

Hayward Area Recreation and Park District

Creating Community Through People, Parks and Programs

The Hayward Area Recreation and Park District (HARD) is an independent special district established in 1944 to manage and operate parks and recreational facilities and provide programs and services for the City of Hayward and unincorporated Alameda County including Ashland, Castro Valley, Cherryland, Fairview, and San Lorenzo. An elected five-member Board of Directors governs H.A.R.D., they develop policy and exercise oversight of property tax revenues, user fees, and the recently approved \$250-million-dollar Measure F-1 Bond.

The Board of Directors and District Staff work to achieve the District's Mission "to enrich the quality of life for all community members by providing a wide range of recreational activities, parks, and facilities that meet the diverse needs and interests of the entire community and promote health, well-being, learning, and fun."

H.A.R.D. has committed to providing a wide range of programming and activities for all ages, and accessible/inclusive recreational opportunities for all community members, including special programs and services for seniors, people with disabilities, and low-income families within the District's jurisdiction.

H.A.R.D. Board of Directors

President
Sara Lamnin

Term: 2022-2026

Vice President
Rick J. Hatcher

Term: 2024-2028

Secretary
Peter Rosen

Term: 2024-2028
