PUBLIC COMMENTS

The Public Comment section provides an opportunity to address the City Council on items not listed on the agenda or Information Items. The Council welcomes comments and requests that speakers present their remarks in a respectful manner, within established time limits, and focus on issues which directly affect the City or are within the jurisdiction of the City. As the Council is prohibited by State law from discussing items not listed on the agenda, items will be taken under consideration and may be referred to staff.

CITY MANAGER'S COMMENTS

An oral report from the City Manager on upcoming activities, events, or other items of general interest to Council and the Public.

ACTION ITEMS

The Council will permit comment as each item is called for the Consent Calendar, Public Hearings, and Legislative Business. In the case of the Consent Calendar, a specific item will need to be pulled by a Council Member in order for the Council to discuss the item or to permit public comment on the item. Please notify the City Clerk any time before the Consent Calendar is voted on by Council if you wish to speak on a Consent Item.

CLOSED SESSION ANNOUNCEMENT

The City Council convened in closed session at 5:30 p.m., with all members present and no public comment, regarding two items: (1) annual performance evaluation of the City Clerk pursuant to Government Code section 54957; and (2) conference with property negotiators pursuant to Government Code section 54956.8 regarding Master Lease Renewal - Hayward Area Recreation and Park District; 28846 Bay Heights Rd, N Third St at Crescent Ave, 27020 Fielding Dr, 19501 Hesperian Blvd, 26780 Chiplay Ave, 22325 N 3rd St, 30504 Vanderbilt St, 27182 Patrick Ave, 275 Industrial Parkway West, Farm Hill Dr and Daisy Ct, N 3rd St and Crescent Ave, Colette St & Luvena Dr, Ward Creek Canyon, Eden Ave & Middle Ln, 27600 Decatur Way, Dickens Ave and Folsom Ave, 25610 Spring Dr, Stratford Rd & Canterbury Ln, Hamrick Ln and Rieger Ave, E 10th and Jefferson St, 301 Arrowhead Way, Santa Clara St and Winton Ave, 275 Goodwin St, 2580 Eden Park Pl, Tahoe Ave and Morningside Dr, 27798 Ross Pl, Panjon St and Huntwood Ave, 24176 Mission Blvd, Leonardo Way and Reed Way, 2841 Seahaven Ct, 22737 Main St, Bush Ln, 25625 Cypress Ave.

Senior Assistant City Attorney Vigilia reported that Council discussed both items on the agenda and took no reportable action. The closed session adjourned at 6:32 p.m.

PUBLIC COMMENTS

Ms. TJ, Hayward Concerned Citizens representative, retracted her comments expressed during the February 21, 2023 Council meeting about public comments not being captured in the December 6, 2022 Council minutes, and noted it was brought to her attention that the comments were appropriately noted in minutes.

Mr. Vladimir Balazoza, owner of El Causa Peruvian food truck operating at the Hayward Ranch site, shared that his business was given twenty days to vacate the area, and requested Council's consideration to allow his business to continue to operate or an extension to vacate.

Mr. Ralph Farias shared the City's Planning Division had issued a 30-day notice to vacate businesses leasing at the Hayward Ranch property, urged for a Zoning ordinance amendment

that would allow small businesses to continue to operate until the property owner finalizes plans for the site; and underscored the importance of returning foot traffic to downtown and remaining competitive with neighboring cities.

Mr. Rusty Fox, Hayward Ranch Property Manager, expressed support for the food truck businesses leasing space at the property noting the economic and safety benefit to downtown; and added that the current use was not permanent as the property owner had plans to develop the site.

Mr. Ivan Medina, via a Spanish interpreter, indicated he was the owner of Tacos El Camara food truck, requested that Council reconsider the decision to vacate businesses at the Hayward Ranch property; and added that businesses keep the area clean and the operations at the site prevent the congregation of homeless individuals.

Ms. Reena Johl, Hayward property owner, spoke about the challenges she had with tenants who were not paying rent and were causing damage to her property, acknowledged that the County eviction moratorium was about to expire, and urged the Council to consider protections for tenants and landlords.

Council Member Márquez acknowledged Mayor Pro Tempore Andrews in honor of Black History Month and as the first Black African American woman elected to the City Council and presented her with a bouquet of flowers. Mayor Pro Tempore Andrews thanked all for the recognition.

CITY MANAGER'S COMMENTS

City Manager McAdoo noted that COVID-19 state of emergency for California, Alameda County and Hayward was ending February 28, 2023; stated that the City's committee, commission and task force meetings were resuming in-person meetings with limited exceptions and hybrid participation available for some meeting bodies; added the City's new solid waste and recycling contract with Alameda County Waste Management starts March 1, 2023; and shared that unleaded aviation fuel was now provided for at the Hayward Executive Airport.

CONSENT

Mayor Salinas announced that Consent Item 3 was continuing to the March 21, 2023 Council meeting. Consent Items No. 1, 2, 4, 5, 6, and 7 were removed from the Consent Calendar for comment and separate vote.

1. Adopt a Resolution Approving Plans and Specifications and Call for Bids for the FY23 Pavement Improvement Project No. 05240 **CONS 23-082**

Staff report submitted by Public Works Director Ameri, dated February 28, 2023, was filed.

Staff report submitted by Director of Public Works Ameri, dated February 28, 2023, was filed.

In response to Council Member Syrop's inquiry about keyway funding, any impact to the construction of the park, and whether the developer of the landscape and lighting district would pay for the changes, City Manager McAdoo noted keyways were required to help facilitate the development on the Caltrans Parcel Group 3, and help build the park, noted City staff was working with Hayward Area Recreation and Park District (HARD) to figure out funding options for keyways, and ongoing maintenance could potentially be funded through a Geologic Hazard Abatement District (GHAD) which Parcel Group 3 would be required to join.

In response to Council Member Goldstein's inquiry if there were more recent conversations with HARD about the changes in the budget, City Manager McAdoo shared that she was in communication with the General Manager and Public Works staff was in communication with HARD staff regarding capital planning and the funding agreement for La Vista Park.

6. Adopt a Resolution Authorizing the City Manager to Execute an Agreement with Galls to Purchase Point-Blank (Origin) Ballistic Body Armor for Hayward Police Department Special Response Unit Members, in an Amount-Not-to-Exceed \$130,000 **CONS 23-109**

Staff report submitted by Acting Chief of Police Matthews, dated February 28, 2023, was filed.

Council Member Syrop received confirmation that funds for the purchase of body armor would come from monies allocated to Hayward Police Department (HPD) from the City's Capital Improvement Program (CIP). In response to Council Member Syrop's question about ballistic vests, Acting Chief Matthews explained they have a five-year warranty and are issued when onboarding staff and replaced five years thereafter.

Council Member Syrop spoke about the research he conducted on expired bulletproof vests and noted that the five-year warranty by the manufacturer was a way to continue to have agencies purchase their product; added that \$130,000 was sufficient to fund a staffing position with benefits to provide community services; referenced the 2/21 Council packet noting that approximately \$70,000 in grant funding was accepted from the Alameda County Sheriff's Office for operations; and expressed reservations about staff's proposed recommendation.

Council Member Zermeño thanked Acting Chief Matthews for the information, underscored that the ballistic vests were for the safety of officers and moved the item per staff recommendation. Council Member Goldstein seconded the motion.

8. Cannabis Regulations Revised Ordinance: Introduction of an Ordinance Amending Article 14, Chapter 6 of the Hayward Municipal Code Regarding Commercial Cannabis Businesses by Amending Section 6-14.13 Relating to Commercial Cannabis Permit Applications, Amending Section 6-14.14 Relating to Operating and Performance Standards and Adding Section 6-14.18 Relating to Enforcement; Finding that this Action is Subject to CEQA Common Sense Exemption LB 23-009

Staff report submitted by City Attorney Lawson, dated February 28, 2023, was filed.

Senior Assistant City Attorney Vigilia provided a synopsis of the staff report.

Discussion ensued among members of the City Council and City staff regarding: the first cannabis violation would be set at \$5,000 and the penalty amount would increase for subsequent violations up to \$15,000; a violation for establishments operating outside of the conditions of the approved license and the proposed penalties provided an additional enforcement tool that could be applied in addition to any criminal activities; the fees were non-refundable as there was uncaptured cost and unreimbursed time; the 2021 update included a provision that any change in branding or any change of mode or character of operation would require City approval; the process to obtain a cannabis license to operate in the city was explained; the updated ordinance was not too different from what the state requires in terms of background checks; calls for service for HPD and Code Enforcement were stemming from illegal operations and the proposed penalty structure was to serve as a deterrent; the \$2,500 fee covers the cost of staff review which includes hiring an outside consultant that has expertise to guide staff and ensure the City gets solid operators; in terms of land use entitlements, there are certain expirations protected in the Hayward Municipal Code that give certain time limits to vest before they expire; staff confirmed that Garden of Eden is not located in Hayward and was within Alameda County's jurisdiction; and Code Enforcement tracks complaints, especially for illegal cannabis, and has not received any reports related to activities outside of active cannabis shops, and has a way to monitor and conduct enforcement.

Council Member Andrews suggested that staff explore specific restorative justice programs with respect to enforcement and partner with the Keep Hayward Clean and Green Task Force or other community service groups to benefit the community.

There being no public comment, Mayor Salinas opened and closed the public hearing at 8:03 p.m.

Council Member Márquez made a motion to approve staff recommendation. Council Member Roche seconded the motion.

Council Member Syrop concurred with Council Members Andrews' suggestion about a restorative justice approach; was reluctant to vote in favor of the ordinance without further violation data from HPD; was concerned the ordinance would continue to punish cannabis retailers who lack capital to create official brick and mortar businesses; noted the state background check was another discriminatory practice against individuals who have a record due to building a market for cannabis; and preferred approving the ordinance after it is adjusted to be more proactive with developing entrepreneurs who may be violating the law currently, and with the City's support, may be able to support the City through tax revenue.

Council Member Andrews asked if the maker of the motion would consider a friendly amendment for staff to consider review of restorative justice elements as an alternative response to violations and consider working with the Economic Development Division to create an infographic on how to submit a permit application.

Tuesday, February 28, 2023, 7:00 p.m.

In response to Council Member Marquez's request for clarification on the timeline, Council Member Andrews was agreeable for staff to explore and return to Council in six months with updates.

Council Member Márquez and Council Member Roche were amenable to the friendly amendment.

It was moved by Council Member Márquez, seconded by Council Member Roche, and carried by the following roll call vote, to approve the introduction of the ordinance with a friendly amendment for staff to consider a review of restorative justice elements as an alternative response to violations and to consider working with the Economic Development Division to create an infographic on how to submit a permit application; and return to Council in six months with updates.

COUNCIL REPORTS AND ANNOUNCEMENTS

In response to Council Member Roche's inquiry if a thirty-day extension for the food truck businesses operating at the Hayward Ranch property was an option, City Manager McAdoo noted the use was permitted during COVID-19's state of emergency provisions and current Zone regulations do not allow temporary use permits for longer than one year; and noted that some of the concerns raised would be addressed in the street vendor ordinance. Council Member Roche favored continued communication about the matter and supported an opportunity to extend allowing food trucks if the Hayward Ranch property owner encountered delays developing the site.

Council Member Márquez spoke about her attendance, along with Council Member Andrews, at the Oscar Grant Foundation Gala on February 25, 2023.

Council Member Andrews mentioned the Tri-City Delta Sigma Theta Sorority was having a listening session for African American students and parents grades six through twelve on March 18, 2023 at the Hayward downtown library.

Council Member Zermeño shared that Chabot College Men's Basketball team had qualified for the California Community College Championship Tournament and congratulated Chabot College.

Council Member Syrop shared that on February 24, 2023, HARD, HUSD and the Deputy Sheriff's Activity League worked together to open a futsal court at Cherryland Elementary School for the community to use and play.

Council Member Andrews commented that February 28, 2023, marked the last day of Black History Month and acknowledged that March was Women's History Month.

COUNCIL REFERRALS

There were none.

ADJOURNMENT

Mayor Salinas adjourned the City Council meeting at 8:29 p.m., in memory of longtime City employee Louis Jordan, former Public Works employee Majid Hafezieh and Alameda County Supervisor Richard Valle.

Mr. Louis Jordan worked for the City of Hayward for twenty-nine years, was the first African American employee to retire from active duty from the City, had volunteered for many hours as a member of the Northern California Chapter of the Boys and Girls Club, was active in other community service organizations, and highly revered and respected by staff.

Mr. Majid Hafezieh, started working for the City of Hayward in 1990 as an Assistant Engineer, later as an Associate Engineer, and promoted to Acting City Traffic Engineer until he retired in 2018, throughout his career he worked on every major traffic and road project in the City, and was well liked by his colleagues.

Mayor Salinas shared that on February 25, 2023, individuals in Alameda County gathered at the Union City Veterans Memorial to honor the contributions and the memory of Alameda County Board Supervisor, District 2, Richard Valle. Council Members shared fondly memories about his character and dedication to the community and expressed thoughtful comments about the legacy Supervisor Valle left for the community through his commitment toward service on the County Board, Tri-CED Community Recycling, and Raising Leaders among other initiatives. Council Member Zermeño suggested considering naming the future Stack Center after Supervisor Valle as he had started the project.

The City Council meeting was called to order by Mayor Salinas at 7:02 p.m. The City Council held a hybrid meeting in the Council Chambers and virtually via the Zoom platform.

CALL TO ORDER: Mayor Salinas

Pledge of Allegiance: Council Member Márquez

Present: COUNCIL MEMBERS Andrews, Goldstein, Márquez, Roche, Syrop, Zermeño

MAYOR Salinas

Absent: None

CLOSED SESSION ANNOUNCEMENT

The City Council convened in closed session at 5:30 p.m., with all members present and no public comment, regarding the annual performance evaluation of the City Clerk pursuant to Government Code section 54957. Mayor Salinas noted there was no reportable action and the meeting adjourned at 6:05 p.m.

PRESENTATION

Mayor Salinas read a proclamation declaring March 2023 as American Red Cross Month in the City of Hayward and presented it to Mr. Michael Gregory who accepted such honor on behalf of the American Red Cross Bay Area Chapter, Alameda County Leadership Council.

PUBLIC COMMENTS

Ms. TJ, Hayward Concerned Citizens representative, referenced the 2/28 Council item related to the approval of ballistic body armor for Hayward Police Department's Response Unit members and expressed support for allocating \$130,000 and not withholding on public safety.

Ms. Peggy Guernsey expressed concern that when an item is assigned to a staff member, residents cannot offer input because there is limited collaboration, and urged for more public participation.

CITY MANAGER'S COMMENTS

There were none.

Mayor Salinas opened public comment at 7:15 p.m.

Ms. Peggy Guernsey inquired if the proposal allowed for input regarding public landscapes and their maintenance and noted that a plant similar to acacia causes allergies and requested that the Landscaping Division look into it.

Mayor Salinas closed public comment at 7:18 p.m.

City Manager McAdoo indicated the project had already gone through the design process.

In response to Council Member Syrop's inquiry about an analysis of health issues that might occur prior to recommending projects, City Manager McAdoo noted that selection of plants is based on arborist recommendations and added that staff can look into whether plants included in the project are allergenic.

Council Member Roche made a motion to approve the staff's recommendation and Council Member Márquez seconded the motion.

Council Member Márquez noted that concerns expressed by Ms. Guernsey could be addressed at a future Council Infrastructure Committee meeting.

Council Member Andrews noted she looked forward to learning more about landscaping opportunities.

PUBLIC HEARING

6. Alcoholic Beverage Regulations Update: Adopt a Resolution Amending Chapter 10, Article 1, Section 10-1.2750 (Alcoholic Beverage Outlets) of the Hayward Municipal Code to Make Updates to the Regulations Governing Alcoholic Beverage Outlets Throughout the City, and Finding that the Action is Exempt from CEQA Review and Introducing an Ordinance Codifying the Amendments **PH 23-013**

Staff report submitted by Acting Development Services Director Buizer, dated March 7, 2023, was filed.

Acting Development Services Director Buizer announced the item and introduced Associate Planner Kowalski who provided a synopsis of the staff report.

Discussion ensued among members of the City Council and City staff regarding: food trucks would not satisfy the food requirement for a separated kitchen and bar on the same premises; happy hour times and proposed modification from 4pm-9pm to 3pm-8pm reflected feedback received from the business community and the Hayward Police Department (HPD) was involved in crafting the amendments and did not offer any objections; if a restaurant was no longer a component at a particular premise that had a bar, under the City's current regulations, a standalone bar would be subjected to a conditional use permit and staff would work with the entity to bring them into compliance before following up with enforcement action; the City would work in partnership with the State Department of Alcoholic Beverage Control (ABC) to enforce liquor license requirements and any local regulations for alcohol establishments; the proposed regulations were heard by the Council Economic Development Committee (CEDC) in September 2022 and outreach was done to businesses citywide; the process for a new business to secure an ABC license; it was noted that no establishment's license had been revoked or suspended in the last two years; the proposed was a modern concept throughout the nation where a brewery entrepreneur handles the beer production, sales and tasting elements and partners with a bona fide restaurateur that operates a standalone kitchen; existing regulations have precluded a number of microbreweries considering Hayward their next home and updating current regulations would give the City an equal footing with neighboring communities that do not have stringent requirements; Economic Development would reengage businesses that shared that current regulations posed a barrier to their entry into the market; and it was clarified that the proposed regulation was for full-service or standalone kitchen attached to the ground located on the same premise as the bar.

Mayor Salinas opened the public hearing at 7:49 p.m.

Ms. Peggy Guernsey was concerned that the earlier timeframe coincided with the time schools get out, did no appreciate comments that the earlier happy hour timeframe would be of benefit to underpaid teachers, noted the Hayward Chamber of Commerce did have an opinion, and urged that the ratio of food-to-alcohol sales remain at 60:40.

Mr. Eric Yeverino, Dirty Bird Lounge owner, supported the proposed amendments, and recognized that most bars which previously served just alcohol now sell food to remain competitive in the market, and stated that restaurants make their profits on alcohol sales.

In response to Council Member Márquez's inquiry as to what makes an effective restaurant business model, Mr. Yeverino noted that good management includes sound decision-making and encourages a clean model.

In response to Council Member Zermeño's inquiry about thoughts on the proposed changes to happy hour, Mr. Yeverino indicated that happy hour should be reflective of the establishment goals.

Mayor Salinas closed the public hearing at 7:58 p.m.

Members of the City Council thanked public members for their input and staff for the staff report.

In response to Council Member Andrews' inquiry as to what happens if an establishment has too many inebriated customers or high arrest numbers, Detective Wright responded that patrol officers would make arrests, connect with ABC and the owner of the establishment, and the worst-case scenario would include revoking a business license.

Council Member Zermeño shared that his family was successful operating a restaurant and bar for twenty-five years due to good cooking, loyalty by customers, alcohol sales, and taking responsibility for securing transportation for intoxicated customers; expressed that the proposed updates would benefit the City by allowing more businesses to open; supported having a microbrewery and kitchen next to the Bank of the West location which sat vacant since 1960; recommended that staff conduct a poll as to the need for happy hour; favored having specify language informing patrons how to secure transportation; and made a motion to approve staff recommendation.

Council Member Syrop seconded the motion noting the proposed happy hour modification was reasonable; noted the innovative proposal would allow several small businesses to develop and build a name for themselves at a time when rents were high; stated that third spaces provide a place to socialize for those of legal drinking age; and offered a friendly amendment to remove the 60:40 ratio of food to alcohol sales noting the ratio was

unattainable by most restaurants and underscored the need for a realistic ordinance to align with other cities in the region.

Council Member Zermeño was amenable to removing the food to alcohol sales ratio and wanted to hear from his colleagues.

Associate Planner Kowalski clarified an earlier public comment by indicating the proposed ordinance amendments would apply to restaurants throughout the city.

Council Member Roche expressed the proposed amendments were innocuous to current establishments and were innovative to spur economic development; however, she was concerned about the friendly amendment and thought it needed more exploring to avoid disrupting what was in place with current establishments.

Discussion ensued about the proposed friendly amendment to remove the food to alcohol ratio.

Council Member Roche supported the staff recommendation and proposed ordinance amendments but did not support the friendly amendment.

In response to Council Member Andrews' inquiry for specific language in the ordinance about information for patrons on safe transportation alternatives to get home, City Manager McAdoo cautioned against including specific language other than asking the Police Chief to determine how to roll out the program as transportation methods may change.

Council Member Andrews expressed the model of food service delivery was changing; noted that sometimes establishments take a long time to get started and the proposal provided them an opportunity to practice their skill, establish themselves and bring new businesses to Hayward; and supported innovative thinking that would support economic development.

