

29212 Mission Blvd., Hayward - Affordable Housing Plan

The True Life Companies is creating a neighborhood that will effortlessly connect people to the outdoors and the opportunities within the thriving Bay Area. TLC has crafted a Mixed-Use community combining both 189 homes and over 10,000 square feet of commercial space. With the understanding that affordable housing enhances the quality of life, improves the economic outlook of its residents and revitalizes neighborhoods, The True Life Companies proudly offers the following Affordable Housing Plan as a critical component of our 29212 Mission Blvd., Mixed-Use proposal.

The True Life Companies will provide a total of 20 “for sale” condominium units spread throughout Buildings A and B. These condominium units will be available to those who qualify as a “Moderate Income Household” as defined in the City’s Affordable Housing Ordinance. There will be thirteen “Unit One” homes offered comprised two-bedrooms, two bathrooms and approximately 1127 square feet of single level living. Additionally, there will be seven “Unit Two” homes available comprised of three-bedrooms, two bathrooms and are approximately 1408 square feet of single level living. These 20 units comply with the City of Hayward’s directive to provide 10% of the units in any new development project at affordable income levels. Attached are three exhibits exemplifying the distribution of the 20 affordable units.
