Hello Miriam,

I hope this message finds you doing well. Can you please pass this information along to the Mayor and Council.

Thank you,

Elisa Márquez (She/her/ella) Supervisor, Second District

# AFFORDABLE HOUSING

MONDAY, OCT. 16 AT 5PM Hayward Library at 888 C St.

Join Supervisor Márquez to learn and share your thoughts about a possible \$10 to \$20 billion Bay Area-wide affordable housing bond that is being proposed for the November 2024 ballot.

### Item# 1

MIN 23-101

Memo to amend the September 26 City Council meeting minutes

**DATE:** October 10, 2023

**TO:** Mayor and City Council

**FROM:** City Clerk

**SUBJECT** September 26, 2023 City Council Meeting Minutes

This serves to amend the September 26 City Council meeting minutes.

#### Page six, first paragraph, currently reads:

Council Member Andrews agreed with her colleagues on the restorative justice aspect and supported an administrative approach; agreed with addressing the issue through education at schools but noted that a lot of the activity stemmed from outside the community; wanted to learn about the outcome of the meeting between San Jose and Silicon Valley about deterring sideshows with social media companies; supported privacy and First Amendment rights, but was also interested in impacts from criminal behavior and requested year-to-year data be provided; supported the urban design approach and urged staff to be more creative in responding to requests for traffic calming and evaluating through a lens of preventing escalation of activities, and not involving law enforcement when not needed; was interested in community engagement and indicating where such activities were legal, but was reluctant in sanctioning it due to liability and insurance reasons; and added that information on the topic be a part of the education to the community.

#### Proposed to read:

Council Member Andrews agreed with her colleagues on the restorative justice aspect and supported an administrative approach; agreed with addressing the issue through education at schools but noted that a lot of the activity stemmed from outside the community; wanted to learn about the outcome of the meeting between San Jose and Silicon Valley about deterring sideshows with social media companies; supported privacy and First Amendment rights, but was also interested in impacts from criminal behavior and requested year-to-year data be provided; supported the urban design approach and urged staff to be more creative in responding to requests for traffic calming and evaluating through a lens of preventing escalation of activities, and not involving law enforcement when not needed; stated she did not want illegal sideshows due to the cost impact to the community; and added that there should be education on where it is allowed.

With the change noted above, I respectfully request approval of the amended minutes.

PH 23-038

Sidewalk Vendor Program

From: Jesse Gunn
To: List-Mayor-Council

Subject: Upholding the intentions of SB946

Date: Monday, October 9, 2023 5:29:53 PM

**CAUTION:** This is an external email. Do not click on links or open attachments unless you know the content is safe.

Dear members of Hayward City Council,

I am writing to urge you to uphold the spirit and intent of California's Senate Bill 946, which decriminalized sidewalk vending. As a resident of South Hayward, I have seen the positive impact that sidewalk vending has had in the area.

To understand the purpose of SB946 and your duty to uphold it, we have to look no further than the text of the bill itself to explain why it is so important that you do so:

- (1) Sidewalk vending provides important entrepreneurship and economic development opportunities to low-income and immigrant communities.
- (2) Sidewalk vending increases access to desired goods, such as culturally significant food and merchandise.
- (3) Sidewalk vending contributes to a safe and dynamic public space.
- (4) The safety and welfare of the general public is promoted by encouraging local authorities to support and properly regulate sidewalk vending.
- (5) The safety and welfare of the general public is promoted by prohibiting criminal penalties for violations of sidewalk vending ordinances and regulations.

I strongly encourage the council to ensure compliance with SB946 by refraining from enacting overly restrictive regulations that undermine the rights of sidewalk vendors to conduct business. The law was designed to protect and empower them, to revitalize neighborhoods and provide an economical pathway to small business ownership. Any permit process should include a plan for education and assistance of existing sidewalk vendors in the acquisition of necessary permits.

I also encourage you to undergo in-person community engagement. I am curious how many members of council have visited sidewalk vendors to find out what their needs are, just as you regularly meet with members of the Chamber of Commerce.

Being in South Hayward, I love the sense of community that these sidewalk vendors have **created** in our city. It was not the Council that created these spaces. It was residents during a time of uncertainty during covid19 that responded to a need, when our city had not, revitalized street corners & walkways that had been neglected for years; who then supported each other to uplift whole neighborhoods.

Areas such as Leidig Court and Huntwood Avenue are prime examples. This street corner was typically used as a dumping site, a place with unchecked grafiti and abandoned cars. Instead of restricting and handing out administrative fines, we should respond with support.

I sincerely hope that Council honors and respects that.