Council Member Márquez expressed she supported the staff recommendation but not the friendly amendment due to concerns about process and transparency, and did not feel comfortable adopting something that was a substantial change and not in line with what was published in the report; stated it would be fair and reasonable to revisit the friendly amendment at a later date; and reminded the community that Council agendas are available a few days prior to the meeting.

Council Member Goldstein concurred with Council Member Márquez; expressed the proposed friendly amendment was a big change; noted there was nothing substantive to be gained or lost from making the change; favored open and transparent governance where citizens are aware of what decisions the Council is going to make; appreciated the public speakers who stand up for safety around schools, in the downtown, and throughout Hayward, and shared a

personal experience; supported having places in Hayward for residents to hang out, have fun and build community; was open to the possibility for businesses to be more successful in Hayward so future businesses can be attracted to Hayward as a place to open or expand a business; noted that sales tax revenue generated from businesses would help fund staffing levels in the City; and favored the staff recommendation but not the friendly amendment.

Mayor Salinas thanked Council Member Andrews for thinking about economic development in new creative ways; shared his experience about a new age of breweries and restaurants along the Central Coast; underscored the proposal was Hayward's version of redefining the landscape by decoupling food from liquor and having two separate entities in the same building; stated that cities were following the model to give entrepreneurs opportunities to establish restaurants and give existing owners a creative space to explore new innovative ways; commented the space between the Masonic building and Union Bank will be redefined; expressed that ABC already has a 50:50 food to alcohol ratio that has to be obeyed and restaurant owners have to follow regulations set by their permit and ABC license; and supported the proposed 50:50 food to alcohol sales ratio which was a state standard and one that was followed by other cities.

Council Member Syrop noted he wanted to put the amendment forward as it would give businesses the best chance at surviving and being able to get a foothold and thrive; commented that members of the Council were elected to represent interests of the community and it was his obligation to weigh in at the public meeting as he thinks voters expect him to; and favored keeping the friendly amendment on the floor.

In response to Council Member Zermeño's inquiry for staff to evaluate not having a happy hour or no ratio within the next year, City Manager McAdoo noted that it may not be feasible; however, Council could give staff direction and reprioritize other competing projects.

Council Member Zermeño, as the maker of the motion, did not accept adding the friendly amendment to his motion.

Council Member Syrop withdrew seconding the motion and Council Member Goldstein seconded the motion.

It was moved by Council Member Zermeño, seconded by Council Member Goldstein, and carried by the following roll call vote, to adopt the resolution and approve the introduction of an ordinance.

7. FY 2023 Mid-Year Budget: Adopt a Resolution Approving the FY 2023 Mid-Year Budget Update and Five-Year General Fund Update **LB 23-011**

Staff report submitted by Finance Director Gonzales, dated March 7, 2023, was filed.

Director of Finance Gonzales provided a synopsis of the staff report.

In response to Council Member Zermeño's inquiry regarding the drop in revenues from 2023 to 2024, Finance Director Gonzales noted the change was attributed to one-time transfer of American Rescue Plan Act (ARPA) funds.

In response to Council Member Zermeño's inquiry about the possibility in the future to set aside Measure C funds for a new police building, City Manager McAdoo stated that Measure C expires in 2034 and might not be possible; shared that funds were being used for the initial design work and conceptual thinking; and staff would provide more information to the Council Budget and Finance Committee (CBFC) and subsequently to the Council.

In response to Council Member Andrews' questions about Measure T (Real Property Transfer Tax) revenues and other revenue generators, Finance Director Gonzales responded there was no projected change at midyear and a report on adjusting the Transient Occupancy Tax would be presented at an upcoming CBFC meeting. Council Member Andrews encouraged staff to explore more opportunities as hotels were not doing well financially.

City Manager McAdoo added that a consulting firm would assist with evaluating the 2016 financial model and during a work session the Council could explore strategies to focus on over the next couple years.

In response to Council Member Syrop's inquiry about Measure C operating expenditures over the next ten years, Finance Director Gonzales responded that an escalation factor was built in for approximately 7% each year for police and maintenance services that can be used for employee related expense increases such as benefits, medical, cost of living adjustments, and contract needs; and added that other funds were transfers to unfunded liabilities for other post-employment benefits.

In response to Council Member Syrop's question about budget allocations for current vacancies and capital improvement, City Manager McAdoo responded that Measure C funds were used for specific intent of the ballot measure underscoring that vacancy savings would go to the General Fund first; and noted that staff was evaluating building modular locker rooms at HPD with ARPA and Measure C funds.

In response to Council Member Márquez's request for an overview of CBFC discussion at the previous week, Finance Director Gonzales shared there was discussion about the \$5.9 million appropriation related to workers' compensation, consideration of potential public safety facility improvements using Measure C funds, Measure C updates as a standing item at CBFC meetings, staff would look at finance policies related to real property transfer tax and threshold and a policy related to revenue received in excess of its threshold, and noted that these policies would be presented to CBFC for potential changes to be included in the City budget. Council Member Márquez noted there was also a request to get a historical chronological timeline of ballot measures.

In response to Council Member Roche's inquiry related to the request for \$500,000 for fuel cost and what was being done to convert the fleet to electric, Finance Director Gonzales responded that as vehicles are replaced the City considers hybrid and electric vehicles as options, but there were specific vehicles related to public safety that did not lend for electric vehicle types. In response to Council Member Roche's inquiry regarding increasing the fund the City had in place for rental assistance since the County's eviction moratorium was ending, City Manager McAdoo shared that staff was assessing the impact and having a supplemental budget for additional resources, and staff was determining what programs the City can offer to assist tenants.

In response to Council Member Goldstein's inquiry on whether the midyear appropriations include the expense for 68 vacancies in public safety, Finance Director Gonzales responded that the appropriations were related to cost-of-living adjustments for HPOA, Local 1909, and unrepresented staff; and indicated that every budgeted position was included assuming vacant positions are filled in order to get a true projection of the impact it would have in future fiscal years.

There being no public comment, Mayor Salinas opened and closed the public hearing at 9:06 p.m.

https://hayward.zoom.us/j/85125536468?pwd=azZUMm9UTm1LUnNQTzhXWjUvcCtodz09 Tuesday, March 7, 2023, 7:00 p.m.

Council Member Márquez made a motion to move the staff recommendation and Council Member Roche seconded the motion.

Council Member Márquez appreciated City Manager McAdoo's announcement that the Council will be reengaging the fiscal model to see fiscal impacts of decisions, and asked if the Finance team could collaborate with the Economic Development team in advance of the work session to get their perspective on revenue generation. Council Member Márquez added that while it was great to consider ballot measures, the City cannot always go to voters and hoped to bank on the expertise of Economic Development to have a menu of options.

PUBLIC NOTICE OF AN INTRODUCTION OF AN ORDINANCE BY THE CITY COUNCIL OF THE CITY OF HAYWARD

AN ORDINANCE AMENDING CHAPTER 10, ARTICLE 1, SECTION 10-1.2750 (ALCOHOLIC BEVERAGE OUTLETS) OF THE HAYWARD MUNICIPAL CODE TO UPDATE THE REGULATIONS GOVERNING ALCOHOLIC BEVERAGE OUTLETS THROUGHOUT THE CITY

NOW THEREFORE THE CITY COUNCIL OF THE CITY OF HAYWARD DOES ORDAIN AS FOLLOWS:

<u>Section 1</u>. <u>Provisions</u>. The City Council incorporates by reference the findings contained in Resolution No. 23-054 approving the below Zoning Text Amendments to the Hayward Municipal Code.

<u>Section 2</u>. Chapter 10, Article 1, Section 10-1.2750 (Alcoholic Beverage Outlets) of the Hayward Municipal Code is hereby amended.

- **SEC.** 10-1.2751 **DEFINITIONS.**
- SEC. 10-1.2752 PERFORMANCE STANDARDS FOR ALCOHOLIC BEVERAGE SALES ESTABLISHMENTS.
- SEC. 10-1.2769 DEEMED APPROVED PERFORMANCE STANDARDS.

<u>Section 3</u>. <u>California Environmental Quality Act.</u> The City Council independently finds and determines that the Zoning Text Amendments are exempt from the California Environmental Quality Act (CEQA) under the "common sense" exception set forth in CEQA Guidelines Section 15061(b)(3) in that it can be seen with certainty that there is no possibility that their adoption could have a significant effect on the environment.

<u>Section 4.</u> Severance. Should any part of this Ordinance be declared by a final decision by a court or tribunal of competent jurisdiction to be unconstitutional, invalid, or beyond the authority of the City, such decision shall not affect the validity of the remainder of this Ordinance, which shall continue in full force and effect, provided that the remainder of the Ordinance, absent the unexcised portion, can be reasonably interpreted to give effect to the intentions of the City Council.

<u>Section 5</u>. <u>Effective Date</u>. In accordance with the provisions of Section 620 of the City Charter, the Ordinance shall become effective 30 days following adoption.

Introduced at a meeting of the City Council of the City of Hayward, held the 7th day of March, 2023, by Council Member Zermeño.

This Ordinance will be considered for adoption at the regular meeting of the Hayward City Council, to be held on March 21, 2023, at 7:00 p.m. Please note the City Council will hold a hybrid meeting which will allow for participation in the Council Chamber and virtually via the Zoom platform. RECOMMENDATION

That Council adopts a resolution (Attachment II) approving an amendment to the City of Hayward Salary Plan for Fiscal Year 2023 (FY 2023), which designates all classifications and corresponding salary range for employment in the City of Hayward as of March 27, 2023, superseding Resolution No. 23-042.

SUMMARY

As required by the Municipal Code, the FY 2023 Salary Plan has been updated to reflect salary corrections to two (2) classifications in the City's classified service. On March 9, 2023, the Personnel Commission held a public hearing in which it reviewed the two classifications and recommended to Council the correction for each position, effective March 27, 2023.

BACKGROUND/DISCUSSION

Salary Corrections:

In December 2022, the Personnel Commission recommended to Council the approval of a ten percent (10%) salary increase to the salaries for Crime Scene Specialist and Crime Scene Technician based on a letter of understanding between the City of Hayward and Service Employee International Union, Local 1021 (SEIU). Pursuant to the letter of understanding, the salary increases were retroactive to December 20, 2021. Due to an administrative error, the salaries for Crime Scene Specialist and Crime Scene Technician that were presented to the City Council on January 17, 2023, were not reflective of a 3% COLA adjustment SEIU employees received in July 2022. As such, the salaries for Crime Scene Specialist and Crime Scene Technician have been revised to reflect the 3% COLA adjustment.

CRIME SCENCE SPECIALIST (C687): The salary range for Crime Scene Specialist is \$42.69 per hour at Step A and \$51.07 per hour at Step E

CRIME SCENE TECHNICIAN (C685): The salary range for Crime Scene Technician is \$38.81 per hour at Step A and \$46.42 per hour at Step E

FISCAL IMPACT

CRIME SCENE SPECIALIST: There is no additional annual fiscal impact for Crime Scene Specialist. The fiscal impact presented to the City Council on January 17, 2023, accounted for the 3% COLA adjustment.

CRIME SCENE TECHNICIAN: There is no additional annual fiscal impact for Crime Scene Technician. The fiscal impact presented to the City Council on January 17, 2023, accounted for the 3% COLA adjustment.

STRATEGIC ROADMAP

This agenda item is a routine operational item and does not relate to one of the City Council's Strategic Roadmap initiatives.

NEXT STEPS

HAYWARD CITY COUNCIL

RESOLUTION NO. 23	
Introduced by Council Member	

RESOLUTION APPROVING THE AMENDED FISCAL YEAR 2023 SALARY PLAN DESIGNATING POSITIONS OF EMPLOYMENT IN THE CITY OF HAYWARD AND SALARY RANGE; AND SUPERSEDING RESOLUTION NO. 23-042 AND ALL AMENDMENTS THERETO

WHEREAS, the Salary Plan has been revised to correct the salaries of two classifications; and

WHEREAS, the Salary Plan must be amended to ensure it is reflective of these changes.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Hayward, as follows:

<u>Section 1</u>. That a revised Positions and Salaries Schedule relating to the positions of employment in the City of Hayward, and the hourly rates of pay for those positions, is hereby set forth in Attachment "III," attached hereto and made a part hereof. The positions enumerated under the columns headed "Classification Title" are hereby designated as the positions of employment in the City of Hayward, and the hourly, bi-weekly, monthly, and annual rates of pay shown in the adjacent rows under the headings "Step A" through "Step E" are the salary rates or the minimum and maximum rates of pay for such positions.

<u>Section 2</u>. Salaries paid to occupants of said positions shall be administered in accordance with the Personnel Rules and Memoranda of Understanding and Side Letter Agreements approved by the City Council and currently in effect.

<u>Section 3</u>. All class titles used herein refer to the specifications of the position classification plan as reviewed by the Personnel Commission of the City of Hayward, or as set forth in the City Charter.

<u>Section 4</u>. The salary ranges set forth in Attachment "III" shall be revised to reflect salary changes provided in any Memorandum of Understanding, Side Letters of Agreement, or resolution setting forth the wages, hours, and other terms and conditions of employment for a bargaining unit or group of unrepresented employees of the City. Any revisions made pursuant to the provisions of this section shall be incorporated into a document prepared by the Human Resources Director and distributed to affected employees or their representatives that reflects the date of the revision and cites both the authority provided by this section and the provision of the memorandum or resolution being effectuated by the revision.

ATTACHMENT II

Section 5. Thi	s resolution supersedes Resoluti	on No. 23-042 and all amendments thereto.

the Agreement with Dutchover & Associates for Landscape Architect Services,

increasing the Not to Exceed Amount to \$405,000

RECOMMENDATION

That Council adopts a resolution (Attachment II) authorizing the City Manager to execute an amendment to the agreement with Dutchover & Associates increasing the not to exceed amount to \$405,000.

SUMMARY

Staff recommends that the Council authorize the City Manager to execute an amendment to the agreement with Dutchover & Associates, to increase the contract amount by an additional \$75,000, for a total agreement amount not to exceed \$405,000, and to extend the term of the agreement to December 31, 2023.

BACKGROUND

The Planning Division has one approved FTE for the position of Landscape Architect. The Landscape Architect is responsible for the review of landscape plans, coordinating projects, beautification, park dedication fees, and tree preservation activities. An Associate Landscape Architect position was approved in the FY20 Operating Budget; however, this position was frozen for FY21 as part of the budget reductions due to COVID-19.

On March 16, 2020, Alameda County issued a Shelter-In-Place Order restricting all non-essential residential and commercial construction. Effective May 3, 2020, the Shelter-In-Place Order was revised to allow construction activities utilizing safety protocols. Since construction activities have resumed, permit activity has substantially increased. In 2023, the Planning Division has received 2,724 permit applications, compared to a total in 2020 of 163 applications received during the same period. It has remained critical to contract with an outside firm for Landscape Architect services to maintain the day-to-day operations and plan review in the Planning Division.

The City executed an agreement with Dutchover & Associates on September 1, 2017, to provide qualified temporary staffing to perform Landscape Architect services for an amount not to exceed \$50,000. Council has since authorized the City Manager to execute-amendments to this agreement, most recently including an eleventh amendment that was executed on June 16, 2022 to extend the term through December 31, 2022. There was no increase to the compensation amount at that time.

DISCUSSION

Associated with the original agreement, Dutchover & Associates has provided a qualified professional, Brian Dutchover, who has been assisting with plan review, applicant inquiries, and field inspections. Mr. Dutchover has been working remotely on a part-time basis, to assist with the workload. The additional assistance allows the City's current Landscape Architect to focus on more complex projects, as well as handle the larger on-site inspections.

The current request to amend the agreement with Dutchover & Associates relates to retaining Mr. Dutchover to continue his assistance in the Planning Division on a part-time basis through December 31, 2023, and would increase the overall contract amount to an amount not to exceed \$405,000.

FISCAL IMPACT

All costs for this professional services agreement will be paid for through a combination of appropriated funds within the Development Services Department FY 2023 Operating Budget, and fees charged to development projects as appropriate, relating to review of project plans and/or inspections. There is no additional impact to the General Fund.

STRATEGIC ROADMAP

This agenda item is a routine operational item and does not relate to any of the six priorities outlined in the Council's Strategic Roadmap.

SUSTAINABILITY FEATURES

The recommended action for this report will not directly result in physical development, purchase or service, new policy or legislation related to sustainability. However, ensuring proper and efficient landscaping that follows the overall landscape goals and regulations of the City, and its beautification efforts are directly related to the General Plan. Staff, and consultants acting as agents of the City, encourage all applicants to adhere to the General Plan guidelines.

NEXT STEPS

If the Council adopts the attached resolution, staff will prepare an amendment to the Agreement between the City of Hayward and Dutchover & Associates for execution by the City Manager, in a form approved by the City Attorney.

RESOLUTION NO. 23-

Introduced by Council Member _____

RESOLUTION AUTHORIZING THE CITY MANAGER TO NEGOTIATE AND EXECUTE AN AMENDMENT TO THE AGREEMENT WITH DUTCHOVER & ASSOCIATES, FOR LANDSCAPE ARCHITECT SERVICES INCREASING THE NOT TO EXCEED AMOUNT TO \$405,000

WHEREAS, an Agreement with Dutchover & Associates was executed on September 1, 2017, to provide Landscape Architect services to the City of Hayward for an amount not to exceed \$50,000; and

WHEREAS, on July 2, 2019, Council adopted Resolution No. 19-149 authorizing the City Manager to execute and amendment to the agreement increasing the not to exceed amount to \$255,000; and

WHEREAS, on October 20, 2020, Council adopted Resolution No. 20-179 authorizing the City Manager to execute and amendment to the agreement increasing the not to exceed amount to \$330,000; and

WHEREAS, the Associate Landscape Architect position has been eliminated from the FY21 Operating Budget due to budget reductions due to COVID-19; and

WHEREAS, Dutchover & Associates has provided a qualified professional to assist with plan review, Permit Center counter inquiries, and field inspections; and

WHEREAS, the cost to amend the agreement with Dutchover & Associates will be paid for through a combination of approved funds within the Development Services Department FY 2023 Operating Budget and fees billed to development projects as appropriate and as they relate to review of project plans or inspections.

NOW, THEREFORE, BE IT RESOLVED that the City Council of the City of Hayward, hereby authorizes the City Manager to negotiate and execute an amendment to the City's Agreement with Dutchover & Associates, increasing the not to exceed amount by an additional \$75,000 for a total amount not to exceed 405,000 and extend the term through December 31, 2023, in a form approved by the City Attorney.

Adopt a Resolution Authorizing the City Manager to Execute a Professional Services Agreement with the Renaissance Entrepreneurship Center and the Pop Up Guide in the Amount Not-to-Exceed \$150,000 for the Management and Implementation of the Downtown Activation Pilot Program

RECOMMENDATION

That Council adopts a resolution (Attachment II) authorizing the City Manager to execute an agreement with the Renaissance Entrepreneurship Center and The Pop-Up Guide for program management services of the Downtown Activation Pilot Program, for a total not-to-exceed contract amount of \$150,000.

SUMMARY

As part of the City of Hayward COVID-19 economic recovery plan that was reviewed by the Council Economic Development Committee in June 2021, the Together for Hayward Open for Business program was included as one of nine programs utilizing ARPA funding to assist the business community to bring customers back to the stores. These Downtown Activation programs are one component of the Open for Business program and are designed to activate the Downtown district to attract customers back to the area. These programs are designed to be a pilot program that will last for approximately 6 months time. At the end of the program, an evaluation will be done to determine if a longer more permanent option should continue.

As part of the City of Hayward COVID-19 economic recovery plan that was reviewed by the Council Economic Development Committee in June 2021, the Together for Hayward Open for Business program was included as one of nine programs utilizing ARPA funding to assist the business community to bring customers back to the stores. These programs are designed to be a pilot program that will last for approximately 6 months time. At the end of the program, an evaluation will be done to determine if a longer more permanent option should continue.

BACKGROUND

Downtown Hayward was experiencing a positive resurgence when the pandemic hit in March 2020. Many businesses across the downtown saw supply chains interrupted, demand for goods and services dwindle and, in some cases, extensive mandatory business closures due to State and County health orders. Over the past two and a half years, Downtown Hayward has seen several business closures including such notable ones as Buffalo Bills, Brews and Brats, Charlotte's, High Scores, and others. While some new businesses have also opened, including

Kansai Sushi, Stack Cutz II, Stacks Record Shop, and Ska Dog Records, the overall foot traffic of consumers in the downtown has decreased significantly.

DISCUSSION

Downtown Activation Pilot Programs

To encourage customers to return to the Downtown area, staff recommends the creation of the following programs. These three pilot programs aim at creating vibrancy and energy through the introduction of music, art, and the entrepreneurial spirit. All of the proposed programs take place within the public right-of-way, to allow implementation in an expedited manner. Due to the pilot status of these programs, staff anticipates midstream modifications will be required to best suit the needs of the district and improve effectiveness.

