Mayor Halliday opened the public hearing at 8:46 p.m.

MINUTES OF THE CITY COUNCIL MEETING
Council Chambers
777 B Street, Hayward, CA 94541
Tuesday, July 17, 2018, 7:00 p.m.

Mr. Steven Cassidy, Hayward Wellness Center representative, noted his company did not make the final round of applicants and recommended that the second-round process include an appeal right and early notification of the scores.

Mr. Andrew Berman, Harborside Chief Executive Officer, asked the Council to consider his application as it was the second highest scoring applicant, and if a fourth applicant is selected to consider applicants who had scored favorably in the process.

Mr. Hector Villasenor, Hayward resident, expressed concern about the information provided in the applications of the companies that were awarded permits for dispensaries.

Ms. Elba Villasenor, Hayward resident, expressed there was lack of commitment to education in the three selected applications and suggested that Council verify how they will contribute to the community.

Mr. Patrick Orosco, Hayward landlord and investor, asked the Council to consider the setback requirements in the ordinance in the context of downtown.

Ms. Esther Lopez, Hayward resident and Aunty Honey's applicant, confirmed she will secure a place for her business, will work with Women on the Way Recovery Center, will have staff with medical knowledge, and will provide public education in multiple languages.

Mr. Jay Handal, Jiva Life, Inc. Chief Operating Officer and his team, spoke about community benefits provided in his dispensaries and responded to questions about parking space for their proposed dispensary, declaration of nondiscrimination, process for providing service, and onsite consumption.

Mayor Halliday closed the public hearing at 9:50 p.m.

Council Member Mendall offered a motion per staff's recommendation to issue a Commercial Cannabis Permit to Aunty Honey's, Hayward Station, and Jiva Life, Inc. Council Member Peixoto seconded the motion.

Mayor Halliday and Council Members were in general support of the motion noting they appreciated the diversity and quality of the selected applicants; local businesses in downtown supported the type of industry; there were community and local hire benefits,

vacant buildings would be occupied; there were union and community partnerships; there were safeguards in place and permits could be revoked; there would be a Conditional Use Permit (CUP) and entitlement process; and the action was in alignment with the voter approval of 2016 related to the legalization of cannabis and Measure EE and the enactment of a general tax for products associated with cannabis.

Council Member Lamnin recommended to staff that future processes allow for a comment period similar to the CDBG process; publish score sheets early in the process; have an education component about use and abuse for minors and adults; consider a community benefit agreement for all applicants, and for Aunty Honey's to connect with Women on the Way Recovery Center.

Council Member Salinas indicated he would not be supporting the motion because there would be five dispensaries in the area after the City approves the three applicants; cannabis was adding to the list of unhealthy store choices; cannabis was not permitted in other neighborhoods; and the industry would not support businesses in downtown and would deter families from coming to downtown.

It was moved by Council Member Mendall, seconded by Council Member Peixoto, and carried with the following vote, to adopt the resolution:
