

CLARK COUNTY DEPARTMENT OF AVIATION

**PREMIER CORPORATE
AVIATION AIRPORT**

YOUR GATEWAY TO LAS VEGAS

ABOUT HND

To help meet the growing demand for aviation facilities and services in Southern Nevada, the Clark County Department of Aviation invested more than \$30 million in Henderson Executive Airport to create a premier corporate aviation facility and an attractive, convenient and economical alternative to McCarran International Airport.

The facilities at HND are tailored to the discriminating general aviation pilot and corporate client. As a primary reliever airport to busy McCarran, HND provides all the necessary services and amenities to make your trip pleasant and convenient.

The airfield has the capacity and runway length to meet the needs of virtually all general aviation aircraft, saving precious time and money for those choosing HND. A beautifully appointed terminal building opened on June 13, 2006, providing a seamless transition between aircraft and ground transportation. A new stand-alone air traffic control tower and 95 private aircraft storage hangars have also been placed into service.

Beyond 2007, there will be significant development of additional commercial facilities and the phased construction of up to 100 large corporate hangars with attached offices.

VG

North Las Vegas Airport

CLARK COUNTY
DEPARTMENT OF AVIATION

Nevada's Premier General Aviation Airport

More than \$40 million has been invested in North Las Vegas Airport to create a modern state-of-the-art facility that caters to your needs.

Convenience

Located just minutes from Downtown and the world famous Las Vegas Strip, this airport is an ideal alternative to busy McCarran International Airport and has been designed with your schedule in mind. Three runways allow for efficiency and taxi time is brief. Our staff's mission is to get you on your way as quickly and safely as possible.

Professional Service

Think of our Customer Service staff as your personal concierge. Each has received NATA Customer Service Training to better anticipate your needs. Whether you are here for business or pleasure, our experienced employees are here to accommodate you, no detail is too small.

Our Professional Line Technicians are trained to the NATA Safety 1st program standards and are prepared to professionally assist you and service your aircraft. Your limousine or rental car will be ready when you are, or take advantage of our complimentary shuttle service.

Value

There are no landing or ramp fees at the airport and we offer some of the most competitive fuel prices in the West. Save on avgas at our 24-hour self-service fuel island or on jet fuel with our volume discount program.

On your next trip to the Las Vegas area, try North Las Vegas Airport, Nevada's premier general aviation facility.

Five Star Facility

Inside, relax in the comfort of our modern terminal building modeled after the adobe structures of the Old West. We offer a host of amenities, including:

- A modern flight planning room with WSI products and separate DUATs capabilities
- Free Wi-Fi capability throughout the terminal
- A comfortable pilot lounge with satellite TV
- Complimentary coffee, ice and refrigerated food storage
- A full-service restaurant with a view of the airfield
- A conference room for on-site meetings
- On-site car rental
- Large community meeting room

Other features designed for general aviation pilots and their passengers include:

- FAA Level II control tower
- Runway 12L Instrument Landing System
- Runway 12R GPS approach
- A 24-hour avgas self-service fuel island
- Jet A fuel from 0600 to 2200 daily
- Round-the-clock security presence
- A perimeter fence with automatic gates
- Acres of ramp space
- Special hotel rates for pilots

DISCOVER MONTGOMERY COUNTY AIRPARK

Serving the Washington, DC Area

On your next trip to the Washington, DC Area,

discover the airport with easy access, fast, friendly service, and competitive prices - Montgomery County Airpark (GAI).

Montgomery County Airpark has been designed with your busy schedule in mind. Unlike some Washington airports, slot reservations, curfews, and airline congestion are never a problem.

Ground time is kept to a minimum. Aircraft parking is close to the terminal. With prior notice, your rental car will meet you right at the airplane, and you're off. I-270 is minutes away.

Located in Washington's northern suburbs, Montgomery County Airpark is close to both government and business centers. Nineteen federal agencies are within 20 minutes or so of the airport, including the prestigious National Institutes of Health, the Food and Drug Administration, and the National Institute of Standards and Technology.

Montgomery is also closer than any other airport to the corporate and regional headquarters of companies such as Marriott, IBM, Vitro, Martin Marietta, and hundreds of other firms in the I-270 Technology Corridor.

Much of the airport is newly renovated. Passengers are greeted by a terminal with bright lobby areas and a full-service restaurant. Pilots enjoy a new, comfortable pilot lounge and weather briefing

room. A new perimeter security fence is in place, as well as new fueling facilities. Many other improvements are planned.

Most of all, you'll save money at Montgomery County Airpark. Unlike our competition, there are no landing fees imposed on general aviation aircraft. Fuel is competitively priced, and volume discounts are available. Two national hotel chains extend special discounts to pilots and passengers, and free hotel shuttle service is provided.

All of the amenities. None of the hassles. And at less cost. Discover Montgomery County Airpark.