Implementation of the Programs

Staff seeks to engage a partner organization that will coordinate and schedule the artists and musicians, confirm that their performance and attendance occurred, and pay the program stipend to them. In addition, utilizing an outside organization to manage the program will allow for a master encroachment permit to be issued and only one insurance certificate to be held rather than each artist and vendor providing their individual insurance policies, which can be costly.

In November 2023, staff issued a Request for Proposals (RFP# 2317-111422) to seek out organizations both local to Hayward and those located within the greater Bay Area region who may be interested in staffing and operating the new pilot program aimed at activating the Downtown district. Staff also solicited responses from organizations that previously requested funding for art programs through the Community Services Division's community agency funding process. Staff received responses from three (3) interested parties. Staff evaluated each of the proposals, conducted interviews with all three groups, and selected the Renaissance Entrepreneurship Center and The Pop Up Guide as program managers.

The partnership of the Renaissance Entrepreneurship Center and the Pop Up Guide brings a unique set of skills to the pilot programs. Their combined experience in working with artists, musicians and pop-up vendors through education and training sessions to help these small business owners become successful and at similar types of events around the bay area was a deciding factor for moving forward with this group as the program managers. Both the Renaissance Entrepreneurship Center and the Pop Up Guide group are very familiar with the Hayward community and look forward to bringing exciting offerings to the downtown while also engaging existing community groups and the merchant community. A copy of their Response to the RFP can be found as Attachment IV.

Staff is seeking approval to authorize the City Manager to enter into the professional services agreement with the Renaissance Entrepreneurship Center and their partner The Pop Up Guide for management of the three programs as described below. The agreement would be for a not to exceed amount of \$150,000 and will expire no later than December 31, 2023.

Downtown Activation Pilot Program Description

Pathways for Performers

Pathways for Performers is a pilot street performance initiative designed to activate public spaces in Downtown Hayward with live music. The program would engage 15 – 30 performers per weekend that would play live non-amplified music at four designated locations. Each performer would receive a modest stipend for two hours of performance at the pre-determined time and location. Any musical performer with at least two hours of musical performance material is eligible for participation in Pathways for Performers. While the focus is to support and showcase local performers, performers from outside of the local region may be showcased if they are in line with the community goals of inclusion and diversity. Performers from outside of Hayward may also bring new potential customers to the downtown area as they come to support and listen to the performers.

Art in Action

Art in Action is a pilot initiative designed to activate public spaces in Downtown Hayward with artists actively in the process of creating art pieces. The program would engage 15 – 30 artists per weekend that would set up a station to actively create art at a location. Each artist would receive a modest stipend for two - four hours of time at the pre-determined time and location. Any artist that will actively create art, engage with audience members, or provide interactive art experiences are eligible for participation in Art in Action. Large scale paintings, active sculpture/carving, sidewalk chalk art, interactive participatory art experiences, etc are highly sought and encouraged.

Patio Pop-ups

Patio Pop-ups is a pilot program aimed to help create additional retail density in the downtown. The idea would be to allow pop-up vendors to set up their booths in the patios in the downtown that are not utilized by existing restaurants. The vendors would be located across the sidewalk from the buildings for those buildings with operating tenants. If the building is currently vacant, a pop-up vendor would be placed adjacent to the building. In either case pedestrian access must be maintained. Vendors can sell goods such as clothing, jewelry and accessories, home décor items, pet items, and more. No food sales can occur at the booths.

Davs and Times of Performances and Pop-ups

During the initial pilot period, performers, artists, and vendors will be scheduled Fridays and Saturdays. Additional days may be added based on feedback from businesses, number of interested parties participating in the program, and overall success of the program. Performance times will be initially scheduled between 2:00 PM and 8:00 PM with a focus on the dinner rush of 5:00 PM – 8:00 PM. These times may be adjusted to provide the most benefit to the downtown district and the community at large.

COUNCIL ECONOMIC DEVELOPMENT COMMITTEE REVIEW OF PILOT PROGRAMS

The Council Economic Development Committee (CEDC) reviewed the proposed Downtown Activation Pilot Programs at their meeting on February 23, 2023. All committee members were in support of the proposed programs as presented, the use of American Rescue Plan Act (ARPA) dollars to fund the pilot program, and a professional service agreement with a Program Manager for the implementation of the programs. The Committee directed staff to move forward to the City Council to seek authorization for execution of the Agreement with the proposed Program Managers.

A full description of the Downtown Activation Pilot Program, including proposed locations of performers and artists, and other details can be found in Attachment III, Scope of Work and Program Descriptions.

FISCAL IMPACT

Staff is proposing a 6-month period to launch these three pilot programs. At the end of the 6-month period, the program will be evaluated as to whether it should be continued. Staff has calculated an estimated cost of \$150,000 for the three programs. This amount would cover a full schedule on Fridays from 4 pm - 8 pm and Saturdays from 2 pm - 8 pm, which include up to 35 artists and musicians, and a management fee for a partner organization to run and manage the three programs.

Currently there is no cost to the General Fund for the implementation of the pilot programs. Staff is proposing the use of existing ARPA funds allocated to the Together for Hayward Open for Business program within the City's COVID-19 Economic Recovery Plan to cover these program management costs. Economic Development staff labor hours for monitoring and reporting will be absorbed as part of their existing duties. However, if the program should continue beyond this pilot stage, staff will need to identify additional funding sources and long-term impact on staffing capacity.

ECONOMIC IMPACT

The goal of the Downtown Activation programs is to reinvigorate the Downtown district and bring back the cultural vibrancy that existed prior to the COVID shutdowns. The use of performers, artists, and additional retail, may attract more customers to the district, thus supporting the existing brick and mortar stores that operate in the area and possibly encourage new retail and restaurant operations to open in the currently vacant buildings.

STRATEGIC ROADMAP

This agenda item supports the Strategic Priority to Grow the Economy by Investing in Plans and Programs that Create Thriving Commercial Corridors. By receiving the professional services from the Renaissance Entrepreneurship Center and The Pop Up Guide, the new

Downtown Activation Pilot Program can be implemented in the Downtown District with the intent to bring cultural activity, vibrancy and customers back to the area expeditiously.

NEXT STEPS

If Council approves this request, the City Manager will execute a Professional Services Agreement in the amount of \$150,000 with the Renaissance Entrepreneurship Center and The Pop Up Guide through December 31, 2023. The Program Managers will present a schedule to the City within 14 days of execution of the agreement to move the Pilot Programs forward.

Scope of Work

Downtown Hayward Activation Pilot Program

As the selected agency for implementing the Downtown Activation Programs as described below, the following scope of work includes:

- Program Kick-off Within 14 days of execution of the agreement between the City of Hayward, herein identified as "The City", and Renaissance Entrepreneurship Center and The Pop Up Guide, herein identified as "The Program Managers", the Program Managers shall create an anticipated program schedule including dates for completing items listed in this scope of work, anticipated date of first performance weekend and conclusion of the pilot period of these programs.
- 2. Conduct outreach to local community organizations and downtown stakeholders In order for these pilot programs to be successful, the City needs the support of our local community organizations, downtown property owners and downtown merchants. The Program Managers shall conduct outreach to seek assistance from local community organizations, in identifying local artists, performers and pop-up retailers that may be interested in participating in the three pilot programs. The organizations that have reached out to the City to participate will be introduced by the Economic Development team.
 - In addition, the program managers shall craft a call for artists, performers and vendors that the City of Hayward can send out via their social media and newsletter networks to attract local participants. As identified in the Commitment for an Inclusive, Equitable, and Compassionate Community (CIECC) document, the Program Manager will support the selection of performers, artists and vendors designed to encourage inclusion and celebrate diversity in the Hayward community.
- 3. Conduct Performer, Artist and Vendor Recruitment In collaboration with community arts, music and business organizations, the Program Managers will recruit performers, artists and vendors to participate in weekly activations. The recruitment opportunities will also be promoted in the local community-wide marketing campaign. Interested parties will be required to fill out an application selecting the dates they would like to participate and collect the necessary items for promotion, insurance and permits. The Program Managers will create the application form and utilize a detailed vetting process to ensure all participants meet the community's goals of inclusion and celebrating diversity. The program managers will have final vetting approval for all participating performers, artists and vendors.

- 4. **Performer, Artist and Vendor Management** The Program Managers will manage the performer, artist and vendor recruitment, coordination and management in accordance with the individual programs as described below.
- 5. **Pre-event Management** The Program Managers will manage pre-event needs including, but not limited to, creating site maps, obtaining any and all required permits and insurance, and ensuring that necessary permits such as vendor business license and Alameda County health permits have been obtained prior to their participation. Renaissance will provide support to vendor businesses to receive the necessary items to participate in events as well as other resources provided in their programming that can pertain to businesses, artists and performers.
- 6. The Program Managers will engage with the businesses in the downtown district to encourage active participation by the business community during this pilot program. The Program Managers will share ideas with the businesses regarding upcoming themes for the weekend events, encouraging businesses to stay open during the evening hours while performers and customers are present, and potential cross marketing/promotional ideas. In addition, the Program Managers will work with the businesses to help ensure conflicts between performers and events within a business that are scheduled are minimalized to the extent possible.
- 7. **Day-of Management –** The Program Managers will manage the day-of logistics for the activations including staffing, coordinating vendors, on-site maps, event setup, and other necessary services. The Program Managers shall provide on-site contact information to City Staff. This shall include the names and cell phone numbers of the Program Manager staff on hand and any additional emergency telephone numbers for upper organization staff should a need arise. This information will be passed along to the City of Hayward Police Department and any other City Departments in need of such information.
- 8. **Artists and Performers Agreements and Stipends** The Program Managers will manage any agreements with artists and performers. The Program Managers will also manage the distribution of stipends to artists and performers.
- 9. **Consultant Fee Distribution** Renaissance Entrepreneurship Center in coordination with The Pop Up Guide will manage the payment distribution to any outside vendors,

participating musicians and artists. Renaissance Entrepreneurship Center will also manage payment to The Pop Up Guide for services provided.

10. Marketing – An extensive marketing campaign is the key component in ensuring the success of these new pilot programs and bringing customers to downtown. With the launch of these programs, Economic Development staff in coordination with Community and Media Relations staff and the Program Managers will launch a marketing campaign that will include social media, electronic billboard ads on I-880, print articles in local papers and The Stack newsletter, and other marketing sources. As part of the marketing campaign, efforts will include the Hayward area as well as the larger Bay Area region with the intent to attract customers and audiences from the region, not just Hayward. The Program Managers shall provide to the City draft press releases as well as language to be used to create a webpage on the City of Hayward website that will describe the program, include a list of performers, artists, vendors and bios/descriptions of the goods for sale or art/music being created.

Other marketing options that may be explored and implemented include but are not limited to:

- Ads on mobile apps This includes gaming apps that target those based in Hayward and the Bay Area that sends them to a website.
- Ads in local media sources This includes ads in newspapers, online media sources, radio, and tv.
- Transit focused ads Ads to be placed in area AC Transit stops and on BART.
- Dedicated website A website to be developed that would be separate from the
 City of Hayward website and would include highlights of the vendors, performers
 and artists, an interactive map of activations, and an online store. The website
 would be mobile-responsive to make it easy for people to view on their devices.
- Window displays City owned buildings and vacant storefronts could display graphics, art or merchandise.
- Direct mail campaigns Targeted mail to be sent to people that live in Hayward.
- Video/photo/content social media channels Dedicated social media channels to be developed with unique content that includes video and photos highlight the event, vendors, performers and artists.

These additional marketing options will be explored pending funds available in the marketing budget, timing and capacity of Program Managers and City Staff.

11. **Post Event Management & Reporting –** The Program Managers will provide a report each week on any feedback, issues, or adjustments the Program Managers have

received, or feel are needed to improve the Pilot Programs and meet the intended goals of the City.

- a. The Program Managers will provide monthly reports to the City providing data that includes demographic information on participating performers, artists and vendors, payments made to the participants, estimated attendance of audience where applicable, and marketing data (posts, views, engagements, etc.)
- b. Demographic reports requirements:

The City of Hayward receives funding for this program from the American Rescue Plan Act (ARPA) Program administered by the Federal Government. The Program Managers' monthly report to the City will include the following demographic information for all vendors participating in the pilot programs in accordance to Federal requirements:.

Pilot Program Number 1: Pathways for Performers

Program Overview:

Pathways for Performers is a pilot street performance initiative designed to activate public spaces in Downtown Hayward with live music.

The program would engage performers who will play live non-amplified music at designated locations. Each performer would receive a modest stipend. Performers are allowed to receive tips/donations from the public while performing but they must act in accordance with all regulations governing street performance as well as rules established by Pathways for Performers program managers. They may also sell copies of their own recordings during their allotted time period.

Any musical performer with at least two hours of musical performance material is eligible for participation in Pathways for Performers. At this time, this program is open to music-centric performances only such as singers and instrument players. While the focus is to support and showcase local performers, performers from outside of the local region may be showcased as long as they are in line with the community goals of inclusion and diversity.

Program Managers to vet performers to ensure they align with community goals.

Responsibilities of Performers:

Performers are responsible for bringing everything they need to the site, including tables, chairs, instruments, etc. and for setting up and taking down their space.

Additional Option: Program Manager to rent tables, chairs and tents for those that meet a certain income threshold. This could include being part of a local performance organization that is providing them with assistance. Program Managers to organize the rentals. For those that don't meet that threshold, they will have the opportunity to pay, at-cost, for the rentals.

Days and Times of Performances:

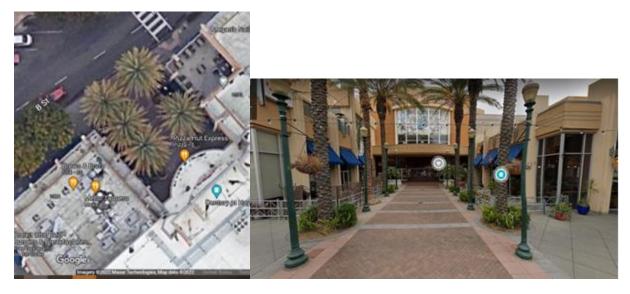

During the initial pilot period, performers will be scheduled Fridays and Saturdays. Additional days may be added based on feedback from businesses, number of performers interested in participating in the program, and overall success of the program. Performance times will be scheduled between 4:00 PM – 8:00 PM on Fridays and 2:00 PM - 8:00 PM on Saturdays. Hours of performances may be adjusted by the Program Managers to maximize the positive impact to downtown based on feedback collected from monitoring and evaluating the program. Days and times are subject to change based on this feedback. For instance, Friday evening could change from 4-8 PM to 5-9 PM or Sunday could be added. Program Managers will inform the City of proposed changes before changes to the schedule are made.

Locations of Pathways to Performers designated performance spaces:

Registered performers will be assigned one of the designated performance spaces for their assigned block of time. The space is located within the public sidewalk. It is a 10' x 10' space. All equipment and tip collection items must remain within the designated areas so as not to block access for pedestrians.

Additional locations may be added after consultation between the Program Managers and the City.

Location 1 – Cinema Plaza (near 1069 B Street)

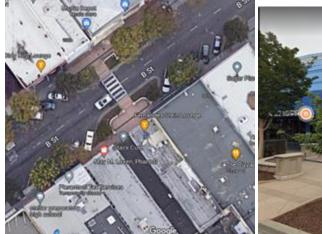

Location 2 – Near Casa Del Torro (near 1034 B Street)

• Location 3 – Near Kansai Sushi Patio Area (near 954 B Street)

• Location 4 – Patio near Stack Cutz Barber Shop (near 935 B Street)

• Location 5 – Patio near Marley's Treat (near 846 B Street)

• Location 6 – Patio near Hayward City Pho (near 855 B Street)

Location 7 – Patio near Tacos El Gordo (near 792 B Street)

Pilot Program Number 2: Art in Action

Program Overview:

Art in Action is a pilot initiative designed to activate public spaces in Downtown Hayward with artists actively in the process of creating art pieces.

The Program Managers will invite artists to set up a station to actively create art at various downtown locations. Each artist would receive a modest stipend for their time spent creating art at the predetermined time and location. Artists are allowed to receive tips/donations from the public while creating their work, but they must act in accordance with all regulations governing street performance as well as rules established by Pathways for Performers program managers. Artists may also have other original pieces available for sale. Sale pieces must fit within the designated performance space.

Any artist that will actively create art, engage with audience members, or provide interactive art experiences are eligible for participation in Art in Action. At this time, this program is open to artists that draw, paint, sculpt, or create other original pieces using various mediums. Large scale paintings, active sculpture/carving, sidewalk chalk art, interactive participatory art experiences, etc are highly sought and encouraged.

Responsibilities of Artist:

Artists are responsible for bringing everything they need to the site, including tables, chairs, display boards, etc. and for setting up and taking down their booths.

Artists must work on and/or complete at least one original art piece during their assigned time.

Artists must leave their designated area clean and free of any spilled art mediums.

Additional Option: Program Manager to rent tables, chairs and tents to those that meet a certain income threshold. This could include being a participant in a local artist organization that is providing them with assistance. Program Managers would organize the rentals. For those that don't meet that threshold, they will have the opportunity to pay, at-cost, for the rentals.

Days and Times of Performances:

During the initial pilot period, the Program Manager will schedule artists on Fridays and Saturdays. Additional days may be added based on feedback from businesses, number of artists interested in participating in the program, and overall success of the program. Times will be scheduled between 4:00 PM – 8:00 PM on Fridays and 2:00 PM and 8:00 PM on Saturdays with a focus on the dinner rush of 5:00 PM – 8:00 PM. Hours of performances may be adjusted by the Program Managers to maximize the positive impact to downtown businesses based on feedback collected from monitoring and evaluating the program. Days and times are subject to change based on this feedback. For instance, Friday evening could change from 4-8 PM to 5-9 PM or Sunday could be added. Program Managers will inform the City of proposed changes before changes to the schedule are made.

Locations of Art in Action designated performance spaces:

The Program Manager will assign Registered artists one of the designated art creation spaces for the entirety of the event, unless longer than 4 hours. The space is located within the public sidewalk. It is a 10' x 10' space. All equipment, goods for sale and tip collection items must remain within the designated areas to not block access for pedestrians. A list of the spaces and photos of the locations can be found under the Pathways for Performers program.

Pilot Program Number 3: Patio Pop-ups

Program Overview:

Patio Pop-ups is a pilot program aimed to help create additional retail density in the downtown. The idea would be to allow pop-up vendors to set up their booths in the sidewalk bump-out patios in the downtown that are not utilized by existing restaurants. The vendors would be located across the sidewalk from the buildings, for those buildings with operating tenants. If the building is currently vacant, a pop-up vendor would be placed in front of the vacant storefront. In either case pedestrian access must be maintained.

The Program Managers will engage a rotating group of 10-12 pop-up vendors (or more depending on the availability of space) on a weekly basis. The vendors would operate on Friday and Saturday to correspond with the other two activation programs for the downtown. Vendors would not be charged to use the spaces. Vendors can sell goods such as clothing, jewelry and accessories, home décor items, pet items, and more. No on-site prepared food sales are allowed.

Responsibilities of Vendors:

Vendors must provide all of their own equipment including tables, chairs, tents, etc. Vendors are responsible for setting up and removing their own equipment and must remove all trash from the area when their time is complete.

All vendors must have a valid City of Hayward Business License in order to operate a booth.

Additional Option: Table, chairs and tents to be provided for vendors that meet a certain income threshold (ie, they are a Renaissance client). Program Managers will handle all aspects of the rentals. For those that don't meet that threshold, they will have the opportunity to pay, at-cost, for the rentals. The City will not provide any equipment or payment for any equipment outside of this agreement.

Days and Times of Pop-ups:

During the initial pilot period, the Program Managers will schedule vendors Fridays and Saturdays. Additional days may be added based on feedback from businesses, number of vendors interested in participating in the program, and overall success of the program. Times will be scheduled between 4:00 PM – 8:00 PM Fridays and 2:00 PM- 8:00 PM on Saturdays with a focus on the dinner rush of 5:00 PM – 8:00 PM. Hours of operations for the pop-ups may be adjusted by the Program Manager to maximize the positive impact to downtown. Program Managers will inform the City of proposed changes before changes to the schedule are made.

Locations of Patio Pop-up designated spaces:

The Program Manager will assign registered Pop-ups a designated space for their business. The space is located within the public right-of-way. It is a 10' x 10' space in the patio areas or a 5' x 20' space when adjacent to a vacant building (exact size of space will be determined by program managers based on pedestrian safety and accessibility and available space in the area). All equipment, goods for sale and associated items must remain within the designated areas so as not to block access for pedestrians. The locations for these vendors will be evaluated each month to ensure updates occur as new businesses move into existing vacant tenant spaces.