--

Jesse Gunn, He/Him

Community Services Commissioner, City of Hayward

To: List-Mayor-Council < <u>List-Mayor-Council@hayward-ca.gov</u>> Subject: PH23-038 Sidewalk Vendor Program Public Comment

CAUTION: This is an external email. Do not click on links or open attachments unless you know the content is safe.

Dear Mayor Salinas and Hayward City Councilmembers,

I hope you are well and have had a good weekend. I felt compelled to write to you about the upcoming Public Hearing Item (PH23-038) on the proposed Sidewalk Vending Ordinance. After the discussion during the Work Session back in June, I wanted to make clear my support for sidewalk vendors and the benefits they bring to the community, as well as bring up items of concern for your consideration.

Firstly, I want to call your attention to the survey which was conducted by City Staff and which was supposed to inform this ordinance. Given that over 60% of respondents were over the age of 40, I take issue with the idea that this is in any way representative of our City's population. Only 12% of Hayward residents are 65 or older according to the most recent Census (whereas 25% of the respondents were over 60), and 21% are under 18 (only .21% in the survey). This means the survey is not representative of our City and the data should be viewed with a critical eye.

Secondly, I'd like to voice some concerns about where vendors are actually supposed to operate. The proposed ordinance states that vendors are only allowed to operate on sidewalks or other public footpaths and are simultaneously required to maintain 4 feet of sidewalk clearance for ADA compliance. I support each of these individually, but together this makes it functionally impossible for a vendor to operate throughout much of the city. Some sidewalks are as narrow as 4.5 feet across, basically preventing any vendors from operating there. It would be helpful for staff to draw up a map of accommodating sidewalks to highlight just how many places there are available to prospective vendors.

Thirdly, I want to commend City Staff on ensuring multiple non-citation warnings are given prior to any administrative citations. My hope is that the warnings will be available in the most prominent non-English languages in the City including, but not limited to: Spanish, Mandarin/Simplified Chinese, and Tagalog. This should include the verbal warnings in order to comply with the Americans with Disabilities Act, which includes dyslexia as a protected disability. Also, I would encourage Council to consider implementing fines below the state maximum at which they are currently set.

Finally, I want to reiterate that I strongly support having street vendors. As was noted during the Hayward Live! festivities this summer, street vendors, even in front of local businesses, can liven up and activate an area in a way that few other things can. It can prevent blight, lower crime rates by increasing foot traffic, and provide accessible food in areas unserved by brick-and-mortar businesses due to our outdated zoning laws. It also provides a pathway, as is exemplified by Antonio Solario of Tacos Uruapan, from a street vendor to a brick-and-mortar business with minimal start-up costs.

There are, and will always be, bad actors, but it is unjust for the City Councilmembers to hold decades-long grudges against an entire class of businesses because of one bad

**experience**. Brick-and-mortar restaurants *are* hurting: inflation, rising minimum wages, and a slow post-pandemic recovery have all hurt the already-slim margins with which brick and mortar restaurants operate. They absolutely need help and economic stimulus to recover. But **using sidewalk vendors as a scapegoat for larger economic issues** will not help them: it won't bring down the cost of butter, it won't bring in more customers, it won't lower the cost of living.

Instead of criminalizing sidewalk vending, we should work hard to make it accessible to vendors and safe for customers, all of which will make it beneficial for the whole City.

Thank you for your time, and I look forward to the discussion tonight.

All the best, Collin Thormoto Community Services Commission From: Anna May, REALTOR
To: List-Mayor-Council
Subject: Sidewalk vendors

Date: Tuesday, October 10, 2023 7:01:01 PM

**CAUTION:** This is an external email. Do not click on links or open attachments unless you know the content is safe.

Thank you for addressing the sidewalk vending in the City of Hayward.

Hayward is one of the top-most diverse cities in the entire country, which means many of us come from places where sidewalk vending is the norm, and part of our inherent culture. My home country has street vending as a popular cultural identifier, and many of my family members see street food as "comfort food", a flavorful reminder of the nostalgia of where and when they grew up.

However, even my home country has places where the popular street foods are located in specific designated locations, well-organized and with restroom and washing facilities. We see this here in our local farmers markets, as a modern example.

There are reasons the street vendors' wares are considered warm and nostalgic, but they also indicate other issues that come with the territory of selling items randomly on our street corners. My family came here to the United States to escape poverty, and seeing the street vending the way we have here indicates a decline in living standards which many people strive to steer clear of in their daily lives. The decline in standards has caused us to become desensitized and even consider it "normal" to have people setting up camp on public property sleeping, selling, loitering, panhandling, etc.

Here, we experience random street vendors in residential neighborhoods on street corners, a smoky air-polluted cook-out off a busy intersection, and unrelated sidewalk vendors outside of food service / restaurant establishments. The street vendors do this outside of where restaurant owners pay rent taxes and utilities and employ people. The restaurant owners/operators are the ones contributing to the brick & mortar vibrancy of our community, not the street vendors.

