Dear Mr. Stefanski,

Alta Mira Apartments are managed by Eden Housing, a non-profit organization that offers affordable housing to low income families, seniors, and people with disabilities. There are currently 355 residents residing in this apartment complex located on Mission Blvd.

We, the undersigned, are writing to kindly request that some of the reserved BART parking be removed from the street on Mission Blvd in front of the Alta Mira Apartments. As residents, especially those of us who are seniors or handicapped, we need to have parking available for our family members and care providers. Many of us do not own cars and rely on others to transport us. At this moment, there are no parking spots surrounding our property, which has required us to walk long distances from a parked location. We hope you will strongly consider eliminating some of BART parking in front of our home in order to accommodate our needs.

Thank you,

Alta Mira Residents