Section 1: Organizational Qualifications & Relevant Experience

1. Your organization's name, address, contact name and contact information.

2. A brief overview of your organization's experience organizing, producing or managing events and programs similar or related to the proposed Downtown activation programs:

Over the last several years, Renaissance has hosted, in collaboration with principal of The Pop Up Guide, Aaron Lander, monthly Pop-Ups and holiday markets that include music, arts, culture while supporting Bay Area entrepreneurs. We have been doing this in Hayward at New Hope Christian Fellowship for the last year through a grant from the County.

Prior to Aaron Lander starting The Pop Up Guide LLC, that does business consulting, coaching, space activations and courses for entrepreneurs, he ran a company called PopUpsters that organized and produced hundreds of events that activated empty, underused and public space across the country over its longevity. These included weekly open space activations, monthly markets, and yearly or one-time special events combining cultural, social and economic activity.

3. Examples of previous experience including the name, location, description, and associated budget of the event/program;

Monthly Renaissance Entrepreneurship Markets in Hayward -

These were monthly themed events that took advantage of the New Hope Christian Fellowship unused parking lot on Fridays/Saturdays. We had family fun nights, holiday markets and other events that showcased local entrepreneurs that went through a 4 week Pop Up Accelerator course, that participate in Renaissance programming or that were referred to us (we also had

several youth entrepreneurs between the ages of 6-13 involved). Those vendors that participated in Renaissance programming also received their tent, table and chairs.

Each event had some form of activities or entertainment like art, music, crafting, games, and more.

The cost per event was \$5-10K including rentals, insurance, permits and entertainment.

4. The staffing and volunteer count for the event/program; and

The staffing per event included two consultants that organized, planned and managed the event, and 2-3 day-of event staff.

5. The operations budget for the event/program(s).

The operations budget was approximately \$5K that included labor costs for the planning and day of management.

Section 2: Technical Approach to the Pilot Programs

Provide a brief description of how your organization would operate and manage either one, two or all three of the proposed pilot programs. If your organization is only interested in one or two of the programs, please identify those programs, and why these are your chosen programs. Also include why your organization did not choose the other program(s). If your organization has a novel approach to achieving the program's goals via alternate means or programs, please include them here.

This proposal is for all three programs.

Scope of Work

Performer, Artist and Vendor Recruitment - In collaboration with community arts, music and business organizations, Renaissance and The Pop Up Guide will recruit performers, artists and vendors to participate in weekly activations. The recruitment opportunities will also be promoted in the local community-wide marketing campaign as described in Attachment I. Interested parties will be required to fill out an application selecting the dates they would like to participate and collect the necessary items for promotion, insurance and permits.

Performer, Artist and Vendor Management - The Pop Up Guide will manage the vendor recruitment, coordination and management. Coordination of day-of logistics of where they will set-up.

renaissance Downtown Hayward Activation

Pre-event Management - The Pop Up Guide will manage pre-event needs including creating site maps, obtaining permits and insurance, and receiving necessary permits that vendors need. Renaissance will provide support to businesses to receive the necessary items to participate in events as well as other resources provided in their programming that can pertain to businesses, artists and performers.

Day-of Management - The Pop Up Guide will manage the day-of logistics for the activations including staffing, coordinating vendors, on-site maps, event setup, and other services necessary.

Artists and Performers Stipends - Renaissance will manage the distribution of stipends to artists and performers.

Consultant Fee Distribution - Renaissance will manage the payment distribution to any outside vendors including event management team, The Pop Up Guide.

Alternate Option Idea:

MetaH(ayward) - MetaCities is a new platform that allows for cities to showcase their communities in the Metaverse. A MetaH could be developed to allow residents, employees and tourists to discover businesses, artists and entertainers around Hayward.

Section 3: Anticipated Budget & Staffing

A rough estimate of the staffing and operating costs for these proposed programs in Hayward. The City of Hayward will provide the funding to the selected organization for payment to the musicians and artists in those respected programs. The selected organization would be responsible for making the payments to those participating artists and musicians. The selected organization(s) would also be responsible for obtaining any required insurance and permits.

Est. Budget

Staffing (Pre-event Weekend) -Vendor, Artist, Performer Recruitment - Approximately \$1000/event Vendor, Artist, Performer Management - Approximately \$1500/event Event Management - Approximately \$1000/event

Staffing (Day-of Event Friday) Coordinator 1 - \$300 Coordinator 2 - \$300

Staffing (Day-of Event Saturday) Coordinator 1 - \$400 Coordinator 2 - \$400

renaissance Downtown Hayward Activation entrepreneurship center Pilot Program - 2023

Other costs -

Insurance - Approximately \$120 per weekend

Permits - TBD by working with the City but costs will be associated with fees for facilities and application

Stipends - Depends on number of artists and performers throughout each day

6. A schedule outlining how quickly your organization would be able to fully staff this program and begin operating the program, if awarded the contract.

We could begin the program planning (pre-event management) as soon as awarded, with a tentative start date of February 10, 2023 (the weekend before Valentine's Day) if awarded in December 2022. If a January 2023 award date, the planning can start immediately with a tentative start date between February and March 2023.

Adopt a Resolution Authorizing the City Manager to Execute an MOU and Partnership Agreement, and to Accept and Appropriate up to \$101,000 for the Operation of Family Education Program Services for Hayward Unified School District (HUSD) Schools

RECOMMENDATION

That Council adopts resolutions authorizing the City Manager to execute an MOU with Hayward Unified School District (HUSD) (Attachment III) and, a Partnership Agreement with California State University, East Bay (Attachment III), and adopts resolutions (Attachments IV and V) authorizing the City Manager to accept and appropriate up to \$101,000 in funding from HUSD and CSUEB for Family Education Program services and Bookmobile Program Services to be provided at requested HUSD school sites during academic school year 2022-2023.

The funding will be appropriated In Fund 240 (Local Grants), and distributed as follows:

- 1) Up to \$80,000 from HUSD for services to be provided at four (4) school sites during the 2022-2023 academic school year; and
- 2) \$21,000 from CSUEB for the training, supervision, and tutor/mentorship placements of CSUEB's College Corps students in Homework Support Centers during the 2022-2023 academic school year.

SUMMARY

The City provides robust educational support services to Hayward Unified School District (HUSD) students and families through its Library Services department. Since 2011, the City has consistently received funding from HUSD to share costs for Family Education Program services. The total cost to operate said services is \$40,000 per school, with HUSD and the Library sharing the cost. The City leverages federal, state, and local special revenue funding to further support the costs of programming.

Some of the tutoring services at the Homework Support Centers (HSCs) will be provided by California State University, East Bay (CSUEB) students participating in the College Corps program. CSUEB will provide \$21,000 in funding over the 2022-2023 school year (in two payments of \$10,500) to support this

SUMMARY

The City provides robust educational support services to Hayward Unified School District (HUSD) students and families through its Library Services department. Since 2011, the City has consistently received funding from HUSD to share costs for Family Education Program services. The total cost to operate said services is \$40,000 per school, with HUSD and the Library sharing the cost. The City leverages federal, state, and local special revenue funding to further support the costs of programming.

Some of the tutoring services at the Homework Support Centers (HSCs) will be provided by California State University, East Bay (CSUEB) students participating in the College Corps

program. CSUEB will provide \$21,000 in funding over the 2022-2023 school year (in two payments of \$10,500) to support this program.

Staff requests Council authorization for the City Manager to execute the MOU with HUSD, execute the agreement with CSUEB, and accept and appropriate up to \$101,000 in the Local Grants Fund (240) from HUSD and CSUEB for FY 2023. With Council approval, staff will appropriate the funding into the Library Department's Education Services budget and provide services per the terms and conditions of the agreements with HUSD and CSUEB.

BACKGROUND AND DISCUSSION

The Library provides Family Education Program services, including school-based after-school Homework Support Centers at both libraries and at participating Hayward schools through a partnership with Hayward Unified School District (HUSD), and English Conversation Circle programming at strategic community locations, attracting parents from HSC school sites and at both library locations. Each HSC features laptop computers, chromebooks, hotspots, homework and project supplies, on-site trained tutors, and access to the Library's free real-time tutoring program, Tutor.com. Schools are also trained on how to utilize Library Eresources, and library cards.

Per the agreed upon MOU between the City and HUSD for Family Edcation Program services in 2022-2023, HUSD will provide a maximum of \$80,000 for program services rendered at four (4) school sites locations, determined by HUSD (\$20,000 per school). The City will leverage federal, state, and local special revenue funding to support the costs of programming. For the 2022-2023 year, Curbie, the Library's Bookmobile, will also be providing services at various school locations that can accommodate the vehicle at no additional charge to HUSD.

Some of the tutoring services at the HSCs will be provided by California State University, East Bay (CSUEB) students participating in the College Corps program. The Library serves as a "Partner Site" for this program providing training, supervision, and tutor/mentorship placements for the CSUEB College Corps students. CSUEB will be providing \$21,000 in funding over the 2022-2023 school year (in two payments of \$10,500) to support this program.

Staff requests that Council adopts resolutions authorizing the City Manager to execute an MOU with Hayward Unified School District (HUSD), to execute a Partnership Agreement with California State University, East Bay (CSUEB), and to accept and appropriate up to \$101,000 in funding from HUSD and CSUEB for Family Education Program services (afterschool Homework Support Center programming and adult English Conversation Circles) and Bookmobile Program Services to be provided at requested HUSD school sites during academic school year 2022-2023.

With Council approval, staff will appropriate the funding into the Library Department's Education Services budget and provide services per the terms and conditions of the agreements with HUSD and CSUEB.

STRATEGIC ROADMAP

This agenda item is a routine operational item and does not relate to a specific strategic roadmap item.

FISCAL IMPACT

The grant funding from HUSD and CSUEB will be appropriated into the Local Grants Fund (Fund 240). This grant funding will provide supplemental funding to allow the Library's Education Services Division to continue providing Family Education Program services at local school site locations. There is no impact on the General Fund from accepting these supplemental funds.

NEXT STEPS

Staff will use the appropriated funding to provide Family Education Program services at requested HUSD school sites during the academic school year.

RECOMMENDATION

That Council adopts a resolution (Attachment II) authorizing the City Manager to accept and appropriate the pieces of art being donated to Hayward Public Library by Monica Chan and Dean Quock.

SUMMARY

Hayward Public Library received a donation of art pieces from Monica Chan and Dean Quock. There are nine (9) art pieces total, including original art and prints of illustrations for children's books. The pieces of art will be displayed in the Downtown Library's Children's section, at the Weekes Branch, and at the Hayward Airport. Based on the appraisals and invoices provided by the donor, the combined value of the art pieces is \$13,690. Staff requests Council accept and appropriate the pieces of art being donated by Monica Chan and Dean Quock.

BACKGROUND AND DISCUSSION

The 21st Century Library & Community Learning Center (Downtown Library) in downtown Hayward opened in 2019 and has showcased commissioned art, as well as other permanent and revolving collections of art pieces from the beginning. In partnership with the Hayward Arts Council, Hayward Public Library promotes Hayward as a cultural center and makes art easily accessible to all members of the community.

Recently, Monica Chan and Dean Quock reached out to the Library to donate some art pieces that had belonged to their mother, Joan Marie Chin Quock. These pieces include original art and prints of illustrations from children's books. The family had moved to Hayward in 1980 and the children, Dean and Monica, had spent much time at local museums and libraries, including Hayward Public Library. Joan Marie Chin Quock loved to read, and passed on this love of reading to her children and grandchildren.

Although both Monica and Dean no longer live in Hayward, upon Joan's death in 2020, they felt that making this donation to Hayward Public Library would be a fitting way to honor their mother's legacy. Based on the appraisals and invoices provided by the donors, the combined value of the art pieces is \$13,690.

The current plan is to display eight (8) of the nine (9) the pieces at the Downtown Library's Children's section and at the Weekes Branch. The ninth piece, which depicts the B-25 Raiders led by Lt Col. Jimmy Dolittle in World War II, will be displayed at Hayward Airport. Staff requests Council accept and appropriate the pieces of art being donated by Monica Chan and Dean Quock.

STRATEGIC INITIATIVES

This agenda item is a routine operational item does not relate to a specific Strategic Initiative.

FISCAL IMPACT

There is no negative impact to the General Fund from accepting these art pieces.

Adopt a Resolution Authorizing the City Manager to Appropriate \$228,000 From the Mutual Aid Revenue Project of the Capital Projects General Fund (Fund 405 - Project 05002) to Purchase a Telehandler Heavy-Duty Forklift For Use at the Hayward Fire/Rescue Training Center And During/to Prepare For Emergency Disasters

RECOMMENDATION

That Council adopts a resolution (Attachment II) authorizing the City Manager to appropriate \$228,000 of surplus mutual aid reimbursement funds (Fund 405 - Project 05002) to purchase a Telehandler, heavyduty forklift for use at the Hayward Fire/Resource Training Center, during an actual emergency disaster, and to prepare for emergency disasters.

SUMMARY

The \$228,000 that HFD proposes is appropriated from the Mutual Aid Revenue Project of the Capital Projects General Fund (Fund 405-Project 05002) and was reimbursement received from the California Governor's Office of Emergency Services per a Master Mutual Aid Agreement. The money will be spent on purchasing the Telehandler heavy-duty forklift, which HFD will use to, among other things, organize the extensive disaster cache/containers that the HFD maintains as well as emergency food, water, cots, etc. for the Emergency Operations Center.

From the Mutual Aid Revenue Project of the Capital Projects General Fund (Fund 405 – Project 05002) to Purchase a Telehandler Heavy-Duty Forklift For Use at the Hayward Fire/Rescue Training Center And During/to Prepare For

Emergency Disasters

RECOMMENDATION

That Council adopts a resolution (Attachment II) authorizing the City Manager to appropriate \$228,000 of surplus mutual aid reimbursement funds (Fund 405 - Project 05002) to purchase a Telehandler, heavy-duty forklift for use at the Hayward Fire/Resource Training Center, during an actual emergency disaster, and to prepare for emergency disasters.

SUMMARY

The \$228,000 that HFD proposes is appropriated from the Mutual Aid Revenue Project of the Capital Projects General Fund (Fund 405—Project 05002) and was reimbursement received from the California Governor's Office of Emergency Services per a Master Mutual Aid Agreement. The money will be spent on purchasing the Telehandler heavy-duty forklift, which HFD will use to, among other things, organize the extensive disaster cache/containers that the HFD maintains as well as emergency food, water, cots, etc. for the Emergency Operations Center.

BACKGROUND AND DISCUSSION

The Hayward Fire Department (HFD) entered into a Master Mutual Aid Agreement with the California Governor's Office of Emergency Services (Cal OES). As part of the California Master Mutual Aid Agreement, the City receives reimbursements for direct and indirect costs associated with response efforts as outlined in the California Fire Assistance Agreement. Through the Mutual Aid Agreement, Cal OES strategically maintains 160 in-service fire engines in various departments to guarantee fulfilled mutual aid response and prepositioning practices.

Cal OES and other local agencies reimburse HFD for mutual aid deployments, including apparatus usage, support, equipment, and an additional 16 percent for administrative costs. The majority of mutual aid reimbursements replenish the General Fund balance for overtime costs and a portion is allocated to Fleet Management for ongoing apparatus maintenance. Staff is requesting to appropriate a portion of the remaining surplus reimbursement funds—intended for equipment replacement— in the Capital Projects General Fund (Fund 405—Project 05002). These funds will be used for a one-time purchase to procure a Telehandler, a heavy-duty forklift that is useful, efficient, and practically indispensable for moving, lifting, unloading and stacking heavy cargo among other things. This will be used and located at the Hayward Fire/Rescue Training Center. This particular machine will also be utilized for organizing the extensive disaster cache/containers that HFD maintains. In addition, emergency food, water, cots, etc. for the Emergency Operations Center will be organized in large totes that will be handled using this new piece of equipment. This is a resource that will now be available for other purposes. This equipment would have been invaluable during the City's most recent Covid-19 food distribution efforts.

Mutual aid reimbursements have contributed \$240,000 to Fire Equipment CIP 07487. Staff estimates that approximately \$717,000 of the mutual aid revenue received has been added to the balance of Capital Projects General Fund (Fund 405). Staff recommends that Council authorize an appropriation of \$228,000 in the Capital Projects General Fund (Fund 405) to enable the Department to make this operational purchase.

STRATEGIC ROADMAP

This agenda item supports the Strategic Priority of Quality of Life. However, this item is not specifically related to a project identified in the Strategic Roadmap.

FISCAL IMPACT

Since 2015, the Department has collected \$8.5 million in mutual aid revenue and contributed \$1.4 million to Capital Projects General Fund (Fund 405). As discussed above, this purchase is needed to allow for ease of operations at the Fire Station Training Center and for handling and planning for emergency disasters. This action requires the appropriation of \$228,000 from the Mutual Aid Project Revenue Project of the Capital Projects General Fund (Fund 405—Project 05002).

NEXT STEPS

If Council adopts the attached resolution, staff will complete the request to appropriate \$228,000 from the Mutual Aid Revenue Project 05002 (Fund 405) and make the purchase.

SUMMARY

Annually, City staff completes a review of the City's Master Fee Schedule to identify and determine necessary adjustments to fees charged for services. Approved fee changes will become effective July 1, 2023.

A complete and detailed listing of fees is reflected in the proposed FY 2024 Master Fee Schedule and can be found on the Master Fee website link found below. ¹

BACKGROUND

The City's Master Fee Schedule identifies the fees for various City services. The fees in the Master Fee Schedule are based on recovery for the cost of delivering services (e.g., various building and fire inspections) and must comply with provisions of current legislation.

As part of a general cost recovery strategy, local governments have adopted user fees to fund programs and services that provide direct benefit to a specified user or have limited or no direct benefit to the community. To the extent that the City uses general tax monies to provide services that it could recover full cost for, but does not, a subsidy is provided, and this reduces funds that may be available to provide other community-wide benefits. Unlike most revenue sources, the City has more control over the level of user fees they charge to recover costs. As the City works to balance levels of service and the variability of demand, Council has become increasingly aware of subsidies provided by the General Fund for fees that do not recapture full costs.

¹ Master Fee Schedule: https://www.hayward-ca.gov/your-government/documents/master-fee-schedule

A comprehensive user fee study conducted by Willdan Financial Services was adopted on October 25, 2016, by City Council. The study reviewed all costs associated with internal effort and third-party expenses to develop full cost recovery fees.

Legislative Requirements

<u>Proposition 26 Review and Compliance</u>

In November 2010, California voters approved Proposition 26, which amended Articles XIIIA and XIIIC of the State constitution regarding the adoption of fees and taxes. Proposition 26 seeks to assure that taxes are not disguised as fees: taxes must be approved by voters whereas legislative bodies, such as a City Council, can approve fees.

Proposition 218 Review and Compliance

In November 1996, California voters passed Proposition 218, the "Right to Vote on Taxes Act." This constitutional amendment protects taxpayers by limiting the methods by which local governments can create or increase taxes, fees, and charges without taxpayer consent. Proposition 218 requires voter approval prior to imposition or increase of general taxes, assessments, and certain user fees.

The proposed Master Fee Schedule has been reviewed for compliance with Propositions 26 and 218 and, in the City Attorney's opinion, is compliant.

DISCUSSION

Summary of Changes in Fees by Program Area

City Clerk (See Attachment III)

- 1. <u>Updated language in the Reproduction of City Council and Planning Commission Meetings</u>-Reproduction of DVDs replaced with USB flash drive.
- 2. <u>Changes in Express Mail from City of Hayward mailed to US Department of State and Express Mail from US Department of State mailed to Customer</u>-Fees set by the United States Postal Service and US Department of State respectively.
- 3. New Passport Card Fee for those under age 16 and those age 16 and over-Fees set by the US Department of State as of February 2023.

City Manager (See Attachment IV)

In FY 2024, the Housing Division is proposed to move to the Development Services Department. The transition of the Housing Division to the Development Services Department will streamline customer care and delivery of services to the Hayward community as it relates to work on projects and programs related to housing and development. The Housing Division section in the Master Fee Schedule will move to the Development Services Department section, and all Housing Division related fees will be removed from City Manager's Office section. This includes the Rent Stabilization Administration Fees and the Loan Servicing Fees.

Development Services (See Attachments IV, V, VI and Exhibit A)

1. Create a Housing section under the Development Services Department and move Housing Division related fees under this new section (See Attachment IV).

Add new fee

 Update hourly rate for Housing staff under Affordable Rental Housing section from \$95.00 to \$122.00 based on the 2016 User Fee Study.

