Hello Rex,
Based off our review, Marina will agree to withdraw our bid for Main Street project.
We would like to point out that RMT's entire bid is the same or equal value to our irrigation number in which we are comfortable that we bid this the correct way.

Please let me know if you have any questions.

Thank you and have a great weekend.

Good Morning Tino, Though it is unethical to share competitors quote but being a unique situation and moreover we have nothing to hide we don't mind sharing the quote. We just overlooked deleting Marina as a sub-contractor and we want this mistake to get resolved amicably and in best interest of everyone. Please see attached. Your early response will be greatly appreciated.

Good morning Rex,

Thank you for the call yesterday. We'd like to help assist you in this matter I had to raise the matter with upper management.

So, in order for us to do that our Chief Estimator wants to take a look at RMT's proposal first. Based on our long experience of 53 years in business we feel that the rate that's shown on the bid results for RMT doesn't quite add up. When you have a moment, please send RMT's proposal for our review and we will inform as soon as possible with final decision.

Thank you.
