**Subject:** Mission Seniors Development, please share with Planning Commission

Dear Members of the Planning Commission,

I cannot attend your meeting tomorrow due to a scheduling conflict, so I am submitting my comments regarding the Mission Seniors Development at this time.

I hope your Commission will approve this unique project as I believe it would be a valuable asset to the south Hayward area. This development will offer those 55 and older seeking to downsize with a little luxury, the opportunity to do so in Hayward, a place that is close proximity to many public transit options, restaurants, parks, and culture. The architectural design of this project is beautiful and would be very welcome at a location that for too long has suffered by blight.

Furthermore, this elegant project will draw those with higher incomes which could lead to an increase in usage of the Mission Hills of Hayward Golf Course nearby, while also enabling south Hayward to attract a higher quality grocery store that is so lacking here now.

Thank you in advance for considering your support of the Mission Seniors Development.

Sincerely,

Minane Jameson