• Affordable Housing In-Lieu Fees

Residential	Current Fee	Proposed Fee
Development Projects		
Ten Units or More		
High Density	\$17.85	\$19.35
Condominiums (35 units		
per acre or more)		
All Other Dwelling Unit	\$21.64	\$23.46
Types		

Fees paid at occupancy	Current Fee	Proposed Fee
High Density	\$19.64	\$21.29
Condominiums		
All Other Dwelling Unit	\$23.80	\$25.81
Types		

2. Building (See Attachment V and Va Exhibit A)

The current Building Permit Fees, section A. (p.10) of the Building Permit Fees Calculated by Valuation matrix based on International Code Council (ICC) Building Valuation Data is based on data from 2015 and are not reflective of current construction costs. Exhibit A displays the current values and all values increased by 68% based on the 2022 ICC Building Valuation Data.

3. Cannabis Licensing Program, License Renewal, Inspection, Penalties, & Fees (Code Enforcement)

There are no changes to the fees and penalties. The reorganization of the section is necessary for consistency with an amendment to City's Cannabis Ordinance.

4. Park Impact Fees (See Attachment VI)

This increase reflects Resolution 19-245 to adopt updated Park Impact Fees based on the percentage change in the Engineering News-Record Construction Cost Index, San Francisco Area.

Residential	Old Fee	Proposed Fee
ADU that is 750+ sq. ft.	\$3,453	\$3,815
Studio/0 bedroom Unit	\$3,453	\$3,815
1 Bedroom Unit	\$5,407	\$5,973
2 Bedroom Unit	\$9,753	\$10,774
3 Bedroom Unit	\$17,034	\$18,817
4+ Bedroom Unit	\$23,694	\$26,175
Industrial Development	Old Fee	New Fee
Gross Floor Area	\$.87 per sq. ft.	\$0.96

Based on the nexus study completed by Community Attributes, Inc (CAI) in 2018, the fees remain below the maximum allowable amount, and align with current economic and development activities within Hayward, and competition for new developments with neighboring jurisdictions.

Fire

1. Format changes in order to present updated code section numbers and language.

2. New items in the Adopted California Fire Code

Fire Code	Fee
Additive Manufacturing (3D Printing)	\$885/per year
(105.5.1)	
Energy Storage Systems (105.5.14)	\$885/per year
Mobile Fueling of Hydrogen-Fueled	\$885/per year
Vehicles (105.5.32)	
Lithium Batteries (105.5.53)	\$885/per year
Additional Permits (105.5.54)	\$885/per year

Information Technology

Increase the amount for GIS Map Printing to align with the cost of staff (Systems Analyst) who perform this task.

	Old Fee	New Fee
GIS Map Printing	\$76/per hour	\$98/per hour

Library (See Attachment VII)

1. New Makerspace Materials Fees (21st Century Library and Learning Center): The proposed fees cover the cost of materials used in the Makerspace at the 21st Century Library and Learning Center.

Maintenance Services

1. Administrative Correction: On June 25, 2019, Resolution 19-141 amended the Adopted FY 2020 Master Fee Schedule to update new fees and charges in the Maintenance Services section specific to facility rentals at City Hall and in the 21st Century Library and Learning Center. This update was not incorporated into the Master Fee Schedule; the Proposed FY 2024 Master Fee Schedule incorporates the previously approved changes from Resolution 19-141 and updates the fees.

Police

- 1. Reformatted the Police Administration section to streamline language and location of fees.
- 2. <u>Increase Firearms Range Maintenance Fees:</u> Proposed fee increase from \$1,250 to \$2,000 due to maintenance costs increasing for outside agencies to use the firing range.

Utilities & Environmental Services (See Attachment VIII)

Updates were made in the following sections of the Proposed FY 2024 Master Fee Schedule for Engineering and Transportation, and Utilities and Environmental Services. Due to the numerous updates, the memos for the updates in each section are provided in Attachment VIII.

- Airport Services
- Water Service Charges and Installation Fees
- New Fee: Annual Lease Charge for Use of City Pole for Wireless Communication Facilities
- Stormwater Inspection Fees
- Miscellaneous Wastewater Fees

Environmental Review

Section 15273 of the California Environmental Quality Act (CEQA) Guidelines states that CEQA does not apply to the establishment, modification, structuring, restructuring, or approval of rates, tolls, fares, and other charges by public agencies which the public agency finds are for the purposes of:

- 1. Meeting operating expenses, including employee wage rates and fringe benefits:
- 2. Purchasing or leasing supplies, equipment, or materials;
- 3. Meeting financial reserve needs and requirements;
- 4. Obtaining funds necessary for capital projects necessary to maintain service within existing service areas; or

² Resolution 19-141 <u>CITY OF HAYWARD - File #: PH 19-058 (legistar.com)</u>

5. Obtaining funds necessary to maintain intra-city transfers as are authorized by City Charter; and

Consequently, this action is exempt from CEQA review based on the foregoing provisions.

ECONOMIC IMPACT

Approval of the attached resolution will have a minor economic impact on the community in that only certain fees will be increased or added.

STRATEGIC ROADMAP

This agenda item is a routine operational item and does not specifically relate to any of the six priorities outlined in the Council's Strategic Roadmap.

FISCAL IMPACT

Adopting these fee changes will minimally impact overall City revenues and will offset the staff time spent performing the various activities supported by the fees.

PUBLIC CONTACT

A public notice was published in The Daily Review on March 10, 2023 and March 17, 2023. The public notice contained the meeting date announcing the time, location, and subject matter of this public hearing.

NEXT STEPS

Upon approval of the attached resolution the fees will be effective as of July 1, 2023, to allow for the required sixty-day notice period.

RESOLUTION NO. 23	
Introduced by Council Member	

RESOLUTION ADOPTING THE FY 2024 MASTER FEE SCHEDULE THAT REFLECTS UPDATED FEES AND CHARGES FOR DEPARTMENTS IN THE CITY OF HAYWARD AND RESCINDING RESOLUTION NO. 22-073 AND ALL AMENDMENTS THERETO AND FINDING THAT THE ACTION IS EXEMPT FROM CEQA REVIEW

WHEREAS, Section 15273 of the California Environmental Quality Act (CEQA) Guidelines states that CEQA does not apply to the establishment, modification, structuring, restructuring, or approval of rates, tolls, fares, and other charges by public agencies which the public agency finds are for the purposes of:

- 1. Meeting operating expenses, including employee wage rates and fringe benefits;
- 2. Purchasing or leasing supplies, equipment, or materials;
- 3. Meeting financial reserve needs and requirements;
- 4. Obtaining funds necessary for capital projects necessary to maintain service within existing service areas; or
- 5. Obtaining funds necessary to maintain intra-city transfers as are authorized by City Charter; and

WHEREAS, the City Council finds and determines that this action is exempt from CEQA based on the foregoing provisions; and

WHEREAS, in November 2010, California voters approved Proposition 26, which amended Article XIII C of the State Constitution regarding the adoption of fees and taxes. Proposition 26 seeks to assure that taxes, which must be approved by the voters, are not disguised as fees, which can be approved by legislative bodies, such as a city council. The proposed Master Fee Schedule (MFS) is compliant.

NOW, THEREFORE, BE IT RESOLVED that the City Council of the City of Hayward hereby adopts with changes the Master Fee Schedule relating to fees and charges for all departments of the City of Hayward incorporated herein by reference and as outlined in the March 21, 2023 City Council report; either on its face or as applied, the invalidity of one provision shall not affect the other provisions of this Master Fee Schedule, and the applications thereof; and to that end the provisions of this Master Fee Schedule shall be deemed severable.

BE IT FURTHER RESOLVED that Resolution No. 22-073, and all amendments thereto are hereby rescinded.

FROM: Dustin Claussen, Assistant City Manager

SUBJECT: FY 24 Master Fee Schedule Update

The Housing Division under the City Manager's Office is tasked with servicing residential and rental housing development loans and administering the resale restrictions related to the City's Below Market Rate (BMR) housing portfolio as well as the administration and compliance of the Affordable Housing Ordinance (AHO), Residential Rent Stabilization and Tenant Protection Ordinance (RRSO) and Tenant Relocation Assistance Ordinance (TRAO), including the collection of fees related to each ordinance.

The division was previously under the City Manager's Office but is moving under the Development Services Department (DSD) in FY 2024 to consolidate divisions that work on projects and programs related to housing and development under one department in order to streamline customer care and delivery of services to the Hayward community.

Because Housing Division is transferring, we are requesting the creation of a "Housing" section under Development Services Department in the Master Fee Schedule and moving the Rent Stabilization Administration Fee and Loan Servicing Fee to this section. We are also requesting an update to the user fee amount for Housing staff under the Loan Servicing Section from \$95 to \$122 based on the last User Fee Study Report conducted by the City in 2016. Lastly, Housing Division is requesting the addition of a Tenant Relocation Assistance Ordinance Hearing Fee be added to the newly created Housing Section to standardize this type of fee across the City and allowable under the TRAO.

All changes related to this request have been added to the attached Proposed FY 2024 Master Fee Schedule PDF as directed by Finance. Please contact doris.tang@hayward-ca.gov with any questions about these changes.

City Cost Index - San Francisco - As of January 2023

Like 0 Tweet Share Share 11

The building and construction cost indexes for ENR's individual cities use the same components and weighting as those for the 20-city national indexes. The city indexes use local prices for portland cement and 2 X 4 lumber and the national average price for structural steel. The city's BCI uses local union wages, plus fringes, for carpenters, bricklayers and iron workers. The city's CCI uses the same union wages for laborers.

To find more recent cost index data, go to this webpage (link below) and click on the link for the year you need, and then navigate to the week you need. Keep in mind that the city cost index figures are always published in the second weekly issue of the month.

HAYWARD CITY COUNCIL

RESOLUTION NO. 17-167

Introduced by Council Member Mendall

RESOLUTION RESCINDING RESOLUTION 16-189 AND ESTABLISHING AFFORDABLE HOUSING IN-LIEU FEES

WHEREAS, to assure that future housing development in the City of Hayward (the "City") contributes to the production of residential units in the City that are affordable to very low, low- and moderate-income households and mitigates its impact on the need for affordable housing in the City, the City Council has considered and introduced on this same date an ordinance to amend the Affordable Housing Ordinance (Chapter 10, Article 17 of the City's Municipal Code) (the "Affordable Housing Ordinance"); and

WHEREAS, the Affordable Housing Ordinance authorizes the imposition of Affordable Housing In-Lieu Fees on for-sale and rental residential developments to provide funds equal to the cost of providing affordable housing on-site and to mitigate the impact of market-rate housing development on the need for affordable housing, where applicants elect to pay Affordable Housing In-Lieu Fees rather than provide affordable units on- or off-site; and

WHEREAS, to ensure that the Affordable Housing In-Lieu Fees adopted by this Resolution do not exceed the cost of providing affordable housing on-site or the actual affordable housing impacts attributable to the development projects on which the fee is imposed, the City Council has received and considered a report from Keyser Marston Associates dated October 31, 2017 and entitled "Summary, Context Materials, and Recommendations: City of Hayward Affordable Housing Ordinance Update," which includes, among other information, an affordability gap analysis, a residential nexus analysis, a financial feasibility analysis, and an on-site compliance cost analysis (the "KMA Study"); and

WHEREAS, the KMA Study demonstrates that, to fully mitigate the burdens created by residential development on the need for extremely low, very low, low, median, and moderate-income housing, an affordable housing impact fee of \$28.90 to \$44.90 per square foot of new market rate residential development would be needed, and that the cost of onsite compliance is equivalent to approximately \$18 to \$22 per square foot of new market rate residential development; and

WHEREAS, the City Council now desires to rescind the Affordable Housing Impact Fees previously adopted under Resolution 16-189 and to adopt Affordable Housing In-Lieu Fees for residential developments as authorized by the Affordable Housing Ordinance; and

WHEREAS, the KMA Study found that the Affordable Housing In-Lieu Fees imposed by this Resolution are economically feasible and will not pose a constraint on the construction of housing in the City; and WHEREAS, notice of the hearing on the proposed fee was published twice in the manner set forth in Government Code Section 6062a as required by Government Code Sections 66004 and 66018; and

WHEREAS, the City Council has reviewed the information contained in this Resolution and the accompanying staff report and attachments thereto at a meeting held on November 7, 2017.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF HAYWARD THAT:

Section 1. The City Council finds as follows:

- A. The foregoing recitals are true and correct and incorporated into this Resolution by this reference.
- B. The purpose of the Affordable Housing In-Lieu Fee is to provide funds to the City to develop and construct affordable housing as would otherwise be provided on-site and to mitigate the burdens created by new residential and nonresidential development projects on the need for extremely low, very low, low, and moderate-income housing. An applicant for a residential development project may elect to provide affordable units on-site, to pay the Affordable Housing In-Lieu Fee, to provide affordable units off-site, or to provide affordable housing through other means.
- C. In compliance with the Affordable Housing Ordinance, all affordable housing impact fees collected shall be deposited into the City's Affordable Housing Trust Fund to be used solely to increase and preserve the supply of housing affordable to households of extremely low, very low, low, median, and moderate incomes (including reasonable administrative costs).
- D. There is a need in the City for housing affordable to households of extremely low, very low, low, and moderate incomes.
- E. The KMA Study sets forth cost estimates that are reasonable for constructing affordable housing, and the fees expected to be generated by new development will not exceed these costs.
- F. Based on the KMA Study, the proposed Affordable Housing In-Lieu Fees are economically feasible and will not pose a constraint on housing production.
- G. Adoption of this Resolution is exempt from the California Environmental Quality Act because the adoption of this Resolution is not a project, in that it is a government funding mechanism which does not involve any commitment to any specific project. (CEQA Guidelines Section 15378(b) (4).)
- **Section 2.** The City Council hereby rescinds and removes the Affordable Housing Impact Fee established by Resolution No. 16-189.

Section 3. The City Council hereby adopts the following Affordable Housing In-Lieu Fees:

1. Residential Development Projects – Ten Units or More

a.	High-Density Condominiums (35 units per acre or more)	\$15.00/Square Foot of Habitable Space*
b.	All Other Dwelling Unit Types	\$18.18/Square Foot of Habitable Space*

^{*}Notes:

Affordable housing in-lieu fees shall be paid either prior to issuance of a building permit or prior to approval of a final inspection or issuance of an occupancy permit. Fees paid at occupancy shall be increased by 10 percent to \$16.50/sq. ft. of habitable space for high density condominiums and to \$20/sq. ft. of habitable space for all other dwelling unit types.

"Habitable Space" means floor area within a dwelling unit designed, used, or intended to be used exclusively for living and sleeping purposes and exclusive of vent shafts, eaves, overhangs, atriums, covered entries and courts and any portion of a structure above ground used for parking, parking aisles, loading areas, or accessory uses.

2. Residential Development Projects - Two to Nine Units

Projects of two to nine units shall pay the following percentage of the fee calculated pursuant to Section 1 above:

Number of Units in Project	Percentage of Calculated Fee	
2	50%	
3	67%	
4	75%	
5	80%	
6	83%	
7	86%	
8	88%	
9	89%	

3. <u>Fractional Units</u>. If an applicant provides on-site Affordable Units under Chapter 10, Article 17 of the Hayward Municipal Code and elects to pay Affordable Housing In-Lieu Fees for a fractional unit, the fractional in-lieu fee payment shall be calculated as follows:

Fractional Unit/Total Affordable Unit Requirement x Per Square Foot Fee x Total Habitable Square Footage in the Project

Example: 42-unit townhouse project totaling 85,000 habitable sq. ft. has on-site requirement of 10%, or 4.2 units. Developer elects to provide 4 affordable units and pay an in-lieu fee for the fractional unit. The payment is calculated as follows:

- 4. Applications for Residential Development Projects of Two or More Units Deemed Complete as of December 20, 2017
 - a. Projects receiving all discretionary approvals by February 1, 2018: Affordable Housing Impact Fees in effect on <u>December 20, 2017</u>.
 - b. Projects not receiving all discretionary approvals by February 1, 2018, provided that all discretionary approvals and building permit(s) are obtained within two (2) years of December 20, 2017: 50% of the Affordable Housing In-Lieu Fee calculated under either Section 1 or Section 2 above, as applicable depending on the size of the project.

Section 4. The City Council may review and amend the Affordable Housing In-Lieu Fee from time to time. Beginning January 1, 2019, for any annual period during which the City Council does not review the affordable housing impact fee, fee amounts shall be adjusted once by the City Manager or designee based on the percentage change in the Engineering New Record(ENR) Construction Cost Index applicable to the San Francisco Area.

Section 5. An Affordable Housing In-Lieu Fee as shown in Section 3 shall be paid by all developments subject to the fee.

Section 6. This Resolution shall go into full force and effect on February 1, 2018.

Section 7. Any judicial action or proceeding to attack, review, set aside, void or annul this Resolution shall be brought within the 90-day time period as established by Code of Civil Procedure Section 1094.6.

EXECUTIVE SUMMARY

The City of Hayward (the City) engaged Willdan Financial Services (Willdan) to determine the full costs incurred by the City to support the various activities for which the City charges user fees. Due to the complexity and the breadth of performing a comprehensive review of fees, Willdan employed a variety of fee methodologies to identify the full costs of individual fee and program activities. This report and the appendices herein identifies 100% full cost recovery for City services and the recommended level of recovery as determined through discussion with departmental staff.

The reality of the local government fee environment is that significant increases to achieve 100% cost recovery can often not be feasible, desirable, or appropriate depending on policy direction - particularly in a single year. The recommended fees identified herein are either at or less than full cost recovery.

USER FEE BACKGROUND

BACKGROUND

As part of a general cost recovery strategy, local governments have adopted user fees to fund programs and services that provide limited or no direct benefit to the community as a whole. As cities struggle to maintain levels of service and variability of demand, they have become increasingly aware of subsidies provided by the General Fund and have implemented cost-recovery targets. To the extent that governments use general tax monies to provide individuals with private benefits, and not require them to pay the full cost of the service (and, therefore, receive a subsidy), the government is limiting funds that may be available to provide other community-wide benefits. In effect, the government is using community funds to pay for private benefit. Unlike most revenue sources, cities have more control over the level of user fees they charge to recover costs, or the subsidies they can institute.

Fees in California are required to conform to the statutory requirements of the California Constitution, Proposition 218, and the California Code of Regulations. The Code also requires that the City Council adopt fees by either ordinance or resolution, and that any fees in excess of the estimated total cost of rendering the related services must be approved by a popular vote of two-thirds of those electors voting because the charge would be considered a tax and not a fee.

CALIFORNIA USER FEE HISTORY

Before Proposition 13, California cities were less concerned with potential subsidies and recovering the cost of their services from individual fee payers. In times of fiscal shortages, cities simply raised property taxes, which funded everything from police and recreation to development-related services. However, this situation changed with the passage of Proposition 13 in 1978.

Proposition 13 established the era of revenue limitation in California local government. In subsequent years, the state saw a series of additional limitations to local government revenues. Proposition 4 (1979) defined the difference between a tax and a fee: a fee can be no greater than the cost of providing the service; and Proposition 218 (1996) further limited the imposition of taxes for certain classes of fees. As a result, cities were required to secure a supermajority vote in order to enact or increase taxes. Since the public continues to resist efforts to raise local government taxes, cities have little control and very few successful options for new revenues. Compounding this limitation, the State of California took a series of actions in the 1990's and 2000's to improve the State's fiscal situation—at the expense of local governments. Most recently, the Educational Revenue Augmentation Funds ("ERAF") take-away of property taxes and the reduction of Vehicle License Fees have severely reduced local tax revenues.

In addition, on November 2, 2010, California voters approved Proposition 26, the "Stop Hidden Taxes Initiative", which is aimed at defining "regulatory fees" as a special tax rather than a fee, thus requiring approval by two-thirds vote of local voters. These regulatory fees are typically intended to mitigate the societal and environmental impacts of a business or person's activities. Proposition 26 contains seven categories of exceptions. The vast majority of fees that cities would seek to adopt will most likely fall into one or more of these exemptions.

ADDITIONAL POLICY CONSIDERATIONS

In recent years, there has been a growing trend for municipalities to update their fee schedules to reflect the actual costs of certain public services primarily benefitting users. User Fees recover costs associated with the provision of specific services benefiting the user, thereby reducing the use of General Fund monies for such purposes.

In addition to collecting the direct cost of labor and materials associated with processing and administering user services, it is common for local governments to recover support costs. Support costs are those costs relating to a local government's central service departments that are properly allocable to the local government's operating departments. Central services support cost allocations were derived from the City's Cost Allocation Plan.

As labor effort and costs associated with the provision of services fluctuate over time, a significant element in the development of any fee schedule is that it has the flexibility to remain current. Therefore, it is recommended that the City include an inflationary factor in the resolution adopting the fee schedule to allow the City Council, by resolution, to annually increase or decrease the fees.

