“Permanent Change of Schedule Side Letter”

This is a side letter agreement between IAFF Local 1909, through its President, and the duly appointed Fire Chief. The purpose of this agreement is to change the existing 56 hour per week work schedule which states that employees shall alternately be on duty for five (5) 24-hour shifts, with a 24-hour duty period off between each on duty shift. All such shifts shall commence at 0800 hours and end at 0800 hours the following morning. Following the fifth duty shift scheduled, employees shall then be off for six (6) consecutive calendar days.

The new 56 hour per week work schedule will state that employees will be on for two (2) consecutive 24 hour shifts. All shifts shall commence at 0800 and end at 0800 two (2) calendar days later. Following the two (2) consecutive 24 hour shifts, employees shall then be off for four (4) consecutive calendar days. During all periods while off duty, employees are still subject to call back if needed.

Garrett Contreras

Fire Chief

Hayward Fire Department
