

Mayor Barbara Halliday
& Hayward City Council

October 14, 2020

I would like to begin by thanking the Council for allowing me the opportunity to serve the City of Hayward as a Keep Hayward Clean and Green Task Force Member for the last 3 years. I have enjoyed my time as a member and as Chairwoman helping KHCG's community presence, recognition, and event attendance grow.

The Task Force was a great source of joy and passion in my life. I have worked tirelessly in my personal and professional life to maintain a life in Hayward so I could fill this position.

Unfortunately, due to COVID-19 and the cost of housing in the City of Hayward, I can no longer remain a Hayward resident. Thus, I must resign from my position as a Keep Hayward Clean and Green Task Force Member altogether effective on December 1, 2020.

The City of Hayward will always hold a special place in my heart. This city and the people in it will be terribly missed.

All My Best,