The City may employ many different inflationary factors. The most commonly used inflator is some form of the Consumer Price Index (CPI) as it is widely well known and accepted. A similar inflator is the implicit price deflator for GDP, which is much like the CPI except that while the CPI is based on the same "basket" of goods and services every year, the price deflators' "basket" can change year to year. Since the primary factor for the cost of a City's services is usually the costs of the personnel involved, tying an inflationary factor more directly to the personnel costs can be suitable if there is a clear method for obtaining said factor. For example, if a departments' personnel costs increase by 5% and account for 50% of that departments' total budget, then the inflator to account for the personnel cost increase would be 2.5%. Department budgets can be volatile from year to year, which could result in fee confusion for the community if there are constant unpredictable changes in the fees as a result of the previous calculation. To mitigate this effect, a substitute inflator such as one or a combination of personnel COLA's, Step increase levels, PERS, and/or healthcare cost increases are generally less volatile on a yearly basis, and can be applied Citywide to fees and services.

Each City should use an inflator that they believe works the best for their specific situation and needs. It is also recommended that the City perform this internal review annually with a comprehensive review of services and fees performed every three to five years, which would include adding or removing fees for any new or eliminated programs/services.

STUDY OBJECTIVE

As the City of Hayward seeks to efficiently manage limited resources and adequately respond to increased service demands, it needs a variety of tools. These tools provide assurance that the City has the best information and the best resources available to make sound decisions, fairly and legitimately set fees, maintain compliance with state law and local policies, and meet the needs of the City administration and its constituency. Given the limitations on raising revenue in local government, the City recognizes that a User Fee Study is a very cost-effective way to understand the total cost of services and identify potential fee deficiencies. Essentially, a User Fee is a payment for a requested service provided by a local government that primarily benefits an individual or group.

The total cost of each service included in this analysis is based on the full cost of providing City services, including direct salaries and benefits of City staff, direct departmental costs, and indirect costs from central service support. This study determines the full cost recovery fee for the City to provide each service; however, each fee is set at the City's discretion, up to 100% of the total cost, as specified in this report.

The principle goal of the study was to help the City determine the full cost of the services that the City provides. In addition, Willdan established a series of additional objectives including:

- Developing a rational basis for setting fees
- Identifying subsidy amount, if applicable, of each fee in the model
- Enhancing fairness and equity
- Ensuring compliance with State law
- Developing an updatable and comprehensive list of fees
- Maintaining accordance with City policies and goals

The study results will help the City better understand its true costs of providing services and may serve as a basis for making informed policy decisions regarding the most appropriate fees, if any, to collect from individuals and organizations that require individualized services from the City.

SCOPE OF THE STUDY

The scope of this study encompasses a review and calculation of the user fees charged by the following Hayward departments and fee groups:

- City Wide and City Clerk
- Finance
- City Manager
- Development
- Police
- Fire
- Information Technology
- Library and Community Services
- Maintenance
- Public Works
- Utilities and Environmental

The study involved the identification of existing and potential new fees, fee schedule restructuring, data collection and analysis, orientation and consultation, quality control, communication and presentations, and calculation of individual service costs (fees) or program cost recovery levels.

AIM OF THE REPORT

The User Fee Study focused on the cost of City services, as City staff currently provides them at existing, known, or reasonably anticipated service and staff levels. This report provides a summary of the study results, and a general description of the approach and methods Willdan and City staff used to determine the recommended fee schedule. The report is not intended to document all of the numerous discussions throughout the process, nor is it intended to provide influential dissertation on the qualities of the utilized tools, techniques, or other approaches.

PROJECT APPROACH AND METHODOLOGY

CONCEPTUAL APPROACH

The basic concept of a User Fee Study is to determine the "reasonable cost" of each service provided by the City for which it charges a user fee. The full cost of providing a service may not necessarily become the City's fee, but it serves as the objective basis as to the maximum amount that may be collected.

The standard fee limitation established in California law for property-related (non-discretionary) fees is the "estimated, reasonable cost" principle. In order to maintain compliance with the letter and spirit of this standard, every component of the fee study process included a related review. The use of budget figures, time estimates, and improvement valuation clearly indicates reliance upon estimates for some data.

FULLY BURDENED HOURLY RATES

The total cost of each service included in this analysis is primarily based on the Fully Burdened Hourly Rates (FBHRs) that were determined for City personnel directly involved in providing services. The FBHRs include not only personnel salary and benefits, but also any costs that are reasonably ascribable to personnel. The cost elements that are included in the calculation of fully burdened rates are:

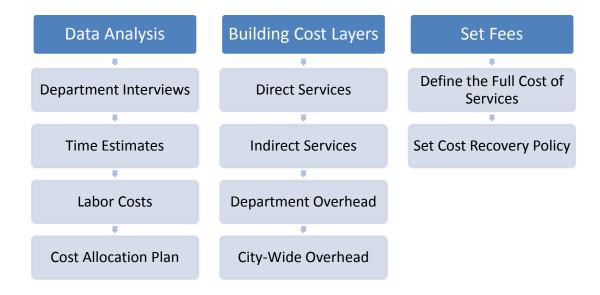

- Salaries & benefits of personnel involved
- Operating costs applicable to fee operations
- Departmental support, supervision, and administration overhead
- Internal Service Costs charged to each department
- Indirect City-wide overhead costs calculated through the Cost Allocation Plan

The FBHRs are then used in conjunction with time estimates, when appropriate, to calculate a fees' cost based on the personnel and the amount of their time that is involved in providing each service.

SUMMARY STEPS OF THE STUDY

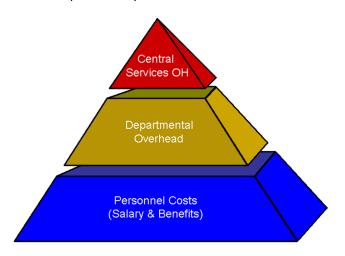

The methodology to evaluate most User Fee levels is straightforward and simple in concept. The following list provides a summary of the study process steps:

ALLOWABLE COSTS

This report identifies three types of costs that, when combined, constitute the fully burdened cost of a service (Appendix A). Costs are defined as direct labor, including salary and benefits, departmental overhead costs, and the City's central services overhead, where departmental and central service overhead costs constitute support costs. These cost types are defined as follows:

- Direct Labor: The costs related to staff salaries for time spent directly on fee-related services.
- Departmental Overhead: A proportional allocation of departmental overhead costs, including operation costs such as supplies and materials that are necessary for the department to function.
- Central Services Overhead: These costs, detailed in the City's Cost Allocation Plan, represent services provided by those Central Services Departments whose primary function is to support other City departments.

METHODOLOGY

The two methods of analysis for calculating fees used in this report are the:

Case Study Method: This approach estimates the actual labor and material costs associated with providing a unit of service to a single user. This analysis is suitable when City staff time requirements do not vary dramatically for a service, or for special projects where the time and cost requirements are easy to identify at the project's outset. Further, the method is effective in instances when a staff member from one department assists on an application, service or permit for another department on an as-needed basis. Costs are estimated based upon interviews with City staff regarding the time typically spent on tasks, a review of available records, and a time and materials analysis.

Programmatic Approach: The standard Case Study approach relies upon the detailed analysis of specific time estimates, salaries and benefits, expenditures, and overhead costs. In many instances, the underlying data are not available or vary widely, leaving a standard unit cost build-up approach impractical. In addition, market factors and policy concerns (as opposed to actual costs) tend to influence fee levels more than other types of services. With these general constraints, and in order to maximize the utility of this analysis, Willdan employed a different methodology where appropriate.

Valuation Based Fees: This manner of collection is used when the valuation of the improvement can be used as a proxy for the amount of effort it would take for City staff to complete the service provided. More specifically, this approach is commonly used for certain User Fees in the Building Division.

QUALITY CONTROL / QUALITY ASSURANCE

All study components are interrelated, thus flawed data at any step in the process will cause the ultimate results to be inconsistent and unsound. The elements of our Quality Control process for User Fee calculations include:

- Involvement of knowledgeable City staff
- Clear instructions and guidance to City staff
- Reasonableness tests and validation
- Normalcy/expectation ranges
- Confirmation of staff hours
- FTE balancing
- Internal and external reviews
- Cross-checking

REASONS FOR COST INCREASES / DECREASES OVER CURRENT FEES

Within the fee tables in Appendix C, the differences identified between the full costs calculated through the study and the fee levels currently in effect. The reasons for differences between the two can arise from a number of possible factors including:

- Previous fee levels may have been set at levels less than full cost intentionally, based on policy decisions
- Staffing levels and the positions that complete fee and service activity may vary from when the previous costs were calculated
- Personnel and materials costs could have increased at levels that differed from any inflationary factors used to increase fees since the last study
- Costs that this study has identified as part of the full cost of services may not have been accounted for in a
 previous study
 - Departmental overhead and administration costs
 - o Indirect overhead from the Cost Allocation Plan
- Changes in processes and procedures within a department, or the city as a whole

CITY STAFF CONTRIBUTIONS

As part of the study process, Willdan received tremendous support and cooperation from City staff, which contributed and reviewed a variety of components to the study, including:

- Budget and other cost data
- Staffing structures
- Fee and service structures, organization, and descriptions
- Direct and indirect work hours (billable/non-billable)
- Time estimates to complete work tasks
- Frequency and current fee levels
- Review of draft results and other documentation

A User Fee Study requires significant involvement of the managers and line staff from the departments—on top of their existing workloads and competing priorities. The contributions from City staff were critical to this study. We would like to express our appreciation to the City and its staff for their assistance, professionalism, positive attitudes, helpful suggestions, responsiveness, and overall cooperation.

HAYWARD USER FEES

COST RECOVERY

The cost recovery models, by department/division fee type, are presented in detail in Appendix C. Full cost recovery is determined by summing the estimated amount of time each position (in increments of minutes or hours) spends to render a service. Time estimates for each service rendered were predominately determined by Willdan and City Staff through a time and materials survey conducted for each department/division fee included in the study. The resulting cost recovery amount represents the total cost of providing each service. The City's current fee being charged for each service, if applicable, is provided in this section, as well, for reference.

It is important to note that the time and materials survey used to determine the amount of time each employee spends assisting in the provision of the services listed on the fee schedule is essential in identifying the total cost of providing each service. Specifically, in providing services, a number of employees are often involved in various aspects of the process, spending anywhere from a few minutes to several hours on the service.

The principle goal of this study was to identify the cost of City services, in order to provide information to help the City make informed decisions regarding the actual fee levels and charges. The responsibility to determine the final fee levels is a complicated task. City staff must consider many issues in formulating recommendations, and the City Council must consider those same issues and more in making the final decisions.

City staff assumes the responsibility to develop specific fee level recommendations to present to the City Council. Unfortunately, there are no hard and fast rules to guide the City, since many of the considerations are based on the unique characteristics of the City of Hayward, and administrative and political discretion. However, in setting the level of full cost recovery for each fee, one should consider whether the service solely benefits one end user or the general community.

SUBSIDIZATION

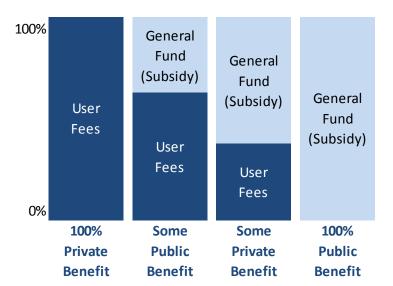

Recalling the definition of a user fee helps guide decisions regarding subsidization. The general standard is that individuals (or groups) whom receive a wholly private benefit should pay 100% of the full cost of the services. In contrast, services that are simply public benefit should be funded entirely by the general fund's tax dollars. Unfortunately, for the decision makers, a large number of services fall into the range between these two extremes (i.e., Library and Recreation services). The graphic on the following page illustrates the potential decision basis.

Further complicating the decision, opponents of fees often assert that the activities subject to the fees provide economic, cultural, "quality of life," or other community benefits that exceed the costs to the City. It is recommended the City consider such factors during its deliberations regarding appropriate fee levels.

Of course, subsidization can be an effective public policy tool, since it can be used to reduce fees to encourage certain activities (such as sports programs and educational classes) or allow some people to be able to afford to receive services they otherwise could not at the full cost. In addition, subsidies can be an appropriate and justifiable action, such as to allow citizens to rightfully access services, (such as appeals of discretionary actions) without burdensome costs.

revenue source, such as the General Fund. Therefore, the general taxpayer will potentially help to fund private benefits, and/or other City services will not receive funds that are otherwise directed to cover subsidies.

IMPACT ON DEMAND (ELASTICITY)

Economic principles of elasticity suggest that increased costs for services (higher fees) will eventually curtail the demand for the services; whereas lower fees may spark an incentive to utilize the services and encourage certain actions. Either of these conditions may be a desirable effect to the City. However, the level of the fees that would cause demand changes is largely unknown. The Cost of Service Study did not attempt to evaluate the economic or behavioral impacts of higher or lower fees; nevertheless, the City should consider the potential impacts of these issues when deciding on fee levels.

SUMMARY

If the City's overriding goal of this study were to maximize revenues from user fees, Willdan would recommend setting user fees at 100% of the full cost identified in this study. However, we understand that revenue enhancement is not the only goal of a cost of service study, and sometimes full-cost recovery is not needed, desired, or appropriate. Other City and departmental goals, City Council priorities, policy initiatives, past experience, implementation issues, and other internal and external factors may influence staff recommendations and City Council decisions. In this case, the proper identification of additional services (new or existing services) and creation of a consistent and comprehensive fee schedule was the primary objective of this study. City staff has reviewed the full costs and identified the "recommended fee levels" for consideration by City Council. The attached appendices exhibit these unit fees individually.

The preceding sections provide background for each department or division and the results of this study's analysis of their fees. For the full list of each fee's analysis, refer to Appendix C of this report.

CITY CLERK AND CITY WIDE

The mission of the Office of the City Clerk is: to ensure the security and accessibility of all official City records; to serve as the information and records manager of all legislative proceedings; to conduct all aspects of municipal elections; and to serve as a support office to the City Council, City staff, City Boards and Commissions, and the residents of Hayward.

ANALYSIS

Willdan individually reviewed the services provided by City Clerk and other City wide services. The review also consisted of an evaluation of existing services in an effort to update the fee schedule.

The analysis of services in City Clerk and the City wide fees relied primarily upon a standard unit cost build-up approach, whereby we determined the reasonable cost of each fee occurrence using staff time to recover the direct cost of staff and pro-rata share of departmental costs, including indirect costs for City Central Services. Willdan then compared the calculated full cost against the current fee amount to determine, if charged, whether the current fee is recovering the costs associated with the requested service. It is recommended that the City set fees at or near 100% cost recovery for most fees. As a result, while there will be increases to some fees and decreases to a few others as detailed in Appendix C, the average fee change is 0% for City Clerk and 5% for City wide fees.

FINANCE

The Finance Department provides fiscal oversight and management of the City's financial operations and various related organizations. This includes financial reporting, fiscal analysis, budgeting, all accounting functions in the management of the city's finances, oversight of an external financial audit for compliance with City laws and policies, debt management, investment of the City's cash, grants administration, provision of purchasing services and ensuring compliance with all purchasing laws and policies, service to all the City's sales and use tax payers, billing and collections of the City's utility and tax bills.

ANALYSIS

Willdan individually reviewed the services provided by Finance. The review also consisted of an evaluation of existing services in an effort to update the fee schedule.

The services in Finance are predominately related to business permit and parking activity. The analysis relied primarily upon a standard unit cost build-up approach, whereby we determined the reasonable cost of each fee occurrence using staff time to recover the direct cost of staff and pro-rata share of departmental costs, including indirect costs for City Central Services. Willdan then compared the calculated full cost against the current fee amount to determine, if charged, whether the current fee is recovering the costs associated with the requested service. It is recommended that the City set Finance services at 100% cost recovery for most fees. As a result, while there will be increases to some fees and decreases to a few others as detailed in Appendix C, the average fee change is a decrease of 11%, not accounting for new services.

CITY MANAGER

The City Manager's Office maintains operational responsibility for economic development, neighborhood partnerships, community preservation, and communications and media relations. Management of the Successor Agency to the Hayward Redevelopment Agency also falls under the purview of this department.

ANALYSIS

Willdan individually reviewed the services and programs associated with the City Manager's Department. The review also consisted of an evaluation of existing services in an effort to update the fee schedule.

The services covered under the City Manager are primary for economic development and film permit purposes. There are a couple fees that were determined based on the flat cost of providing service, and are recommended to be set at 100% cost recovery. The film permit fees were not adjusted as part of this study and are stated at their current levels. As a result, there are no suggested changes to the fees for City Manager.

DEVELOPMENT SERVICES

The Development Services Department is comprised of the Administration, Building, Code Enforcement and Planning Divisions. A primary task of the department is to assist Council, in planning for and regulating development in Hayward, in order to assure the economic, aesthetic, and environmental health of the community and a high quality of life for its residents. The Department seeks to protect the health and safety of the community through building inspection and enforcement of local, state, and federal standards; and to work with applicants and residents to achieve development that will add value to the City of Hayward within the goals and policies established by Council.

BUILDING ANALYSIS

Willdan individually reviewed the services and programs associated with Building. The review also consisted of an evaluation of existing services in an effort to update the fee schedule.

The Building division underwent a very intensive internal analysis to determine the time and materials cost of providing service in order to calculate the full cost of providing services. The fee schedule listed in Appendix C is the result of that analysis that utilized the cost build up approach whereby the time of staff involved in each service is determined, and through the use of fully burdened hourly rates, the full cost was determined. The fees listed in Appendix C are at or near 100% cost recovery for most fees.

PLANNING ANALYSIS

Willdan individually reviewed the services and programs associated with Planning. The review also consisted of an evaluation of existing services in an effort to update the fee schedule.

The services provided by Planning are predominantly provided through the use of deposit systems where a reasonable deposit is collected upon inception of the service request and as staff expends effort on the project, the deposit is drawn down using the fully burdened hourly rates of staff. If additional cost is, or anticipated to be, expended above the deposit amount the City initially collected, the requestor will be billed for the additional amount. For all flat fees a standard unit cost build-up approach, whereby we determined the reasonable cost of

each fee occurrence using staff time to recover the direct cost of staff and pro-rata share of departmental costs, including indirect costs for City Central Services. Willdan then compared the calculated full cost against the current fee amount to determine, if charged, whether the current fee is recovering the costs associated with the requested service. It is recommended that the City set Planning services at 100% cost recovery for most fees. As a result, while there will be increases to some fees and decreases to others as detailed in Appendix C, the average fee change is an increase of 57%.

CODE ENFORCEMENT ANALYSIS

Willdan individually reviewed the services and programs associated with Code Enforcement. The review also consisted of an evaluation of existing services in an effort to update the fee schedule.

The two programs analyzed as part of this study was the Community Preservation Program and the Rental Housing & Hotel Inspection Fee Programs. The analysis of the Community Preservation Program a standard unit cost build-up approach, whereby we determined the reasonable cost of each fee occurrence using staff time to recover the direct cost of staff and pro-rata share of departmental costs, including indirect costs for City Central Services. Willdan then compared the calculated full cost against the current fee amount to determine, if charged, whether the current fee is recovering the costs associated with the requested service. The analysis has shown that the fees are under recovering the cost of providing service. It is recommended that the City set these fees at 100% cost recovery for all fees except for Abatement and Lien Processing.

The Rental Housing & Hotel Inspection Fee Program involved the use of both a unit cost calculation for inspections above the initial inspection and first progress check, and a program cost analysis that includes the cost of maintaining the program and the initial inspection that is anticipated to be performed for each parcel every 5 years. This program cost is recovered through the annual fee for the program. Where previously there was an additional inspection fee per hotel and motel room, to simplify the structure of the fee schedule and to account for a relatively constant average amount of time spent on an inspection, the fees were changed to be assessed on a per parcel basis instead. As a result of the analysis it was determined that the fees are currently under covering the cost of maintaining the program as a whole, and that this difference will only grow as more rentals are opened in the City. Due to the removal of a per room or per unit charge for follow up inspections it was determined that the inspection fees were under recovering for instances where less than 4 units or rooms were inspected, and over recovering for 4 or greater units or rooms. Staff recommends that the fees be adjusted to the suggested levels as listed in Appendix C. The revenue effect of these changes are estimated to be an overall increase to the entire program. The variable factors that make a more accurate estimate difficult are knowing the elasticity effect of increased penalties on the occurrence level of re-inspections, and it is unknown what the precise revenue affect the change to remove the per rental unit charge from the re-inspection fees will be.

Both programs also have penalty amounts that will apply for avoidable conditions, and those can be set at the City's discretion. The recommended penalty amounts are also detailed in Appendix C.

