

**DATE:** February 19, 2019

**TO:** Mayor and City Council

**FROM:** Development Services Director

**SUBJECT:** Approval of Final Map Tract 8319 (Gading I), Associated with the Previously Approved Vesting Tentative Tract Map and Development of 20 Single Family Homes on a 1.75-Acre Site Located at 25906 Gading Road; Blue Mountain Communities (Applicant/Owner)

### **RECOMMENDATION**

That the City Council adopts the attached resolution (Attachment II) approving Final Map 8319, finding it in substantial conformance with the approved Vesting Tentative Tract Map 8319 and the Conditions of Approval thereof, and authorizing the City Manager to take other administrative actions and execute a Subdivision Agreement and such other documents as are appropriate to effectuate the required improvements for the development located at 25906 Gading Road.

### **SUMMARY**

The Applicant has submitted a Final Map and Improvement Plans that have been reviewed and determined to be in substantial compliance with the approved Vesting Tentative Map for Tract 8319 by the City Engineer. City Council's approval of the attached resolution would approve the Final Map and authorize the City Manager to execute a Subdivision Agreement between the City and Applicant for the construction of improvements and other obligations required per conditions of approval of the Vesting Tentative Tract Map.

If the City Council approves the Final Map, the applicant will have the final map recorded, obtain construction permits, and commence the construction of improvements shown on the approved Improvement Plans.

### **BACKGROUND**

Per State law, Tentative Tract and Final maps are required for all subdivisions creating five or more parcels. A Tentative Tract Map is required to ensure that any proposed development complies with the Subdivision Map Act, the California Environmental Quality Act, Planned Development guidelines, the City Subdivision Ordinance, Zoning Ordinance, Building Regulations, the Hayward General Plan and Neighborhood Plans, and the site-specific requirements of the Development Services, Public Works, Fire, and Police Departments.

After the Tentative Map and Precise Plan are approved, the Applicant submits the Final Subdivision Map and Improvement Plans for review and approval by the City Engineer (and subsequent recordation of the Final Map after Council review and approval) before proceeding with obtaining grading and building permits for the construction of improvements. The developer is also required to file a Tentative Map and Final Map so that the 20 detached single-family homes may be sold individually.

On July 5, 2016, Council approved the Vesting Tentative Tract Map and other discretionary approvals to subdivide the properties and build 97 detached single-family homes. The Vesting Tentative Map expires on March 15, 2019.

The applicant initially filed Improvement Plans and the Final Map with the City Engineer for review and approval in March 2019.

## **DISCUSSION**

Tract 8319 is located across one (1) parcel totaling 1.75-acres at 25906 Gading Road (see Attachment III- Vicinity Map). The project proposes 20 single family homes at this location.

The Subdivision Improvement Plans and Final Map (Attachment V) were reviewed by the City Engineer and were found to be in substantial compliance with the Vesting Tentative Map and in conformance with the Subdivision Map Act and Hayward's subdivision regulations. There are no significant changes to the Final Map as compared to the approved Vesting Tentative Tract Map.

The City Council's approval of the Final Map shall not become effective until and unless the developer enters into a Subdivision Agreement with the City for the construction of improvements and other obligations required per the conditions of approval of the Vesting Tentative Tract Map.

On July 5, 2016, the Hayward City Council adopted a Mitigated Negative Declaration for the project and no additional environmental review is required for approval of the Final Map.

## **ECONOMIC AND FISCAL IMPACT**

The Final Map approval is consistent with the approved project and the Final Map approval will not have any fiscal or economic impacts other than those identified during the original project approvals.

## **STRATEGIC INITIATIVES**

This agenda item supports the Complete Communities Strategic Initiative. The purpose of the Complete Communities initiative is to create and support structures, services, and amenities to provide inclusive and equitable access with the goal of becoming a thriving and promising place to live, work and play for all. This item supports the following goal and objectives:

Goal 2: Provide a mix of housing stock for all Hayward residents and community members, including the expansion of affordable housing opportunities and resources.

Objective 2: Facilitate the development of diverse housing types that serves the needs of all populations

Objective 3: Conserve and improve the existing housing stock

## **PUBLIC CONTACT**

A public hearing is not required for the filing of the Final Map for Tract 8319. Public hearings were already conducted as part of the approval of the Vesting Tentative Map application for Tract 8319.

## **NEXT STEPS**

If the City Council approves the Final Map, the applicant will have the final map recorded, obtain construction permits, and commence the construction of improvements shown on the approved Improvement Plans.