Though we are at the whim of the higher state law, your efforts to focus on quality of life and the image of our city is very much appreciated.

Street vending in our city is a hot-button for so many people, many of whom refrain from speaking out publicly because they'll be called inappropriate names unfairly, so it is wise that you are tackling this issue from a public health perspective.

You have widespread support from your constituents to be as stringent as you possibly can in dealing with this issue. Please help clean up our streets and make sure our neighborhoods are solid and vibrant. Improve what we have here, and support those who keep their venue doors open by raising the standards of everyone else around us.

Signed,

#### Anna May

A former Hayward restaurant owner and current patron of the brick & mortar businesses who strengthen our community

**DATE:** October 3, 2023

**TO:** Mayor and City Council

**FROM:** Director of Public Works

**SUBJECT:** Response to Council Referral Memorandum: A Bench for Every Stop

#### **SUMMARY**

The City of Hayward has a total of 363 transit stops and only 63 stops of the total have bus shelter and seating available, leaving the remaining 300 stops without seating. To improve access and comfort for transit riders, the implementation of Simme Seats, which are small one to two-seater benches, was explored. The cost estimates for installation and maintenance are summarized below as informed by AC Transit:

#### **Simme Seat Installation Cost**

Material, Installation (including minor Concrete work): \$2000 per Unit Installation cost for all 300 transit stops without shelters: \$600,000

The total cost for multiple installation may be less than \$2,000 per unit due to economies of scale. The total cost will be determined after the total number of units is determined.

#### **Simme Seat Maintenance Cost**

Pressure washing: \$30 per Unit

Cleaning/Trash Pickup/Graffiti Removal: \$25 per Unit

Based on the maintenance cost of each Simme Seat, monthly and annual maintenance costs were calculated for the high-range scenario, which assumes bi-weekly cleaning and monthly pressure washing, and the low-range scenario, which involves both cleaning and pressure washing once a month. The two cleaning frequency scenarios have been selected to give Council a sense for the cost. The actual required frequency can be determined in future discussions with AC Transit. The estimated costs of the two scenarios are shown in the table on page 2:

<b>Bus Shelter Installations Cost</b>	Estimated Cost			
Material & Installation Cost per Unit (One-Time Fee)	\$2,000			
Material & Installation Cost for 300 Stops (One-Time Fee)	\$600,000 (or less, due to economies of scale)			
Bus Shelter Maintenance Cost	High-Range (Bi-Weekly Cleaning & Monthly Pressure Washing)	Low-Range (Monthly Cleaning & Monthly Pressure Washing)		
Monthly Maintenance Cost per Unit	\$84	\$55		
Annual Maintenance Cost per Unit	\$1,010	\$660		
Monthly Maintenance Cost for 300 Stops	\$25,250	\$16,500		
Annual Maintenance Cost for 300 Stops	\$303,000	\$198,000		

It is noted that the estimated maintenance costs assume Simme Seats are installed at all stops without seatings (300 stops). The actual cost and number of transit stops may be modified upon completion of the ongoing Accessibility Study conducted to determine stops suitable for street furniture installations.

#### **NEXT STEPS**

Below are the next steps as requested in the Council referral memorandum:

- 1. **Collaboration with AC Transit** to conduct an expedited Accessibility Study of Hayward's bus stops to determine which stops are suitable for the installation of street furniture before the end of FY23/24. The Referral memo suggests that this collaboration may include financial support from the City not to exceed \$30,000, as stated in the referral memo.
- 2. **Pilot** five (5) low-cost Simme Seat at the highest priority shelter-less bus stops according to AC Transit's Overall Index Score for each stop to determine the cost of maintenance while AC Transit conducts the Accessibility Study from Step 1. The pilot program is needed to help determine the suitable frequencies of maintenance and potential benefits of Simme Seats such as a rise in ridership.
- 3. **Develop** a staff report and project proposal that outlines the cost of installation and maintenance of bus benches across all bus stops in Hayward that currently do not have a shelter and meet the accessibility requirements determined by the Accessibility Study from Step 1. Installation of benches should be prioritized by AC Transit's Overall Index Score for each stop. Staff's proposal should include a funding

strategy to complete this initiative within five (5) years, utilizing dollars from our CIP budgets, grants, Measure BB, support from local organizations to "adopt" or sponsor a bench, and/or any other relevant funding sources.

4. **Present** the project proposal and results of the pilot to the City Council for adoption before the end of 2024.

Prepared by: Jade Kim, Assistant Transportation Engineer

Kathy Garcia, Deputy Director of Public Works