POLICE

The members of the Hayward Police Department are committed to enhancing the quality of life in the city by maintaining partnerships with our diverse community, together creating safe and cohesive neighborhoods. They safeguard the lives and property of the people we serve, and to reduce the incidence and fear of crime. Animal Control services are included under Police in this analysis.

ANALYSIS

Willdan individually reviewed the services and programs associated with the Police Department. The review also consisted of an evaluation of existing services in an effort to update the fee schedule.

The analysis of Police and Animal Control services relied primarily upon a standard unit cost build-up approach, whereby we determined the reasonable cost of each fee occurrence using staff time to recover the direct cost of staff and pro-rata share of departmental costs, including indirect costs for City Central Services. Willdan then compared the calculated full cost against the current fee amount to determine, if charged, whether the current fee would recover the costs associated with the requested service. This analysis has shown that the costs associated with Police and Animal Control services are greater than the amounts charged for most fees. It is recommended that the City set Police services at or near 100% cost recovery for most fees. There are additional services included in the fee schedule that are set based on factors outside the control of the Department such as State codes and previously established resolutions. Those fees should remain at their designated levels. All penalties are recommended to remain at their current levels as well. As a result, while there will be increases to some fees and decreases to others as detailed in Appendix C, the average fee change is an increase of 34%.

FIRE

The mission of the Hayward Fire Department is to protect lives and property by providing superior fire suppression and emergency medical services (EMS), supported by prevention through responsible and innovative regulatory and educational programs.

ANALYSIS

Willdan individually reviewed the services and programs associated with the Fire Department. The review also consisted of an evaluation of existing services in an effort to update the fee schedule.

The analysis of Fire services relied primarily upon a standard unit cost build-up approach, whereby we determined the reasonable cost of each fee occurrence using staff time to recover the direct cost of staff and pro-rata share of departmental costs, including indirect costs for City Central Services. Willdan then compared the calculated full cost against the current fee amount to determine, if charged, whether the current fee would recover the costs associated with the requested service. This analysis has shown that the costs associated with Fire services are generally greater than the amounts charged for a majority of fees. It is recommended that the City set Fire services at 100% cost recovery for most fees. As a result, while there will be increases to some fees and decreases to others as detailed in Appendix C, the average fee change is an increase of 4% for fire prevention services and 13% for hazardous materials services.

INFORMATION TECHNOLOGY

The Information Technology Department prioritizes, coordinates, and implements technology initiatives that are consistent with the strategic goals and resources of the City. This includes identifying new approaches and emerging technologies that can respond to the changing methods of delivering City services to mobile constituents and staff, and to the unique operational needs of City departments.

ANALYSIS

Willdan individually reviewed the services and programs associated with the Information Technology Department. The review also consisted of an evaluation of existing services in an effort to update the fee schedule.

The analysis of Information Technology services relied primarily upon a standard unit cost build-up approach, whereby we determined the reasonable cost of each fee occurrence using staff time to recover the direct cost of staff and pro-rata share of departmental costs, including indirect costs for City Central Services. Willdan then compared the calculated full cost against the current fee amount to determine, if charged, whether the current fee would recover the costs associated with the requested service. This analysis has shown that the costs associated with Information Technology services are greater than the amounts charged for fees. It is recommended that the City set Information Technology services at 100% cost recovery for most fees. As a result, there would be increases to fees as detailed in Appendix C, the average fee change is an increase of 31%.

LIBRARY AND COMMUNITY SERVICES DEPARTMENT

The mission of the Library and Community Services Department is to deliver equal opportunity in education to every Hayward resident, and to preserve and enhance the quality of life for all members of the Hayward community.

ANALYSIS

Willdan individually reviewed the services and programs associated with the Library and Community Services Department. The review also consisted of an evaluation of existing services in an effort to update the fee schedule.

The analysis of Library and Community services relied primarily upon a standard unit cost build-up approach, whereby we determined the reasonable cost of each fee occurrence using staff time to recover the direct cost of staff and pro-rata share of departmental costs, including indirect costs for City Central Services. Willdan then compared the calculated full cost against the current fee amount to determine, if charged, whether the current fee would recover the costs associated with the requested service. Staff proposes that fees remain at their current levels.

MAINTENANCE SERVICES DEPARTMENT

The Maintenance Services Department provides front line services that are visible to residents and contribute to a safe, clean, and green community, consistent with Council's priorities. The Department is responsible for a wide range of functions including: maintaining the City's streets; graffiti removal on public property; illegal dumping

removal in the public right-of-way; major road corridor maintenance and improvement; street sweeping and cleaning of storm drains; emergency response to street, landscape, or hazardous material spill emergencies; maintenance of public landscaping; maintenance and operation of City buildings and structures; and acquisition, maintenance, and repair of City vehicles and equipment.

ANALYSIS

Willdan individually reviewed the services and programs associated with the Maintenance Services Department. The review also consisted of an evaluation of existing services in an effort to update the fee schedule.

The analysis of Maintenance services relied primarily upon a standard unit cost build-up approach, whereby we determined the reasonable cost of each fee occurrence using staff time to recover the direct cost of staff and prorata share of departmental costs, including indirect costs for City Central Services. Willdan then compared the calculated full cost against the current fee amount to determine, if charged, whether the current fee would recover the personnel costs associated with the requested service. This analysis has shown that the costs associated with Maintenance services are generally greater than the amounts charged. It is recommended that the City set Maintenance services at 100% cost recovery for most fees. As a result, there would be increases to fees as detailed in Appendix C, the average fee change is an increase of 34%.

PUBLIC WORKS

The Public Works-Engineering and Transportation Department is organized into six divisions: Administration, Design/Development Services, Construction Services, Transportation, Survey, and the Executive Airport Enterprise. The Department is responsible for providing engineering and transportation support to City operating departments and divisions and for implementation of the City's Capital Improvement Program. The Department is also charged with providing oversight to and support of daily Airport operations.

ANALYSIS

Willdan individually reviewed the services and programs associated with the Public Works Department. The review also consisted of an evaluation of existing services in an effort to update the fee schedule.

The primary programs included in the study for Public Works is Airport and Engineering. There are no proposed changes to the Airport fees. The analysis of Engineering services relied primarily upon a standard unit cost build-up approach, whereby we determined the reasonable cost of each fee occurrence using staff time to recover the direct cost of staff and pro-rata share of departmental costs, including indirect costs for City Central Services. Willdan then compared the calculated full cost against the current fee amount to determine, if charged, whether the current fee would recover the costs associated with the requested service. This analysis has shown that the costs associated with Public Works services are generally greater than the amounts charged for a majority of fees. It is recommended that the City set most Public Works services at or near 100% cost recovery, with some individual exceptions as identified in Appendix C. As a result, there would be increases to fees as detailed in Appendix C, the average fee change is an increase of 10% for Engineering Services.

UTILITIES & ENVIRONMENTAL SERVICES

The Utilities & Environmental Department is responsible for management of the City's Water Distribution System and Wastewater Collection and Treatment Systems, as well as the Solid Waste and Recycling Program, and the Stormwater Management System. In addition to operating and maintaining utilities facilities and equipment, this Department is responsible for compliance with all applicable local, state, and federal regulatory requirements related to Department operations, and has responsibility for developing, implementing, coordinating, and managing sustainability programs and activities in the City, including implementation of strategies and programs contained in the City's adopted Climate Action Plan.

ANALYSIS

Willdan individually reviewed the services and programs associated with the Utilities & Environmental Department. The review also consisted of an evaluation of existing services in an effort to update the fee schedule.

The analysis of Utilities & Environmental services relied primarily upon a standard unit cost build-up approach, whereby we determined the reasonable cost of each fee occurrence using staff time to recover the direct cost of staff and pro-rata share of departmental costs, including indirect costs for City Central Services. Willdan then compared the calculated full cost against the current fee amount to determine, if charged, whether the current fee would recover the costs associated with the requested service. This analysis has shown that the costs associated with Environmental & Utilities services are generally greater than the amounts charged for a majority of fees. It is recommended that the City set most Utilities & Environmental services at or near 100% cost recovery, with some individual exceptions as identified in Exhibit B. In consultation with staff, it is recommended that the City adopt the fee increases as an incremental increase initially in the first year and a second increase in the second year to help mitigate impacts of getting to full cost for services. As a result, the average fee increase is 17% for the first year and 45% for the second year. As a result, there will be an overall increase in revenues associated with fee activity if participation levels remain the same.

APPENDIX A – TOTAL ALLOWABLE COST TO BE RECOVERED

Below are the total allowable costs that may be recovered through User Fees; however, only a percentage of the total allowable cost is realized as staff not only works on services related to User Fees, but also works on an array of other City functions during the operational hours of the City.

APPENDIX B - FULLY BURDENED HOURLY RATES

Below are fully burdened hourly rates on an average department scale and at the staff position level for all City personnel. The FBHRs were used to determine the full cost of each service detailed in Appendix C. They include the salary and benefit costs for each position as well as all applicable overhead amounts for each position. For positions in central service departments, such as the City Clerk and Finance, the overhead of central service departments is not included, as that cost is recovered through the cost allocation plan. When a central service department position works on a fee or project in the purview of an operating department, the overhead rates of the operating department (shown in Appendix A) will be applied to that central service positions' salary and benefit rate for full cost recovery. For any user fee service request that is outside the scope of the fees detailed in Appendix C, or for services for which there is no fee currently set up, the City can charge up to the full cost of the FBHR for personnel involved.

APPENDIX C – COST RECOVERY ANALYSIS & SUGGESTED FEE LEVELS

The following tables provide the results of the analysis, resulting full cost recovery amount, and recommended fees. For fees in which the full cost, percent targeted cost recovery level, or percent change is listed as "NA", the amount or percentage was not calculable based on cost data or variable fee structure. This is most common when either the current or the suggested fee includes a variable component that is not comparable on a one to one basis, a full cost was not calculated (for penalties and fines), or when there is not a current fee amount to compare against.

A. Building Permit Fees

BUILDING PERMIT FEES CALCULATED BY VALUATION

International Building Code Group

This includes all new buildings, additions, tenant improvements, residential remodels and cell sites

- Valuation is defined as the fair market value of materials and labor for the work.
- Valuation shall be the higher of the stated valuation or the figure from the current International Code Council valuation table below.
- The current ICC Valuation data table below is adjusted with a regional construction cost modifier for the San Francisco Bay Area of 16%*.
 - *Source: The local modifier is 1.16 times the cost per square foot as published in the Building Standards Journal, April 2002 edition.
- The valuation for tenant improvements, residential remodels or other projects that do not involve new square footage, shall be a minimum of **60%** of the cost per square foot in the valuation table below.

Construction Type and Minimum Cost Per Square Foot

*Building Division staff will help determine the valuation for

BUILDING PERMIT FEES CALCULATED BY VALUATION

This includes all new buildings, additions, tenant improvements, residential remodels and cell sites

*All sub-permits (plumbing, mechanical and electrical) are included in the plan check and inspection fees for valuation based projects.

• Once the valuation for the project is established, use the table below to determine the Building Inspection Fee. Several other fees are based on the Building Inspection Fee and this is outlined on the next page.

TOTAL VALUATION (Materials and Labor) \$1 to \$500	BUILDING INSPECTION FEE \$29.77

SUBJECT: FY 24 Master Fee Schedule Update

The Building Division under the Development Services Department has requested an update to the Building Permit Fees, section A. (p.10) of the Building Permit Fees Calculated by Valuation matrix based on International Code Council (ICC) Building Valuation Data. The current fees are based on ICC Building Valuation Data from 2015 and are not reflective of current construction costs.

The Square Foot Construction Cost table presents factors that reflect relative value of one construction classification/occupancy group to another so that more expensive construction is assessed greater permit fees than less expensive construction.

All values are increased by 68% based on the 2022 ICC Building Valuation Data. The changes related to this request have been added to the attached Proposed FY 2024 Master Fee Schedule PDF as directed by Finance.

A. Building Permit Fees

BUILDING PERMIT FEES CALCULATED BY VALUATION

This table is utilized to calculate fees for all new buildings, facilities, additions, tenant improvements and residential remodels when an inaccurate construction valuation is provided by the applicant/developer.

- Valuation is defined as the fair market value of materials and labor for the work.
- Valuation shall be the higher of the stated valuation as provided by the applicant/developer
 or the figure from the current International Code Council valuation table below.
- The current ICC Valuation data table attached is adjusted with a regional construction cost
 modifier for the San Francisco Bay Area of 16%*. * Source: The local modifier is 1.16 times
 the cost per square foot as published in the Building Standards Journal, April 2002 edition.
- The valuation for tenant improvements, residential remodels or other projects that do not involve new square footage, shall be a minimum of 60% of the cost per square foot in the valuation table.

City Cost Index - San Francisco - As of January 2023

Like 0 Tweet Share Share 11

The building and construction cost indexes for ENR's individual cities use the same components and weighting as those for the 20-city national indexes. The city indexes use local prices for portland cement and 2 X 4 lumber and the national average price for structural steel. The city's BCI uses local union wages, plus fringes, for carpenters, bricklayers and iron workers. The city's CCI uses the same union wages for laborers.

To find more recent cost index data, go to this webpage (link below) and click on the link for the year you need, and then navigate to the week you need. Keep in mind that the city cost index figures are always published in the second weekly issue of the month.

HAYWARD CITY COUNCIL

RESOLUTION NO. 19-245

Introduced by Council Member Zermeño

RESOLUTION AMENDING CHAPTER 10, ARTICLE 16 OF THE HAYWARD MUNICIPAL CODE AND ADOPTING UPDATED PARK IMPACT FEES

WHEREAS, to assure that future housing and industrial development in the City of Hayward (the "City") mitigates its impact on the City's park and recreation facilities, the City Council has considered and introduced on this same date an ordinance to amend Chapter 10, Article 16 of the City's Municipal Code, Property Developers – Obligations for Parks and Recreation; and

WHEREAS, Chapter 10, Article 16 of the City's Municipal Code authorizes the imposition of Park Impact Fees on residential subdivisions and developments and industrial developments to provide funds not to exceed the cost of mitigating the impact of the development on the City's parks and recreation system; and

WHEREAS, to ensure that the Park Impact Fees adopted by this Resolution do not exceed the cost of mitigating the impacts to the City's parks and recreation system attributable to the subdivisions and development projects on which the fee is imposed, the City Council has received and considered a report from Community Attributes, Inc. dated November 6, 2019 and entitled "City of Hayward Parks Development Impact Fee Nexus Study" (the "Nexus Study"); and

WHEREAS, the Nexus Study demonstrates that to fully mitigate the burdens created by new development on the City's parks and recreation system, a Park Impact Fee of \$4,416.39 to \$30,301.40 per residential dwelling unit and \$0.78 to \$9.72 per square foot of non-residential development would be needed; and

WHEREAS, the City Council now desires to adopt Park Impact Fees for residential subdivisions and development and industrial development as authorized by Chapter 10, Article 16 of the City's Municipal Code; and

WHEREAS, due to the reduction of the residential Park Impact Fee below the maximum allowable fees calculated by the Nexus Study and the exemption of all non-residential development, with the exception of industrial development, the Park Impact Fees imposed by this Resolution are economically reasonable and are not expected to pose a constraint on new development in the City; and

WHEREAS, notice of the hearing on the proposed fee was published twice in the manner set forth in Government Code Section 6062a as required by Government Code Sections 66004 and 66018; and

WHEREAS, the City Council has reviewed the information contained in this Resolution and the accompanying staff report and attachments thereto at a meeting held on December 17, 2019.

NOW, THEREFORE, BE IT RESOLVED, the City Council hereby adopts the following findings and takes the following actions:

<u>Section 1.</u> The City Council finds as follows:

- A. The foregoing recitals are true and correct and incorporated into this Resolution by this reference.
- B. The purpose of the Park Impact Fee is to provide funds to the City to develop and construct parks and recreation facilities to mitigate the burdens on the City's park and recreation system created by new residential and industrial development. An applicant for a residential subdivision or development or an industrial development must pay the Park Impact Fee. Partial or full credit toward the fee may be allowed for dedicated land or private parkland that is accessible to the public, in compliance with Chapter 10, Article 16 of the City's Municipal Code and in consultation with the Hayward Area Recreation and Park District (HARD).
- C. In compliance with Chapter 10, Article 16 of the City's Municipal Code, all Park Impact Fees collected shall be deposited into a special park and recreation trust fund to be used solely for the purpose of acquiring necessary land and developing or rehabilitating existing park or recreational facilities reasonably related to serving the city.
- D. There is a need in the City for parks and recreation facilities to serve new development.
- E. The Nexus Study sets forth cost estimates that are reasonable for acquiring and developing parks and recreation facilities, and the Park Impact Fees expected to be generated by new development will not exceed these costs.
- F. Setting residential Park Impact Fees below the maximum allowable level will help ensure that multifamily residential development remains financially feasible.
- G. Exempting non-residential development other than industrial development will ensure that Park Impact Fees do not pose a barrier to attracting commercial development to the City.

H. Adoption of this Resolution is exempt from the California Environmental Quality Act because the adoption of this Resolution is not a project, in that it is a government funding mechanism which does not involve any commitment to any specific project. (CEQA Guidelines Section 15378(b)(4).)

Section 2. The City Council hereby adopts the following Park Impact Fees:

Type of Development	Park Impact Fee
Residential	
0 Bedrooms/Accessory Dwelling Unit	\$3,091/dwelling unit
1 Bedroom	\$4,841/dwelling unit
2 Bedrooms	\$8,732/dwelling unit
3 Bedrooms	\$15,249/dwelling unit
4+ Bedrooms	\$21,211/dwelling unit
Non-Residential	
Industrial	\$0.78/square foot of gross floor area
Notos	

- Notes:
 - "Bedroom," "dwelling unit," and "gross floor area" as defined by HMC Sec. 10-1.3500.
 - 2. Projects receiving all discretionary approvals by the effective date of this Resolution shall be subject to the parkland dedication and in-lieu fee requirements in effect immediately prior to the effective date of this Resolution.

The City Council may review and amend the Park Impact Fees from time to Section 3. time. Beginning January 1, 2021, for any annual period during which the City Council does not review the Park Impact Fee, fee amounts shall be adjusted once by the City Manager or designee based on the percentage change in the Engineering News-Record Construction Cost Index, San Francisco Area.

Section 4. A Park Impact Fee as shown in Section 2 shall be paid by all developments subject to the fee.

Section 5. This Resolution shall go into full force and effect on February 20, 2020.

Section 6. Any judicial action or proceeding to attack, review, set aside, void or annul this Resolution shall be brought within the 90-day time period as established by Code of Civil Procedure Section 1094.6.

Proposed Revisions to Master Fee Schedule FY 2024 – Airport Fees **SUBJECT:**

The Department of Public Works and Utilities requests the following changes to the section of the Master Fee Schedule pertaining to Airport Services (Engineering and Transportation Services, Section A).

The Hayward Executive Airport owns and leases 206 enclosed hangars and 116 tie-down spaces that accommodate aircraft of various sizes, from small single-engine airplanes to corporate jets. Many fees and charges that support airport operations and maintenance have not been revised in a number of years. Staff have reviewed the current fees and charges and determined that adjustments are appropriate for fees associated with the administration of the waiting list, hangar and tie-down exchanges, and ramp sweeping services for private leaseholds.

In order to improve cost recovery for these services, staff recommend including the following changes to the Master Fee Schedule starting FY 2024:

Fee Type	Current	Proposed
Aircraft Hangar Waiting List Application Refundable Deposit	\$100	\$150
Hangar Exchange Fee – Administration Fee for Exchange between Tenants (each Tenant)	\$60/tenant	\$85/tenant
Hangar Exchange Fee – Administration Fee for Exchange into Vacant Hangar	\$60	\$85
Tie-Down Exchange – Administration Fee to Exchange tie-down spaces	\$25	\$50

SUBJECT: Proposed Revisions to Master Fee Schedule FY 2024 – Dedicated Fire Service Connections

The Department of Public Works and Utilities requests the following changes to the section of the Master Fee Schedule pertaining to the Water Service Charges and Installation Fees (Section G).

Upon review of the current policies for fireline accounts, staff recommend including the following changes to the Master Fee Schedule starting FY 2024.

1. Remove Domestic Sewer Service Charge for Dedicated Fire Service Connections

Customers with dedicated fire service connections, also known as firelines, are currently billed a domestic sewer service charge when their fire service connection is used for an unauthorized purpose (a purpose other than extinguishing a fire or performing an authorized test). Staff have determined that water released through firelines does not typically impact sewer system operations and maintenance. As such, staff recommend removing the domestic sewer charge for all dedicated fireline accounts. Customers with fireline accounts will continue to be billed a 50% consumption surcharge for all unauthorized usage.

2. Implement a Refund Policy for Authorized Usage or Inaccurate Readings for Fireline Accounts

The Master Fee Schedule does not currently include information on the refund policy for authorized use or false usage registered by a fireline meter. Staff recommend adding clarifying language to the Master Fee Schedule regarding refunds.

