

CONVERSATIONS WITH THE CITY MANAGER

We heard in the Employee Engagement Survey that you feel disconnected from executive leadership. The City Manager agrees and wants to change that. This month, she will be coming to your worksite for the first of several Conversations with the City Manager. The goal of these sessions will be to listen to you and to discuss aspects of the survey results that are interesting or important to both you and her. All employees are welcome at any of these conversations, regardless of their usual worksite.

DATES, TIMES, AND LOCATIONS ARE LISTED BELOW!
