires is primarily the responsibility of a Local agency (city, county, city and county, or district).

View additional information about your local jurisdiction below.

## Your Recommended Fire Hazard Severity Zone

The geographic center of this parcel is located in an area that the State Fire Marshal has identified as having no Fire Hazard Severity Zone in Local Responsibility Area, per Government Code section 51178. Please inspect the map visually to determine if other zone recommendations exist in your parcel.

Local jurisdictions are currently reviewing the recommended FHSZs in LRA prior to adoption; the final adopted zones may differ from what is currently shown on this map.