Proposed text to be added to Section G:

Customers with appropriate documentation may qualify for a full or partial refund in specific circumstances such as:

- Authorized water usage (e.g., for extinguishing fires or planned test of fire protection systems).
 Fire service connections are not intended for day-to-day water consumption, but may
 occasionally be authorized for specific uses. In instances where customers can provide
 documentation for authorized water usage, customers will only be billed for consumption and
 will be refunded if a 50% surcharge has been applied to their account.
- False usage volume (e.g. due to a faulty check valves). In instances where customers can provide proof that water consumption was due to an inaccurate meter reading, refunds can be issued for any false consumption, inclusive of the 50% surcharge.

Proposed Revisions to Master Fee Schedule FY 2024 – Water Hydrant Meter Deposit Fee SUBJECT:

and Monthly Service Charges

The Department of Public Works and Utilities requests the following changes to the section of the Master Fee Schedule pertaining to the Water Service Charges and Installation Fees Section B (Water Service, Construction Work, Temporary Service).

1. Adjust Water Hydrant Meter Deposit Fee and Add to FY 2024 Master Fee Schedule

Customers receive metered water service for construction and related activities through temporary water hydrant meters. The City provides meters upon receipt of the water hydrant deposit fee, which is currently \$1,600. The City retains this deposit in the event that the meter is damaged or not returned. This fee has historically not been included in the Master Fee Schedule and has also remained unchanged for a number of years. Staff recommends adding the Water Hydrant Meter Deposit Fee to the Master Fee Schedule and implementing a marginal increase beginning in FY 2024.

Per Municipal Code Chapter 11, Article 2, Section 11-2.22, the water hydrant meter deposit should cover the full cost of replacement of the meter and backflow assembly and estimated cost of water consumption for two months. However, the current \$1,600 deposit fee only recovers approximately 60% of the cost of approximately \$2,600. In order to achieve full cost recovery in compliance with the municipal code while minimizing the impact to customers, staff recommends that this fee be reviewed annually and increased incrementally over multiple fiscal years. In the first year, staff recommends increasing the water hydrant meter deposit fee by 12.5% to \$1,800.

The following table compares the City's proposed water hydrant meter deposit fee to comparable services in other public agencies in Alameda County: Alameda County Water District (ACWD), Dublin San Ramon Sanitary District (DSRSD), and the City of Pleasanton. The results indicate that the proposed fee is generally within a reasonable range of those charged by other agencies.

Comparison of water hydrant meter deposit fees (for a 3" hydrant meter):

www.hayward-ca.gov

TTD: 510.247.3340

2. Adjust Hydrant and Construction Meter Monthly Service Charges

The monthly meter service fees currently charged to hydrant and construction meter customers have not been updated in many years. Staff recommends increasing the monthly service charge by 20% to more closely recover the current cost of providing services.

The following table compares the City's proposed hydrant and construction meter service charges to comparable services in other public agencies in Alameda County: Alameda County Water District (ACWD), Dublin San Ramon Sanitary District (DSRSD), and the City of Pleasanton. The proposed fees for FY 2024 are within a reasonable range of those charged by other agencies.

Proposed Revisions to Master Fee Schedule FY 2024 – Annual Lease Charge for Use of City SUBJECT:

Pole for Wireless Communication Facilities

The Department of Public Works and Utilities requests the addition of a new charge in the section of the Master Fee Schedule pertaining to Section 7-4 Wireless Communication Facilities (Engineering and Transportation Services, Section B).

Federal Communications Commission Order FCC-18-133 was adopted on January 14, 2019 to remove barriers to wireless infrastructure deployment and promote the use of small cell wireless communication facilities (WCFs). Wireless service providers approved by the state to use public rightsof-way (PROW) can install small cell WCFs on existing city-owned poles and structures (e.g. streetlights) or privately-owned utility poles in the public right-of-way. All small cell WCFs are subject to City guidelines for siting, design, and construction and the terms of a Master Lease Agreement with the City. These guidelines are developed and subject to change by the Public Works Department and the City Attorney's Office.

Per the FCC-18-133, the City may establish an annual lease charge in the amount of \$270 per site per calendar year for use of the city property in PROW. This charge may be increased by 3% on each subsequent January 14 (the Effective Date for FCC-13-133). The Master Fee Schedule currently includes service fees for permitting and administration but does not include the lease charges for use of cityowned poles. Staff recommend codifying the \$270 annual lease charge for use of city poles in the Master Fee Schedule, starting in FY 2024, and implementing 3% increases on each following January 14.

The table below outlines the recommended fee schedule for FY 2024.

SUBJECT: Proposed Revisions to Master Fee Schedule FY 2024 – Stormwater Inspection Fees

The Department of Public Works and Utilities requests the following changes to the section of the Master Fee Schedule pertaining to Stormwater Inspection Fees.

The City's Water Pollution Source Control (WPSC) staff are responsible for inspecting facilities to ensure compliance with all stormwater requirements and regulations. These regulations are intended to minimize the risk of polluted runoff to stormwater drains and ultimately the San Francisco Bay.

Three years ago, staff reviewed costs of providing these services and determined that adjustments are appropriate to incorporate updated levels of effort, hourly rate adjustments and overhead charges. In most cases, full cost recovery was determined to require incremental increases over multiple fiscal years. As such, staff proposed that the fees identified below be reviewed annually and adjusted as needed in order to limit the impact on affected businesses. The proposed rates below have been identified during the third annual review of these fees. Recommended adjustments for FY 2024 are as follows:

Stormwater Facility Inspections	Current	Proposed
Industrial (under State permit)*	\$398	\$415
Industrial (not under State permit)*	\$398	\$415
Restaurant*	\$257	\$265
Commercial*	\$216	\$225
Stormwater Treatment Measure*	\$462	\$485

^{*}Fees for these services require higher increases for full cost recovery. However, to reduce the impact on businesses, the proposed increases have been capped at a maximum of 5% (rounded to the nearest five dollars). The need for further adjustments will be reviewed, and appropriate increases proposed, in future years.

The following table compares the City's proposed fee for Industrial inspections for facilities under the State permit, which is the most common fee category. Staff selected comparable services in other Alameda County cities: Livermore, Oakland, and Dublin. The results indicate that the proposed fees are generally within a reasonable range of those charged by other agencies.

SUBJECT: Proposed Revisions to Master Fee Schedule FY 2024 – Miscellaneous Wastewater Fees

The Department of Public Works and Utilities requests the following changes to the section of the Master Fee Schedule pertaining to Wastewater Discharge Permit Fees and Miscellaneous Charges.

The City's Water Pollution Source Control (WPSC) staff are responsible for issuing permits and monitoring sanitary sewer discharges from significant industrial users to ensure compliance with all Federal, State, and Local requirements and limits. Depending on the nature and volume of discharge, the permits may be classified as "Categorical" or "Non-Categorical Significant." Other permits may be issued for special purposes or short-term durations. WPSC also monitors discharge from permitted industries and follows up as necessary to ensure compliance with all regulations.

Three years ago, staff reviewed costs of providing these services and determined that adjustments are appropriate to incorporate updated levels of effort, hourly rate adjustments and overhead charges. In most cases, full cost recovery was determined to require incremental increases over multiple fiscal years. As such, staff proposed that the fees identified below be reviewed annually and adjusted as needed in order to limit the impact on affected businesses. Installation Fees

The Department of Public Works and Utilities requests the following changes to the section of the Master Fee Schedule pertaining to the Water Service Charges and Installation Fees (Section A).

<u>Increase Charges For Single Services and Manifold Services</u>

Per Hayward Municipal Code Sec. 11-2.04 and 2.05, customers shall be charged for the cost of new water service connections, which includes installation fees, cost of materials, labor and equipment, other costs incurred on site during installation, and overhead/administrative costs. The fees identified below in the Master Fee Schedule have not been revised since FY 2011, and staff estimate that actual costs incurred by the City to provide these services are at least 30% higher than what is currently charged.

In order to improve cost recovery, staff recommend increasing water service charges and installation fees for single services and manifold services by 20% in FY 2024. Full cost recovery will require incremental increases over several fiscal years. As such, fees will be reviewed annually and adjusted as needed in such a way that limits impacts to water users.

Recommended adjustments for FY 2024 are as follows:

** Per Hayward Municipal Code Sec. 11-2.05, actual costs can be charged for services larger than two inches and unusually long or difficult service connections of any size.

Increase Charges for Meters Set on Existing Service

The current fees for meters set on existing service have also not been updated since FY 2011. Staff have calculated the actual costs incurred by the City to provide these services recommend increasing fees as shown in the table below to achieve full cost recovery.

Introduction

The Master Fee Schedule Resolution reports fees for services that are provided to our citizens. Fees that do not recover the full cost of providing the service result in a subsidy which shifts funds away from the critical, high priority needs of job creation, public safety initiatives, utility services, and neighborhood programs.

Before a fee increase was considered the Department responsible for the service demonstrated that the services are being provided as efficiently and effectively as possible. There are a minimal number of fees that were considered for an increase in this year's amendment. For these fees, each respective department demonstrated that services are provided in a best practice manner, and that all reasonable opportunities for savings have been exhausted. As a result of this critical analysis, only fees for new programs or services have been added. Additionally, other fees have been lowered, deleted, or to clarify actual fees charged for services.

Proposition 26 Review and Compliance

In November 2010, California voters approved Proposition 26, which amended Article's XIIIA and XIIIC of the state constitution regarding the adoption of fees and taxes. Proposition 26 seeks to assure that taxes, which must be approved by the voters, are not disguised as fees, which can be approved by legislative bodies, such as a city council. The proposed Master Fee Schedule (MFS) was reviewed for compliance with Proposition 26, and in the City Attorney's opinion, the MFS is compliant.

A. BUILDING PERMIT FEES

BUILDING PERMIT FEES CALCULATED BY VALUATION

This includes all new buildings, facilities, additions, tenant improvements and residential remodels.

- Valuation is defined as the fair market value of materials and labor for the work.
- Valuation shall be the higher of the stated valuation or the figure from the current International Code Council valuation table below.
- The current ICC Valuation data table below is adjusted with a regional construction cost modifier for the San Francisco Bay Area of 16%*. * Source: The local modifier is 1.16 times the cost per square foot as published in the Building Standards Journal, April 2002 edition.
- The valuation for tenant improvements, residential remodels or other projects that do not involve new square footage, shall be a minimum of **60%** of the cost per square foot in the valuation table below.

	Construction Type and Minimum Cost Per Square Foot					ot		
International Building Code Group Building Division staff will help determine the valuation for occupancies or construction types not listed in this table. The values below are based on the February 2015August 2022 ICC Building Valuation Data with the Building Standards Journal 16% local cost modifier included.	IA	IB	IIA	IIB	IIIA	IIIB	VA	VB

g. Gross Floor Area \$ 0.87-96 per s.f.
Notes: \$

- 1. "Bedroom", "dwelling unit", "gross floor area", as defined by HMC Sec. 10-1.3500.
- 2. Projects receiving all discretionary approvals by the effective date of this Resolution shall be subject to the parkland dedication and in-lieu fee requirements in effect immediately prior to the effective date of Resolution 19-245.

40. Affordable Housing In-Lieu Fees

1. Residential Development Projects Ten Units or More

a. High-Density Condominiums (35 units per acre or more)

b. All other Dwelling Unit Types

\$17.859.35/Square Foot of Habitable Space* \$231.6446/Square Foot of

Habitable Space*

*Note: Affordable housing In-Lieu Fees shall be paid either prior to issuance of a building permit or prior to approval of a final inspection or issuance of an occupancy permit. Fees paid at occupancy shall be increased by 10 percent (10%) to \$19.6421.29/sq. ft. of habitable space for high density condominiums and to \$253.801/sq. ft. of habitable space for all other Dwelling Unit types. Regardless of the option chosen, no final inspection will be approved, and no occupancy permit will be issued for any Dwelling Unit unless all required Affordable Housing In-Lieu Fees for the project have been paid in full. "Habitable Space" means floor area within a Dwelling Unit designed, used, or intended to be used exclusively for living and sleeping purposes and exclusive of vents, shafts, eaves, overhangs, atriums, covered entries and courts and any portion of a structure above ground used for parking, parking aisles, loading areas, or accessory uses.

2. Residential Development Projects – Two to Nine Units
Projects of two to nine units shall pay the following percentage of the fee calculated pursuant to
Section 1 above:

Number of Units in the Project	Percentage of Calculated Fee
2	50%
3	67%
4	75%
5	80%
6	83%
7	86%
8	88%
9	89%

3. Fractional Units

If an applicant provides on-site Affordable Units under Chapter 10, Article 17 of the Hayward Municipal Code and elects to pay Affordable Housing In-Lieu Fees for a fractional unit, the fractional in-lieu fee payment shall be calculated as follows:

Fractional Unit/Total Affordable Unit Requirement x Per Square Foot Fee x Total Habitable Square Footage in the Project

- 4. Applications for Residential Development Projects of Two or More Units Deemed Complete as of December 20, 2017:
- a. Projects receiving all discretionary approvals by February 1, 2018: Affordable Housing Impact Fees in effect on December 20, 2017.
- b. Projects not receiving all discretionary approvals by February 1, 2018, provided that all

discretionary approvals and building permit(s) are obtained within two (2) years of December 20, 2017: 50% of the Affordable Housing In-Lieu Fee calculated under either Section 3(1) or Section 3(2) of RES 17 – 167, as applicable depending on the size of the project.

¹It is recommended that major projects be reviewed at a Pre-Application Meeting prior to submittal of a Development Review Application. A Code Assistance Meeting is also recommended involving project design to allow professionals to address technical code questions.

²This is an initial deposit only to cover staff labor hours and materials. The hourly rate may vary by department; the hourly rate of Planning staff is \$164. Materials being deducted from deposits may include costs associated with the distribution of required public noticing, such as legal ads and post cards; an overhead charge of \$0.10 per post card (in addition to applicable postage costs) will be applied to cover material and administrative costs. If during the review of the project the Planning Director estimates that the charges will exceed the deposit, additional deposit(s) will be required. Also, the Planning Director may authorize a lesser initial deposit than shown if he/she determines that processing of an application will not entail need for the full initial deposit. Prompt payments of deposits or outstanding fees owed in association with the application will assure continued staff review of the project. Any surplus deposit remaining shall be refunded promptly upon project completion.

1. SANITARY SEWER SERVICE CHARGES AND FEES

(1) Single family, duplex, triplex, and fourplex residential units, townhouses,	\$7,700.00
and planned developments	
(2) ADUs (where applicable), high density residential, and mobile homes, each	\$6,853.00
residential unit	
(3) Commercial, industrial, institutional and all other connections:	
Per gallon of daily capacity required to serve the user	\$21.51
Per pound per year of biochemical oxygen demand (BOD)	\$8.53
Per pound per year of suspended solids (SS)	\$9.17
Minimum charge	\$7,700.00

For the purposes of calculating non-residential sewer connection fees, carbonaceous biochemical oxygen demand (CBOD) and suspended solids (SS) will be reduced by 70% of the estimated values in the actual discharge, but not lower than the CBOD and SS for domestic wastewater, that is, 307 milligrams per liter and 258 milligrams per liter respectively. The property will be entitled to discharge CBOD and SS concentrations commensurate with the estimated actual concentrations. The volume component will not be reduced and will be calculated at 100% of the estimated discharge. The CBOD and SS reduction is applicable only to estimated daily discharge of 50,000 gallons or less. Discharge in excess of 50,000 gallons per day from a facility will be subject to a sewer connection fee based on full CBOD and SS concentrations. This provision will be in effect through September 30, 2023.

a. Interest Rates on Sewer Connection Fee Payment Agreements (Reference Hayward Municipal Code, Chapter 11, Article 3, Section 11-3.255)

All non-critical commercial and industrial users will be included in the above UCC classification that most closely represents the wastewater discharge strength and characteristics in comparison with domestic wastewater definition in the Regulations, as determined by the Director of Public Works. The UCC designation of a particular industry may not necessarily correspond to the Standard Industrial Classification (SIC) which may be assigned for other purposes.

Unclassified and Critical Users

(1) "Critical Users" and those whose discharge does not respond to any UCC because of variations inwastewater constituents or treatment costs shall pay an amount calculated in accordance with the following formula where,

$$C = V/M (160 Cv + CB \times BOD + CS \times SS)$$

C = Sewer service charge during period for which billing is calculated.

V= Volume of water consumed per hundred cubic feet (CCF) during period for which the billing is calculated (total of public water service, metered flow and all private sources, except those meters or services specifically identified for irrigation purposes only).

BOD= Average Biochemical Oxygen Demand, in milligrams per liter, from user during period for which the billing is calculated.

SS= Average Suspended Solids, in milligrams per liter, from user during period for which the billing is calculated.

	Eff. Oct 1, 2021	Eff. Oct 1, 2022
Cv = Treatment cost per hundred cubic feet of water	\$3.20168	\$3.2258
CB = Treatment cost per pound of BOD	\$0.74430	\$0.76912
CS = Treatment cost per pound of SS	\$0.99791	\$1.03367

M = 160 for users with separate irrigation meters; and 178 for users without separate irrigation meters.

(1) The minimum fee for each user shall be that established for one (1) Service Unit per month

File #: RPT 23-037

DATE: March 21, 2023

TO: Mayor and City Council

FROM: Councilmembers Andrews and Syrop

SUBJECT

City Council Referral: Accelerating BART Transit Oriented Development in Hayward

RECOMMENDATION

That Council reviews the attached Council referral memo and provides direction to staff.

SUMMARY

A formal Council referral was received from Councilmembers Andrews and Syrop on March 7, 2023 based on interest to explore the possibilities of accelerating transit oriented development in partnership with BART in Hayward. The referral requests that staff:

- 1. Engage with BART staff to improve Hayward's ranking in BART's Phase II TOD work plan, beginning now and until BART completes Phase II reprioritization.
- 2. Invite BART staff to present at the upcoming meetings for the Council Infrastructure Committee and Council Economic Development Committee on:
 - a. The status of its Phase II TOD work plan.
 - b. Recommendations on how to best allocate surplus funds from the recent dissolution of the South Hayward BART JPA.
- 3. Identify and evaluate current local, regional, state, and federal funding opportunities that can improve Hayward's prioritization ranking in BART's Phase II TOD work plan.

Staff has learned that BART will soon release a survey to local jurisdictions in the BART district. This survey will refine BART's planning for current and future Transit Oriented Development (TOD) opportunities near BART stations. It will also update the prioritized list of BART-owned or operated land for future TODs. Staff will continue to engage with BART, will work on scheduling a presentation at the Council Infrastructure Committee and the Council Economic Development Committee for their

File #: RPT 23-037

recommendations, and will reengage with the full Council when appropriate. As these initial efforts will not require significant staff time, staff recommends proceeding with scheduling the presentations from BART and completing the upcoming survey without reprioritizing other work.

Attachment I Council Referral Memo

COUNCIL REFERRAL MEMORANDUM

To: Hayward Mayor and City Council

From: Council Members George Syrop and Angela Andrews

Subject: Referral - Accelerating BART Transit Oriented Development in Hayward

Date: 3/8/2023

BACKGROUND:

During a recent Council Worksession, multiple Council Members indicated an interest in engaging in conversations with Bay Area Rapid Transit District (BART) to accelerate the activation of its Hayward station parking lots and provide housing solutions and other amenities for Hayward residents. Information was received that BART is considering reprioritizing which stations will be developed as part of Phase II of its Transportation Oriented Development (TOD) work plan. Additionally, cities that have been able to contribute at least \$3M towards development have been able to improve their prioritization.

SUMMARY:

This referral requests that Council direct staff to:

- 1. Engage with BART staff to improve Hayward's ranking in BART's Phase II TOD work plan, beginning now and until BART completes Phase II reprioritization.
- 2. Invite BART Staff to present at the upcoming meetings for the Council Infrastructure Committee and Council Economic Development Committee on:
 - a. The status of its Phase II TOD work plan.
 - b. Recommendations on how to best allocate surplus funds from the recent dissolution of the South Hayward BART JPA.
- 3. Identify and evaluate current local, regional, state, and federal funding opportunities that can improve Hayward's prioritization ranking in BART's Phase II TOD work plan.

STRATEGIC ROADMAP:

This referral supports the Strategic Priorities to: Invest in Infrastructure and Preserve, Protect, and Produce Housing for All. Specifically, this referral relates to the following projects:

Increase transit options and ridership

Project N4e: Continue to work with BART to encourage transit-oriented development on BART owned property in Hayward.

Pursue state housing funding opportunities

Project H7a: Identify and respond to regulations to ensure that Hayward or Hayward supported projects qualify for state housing funding.
