Subject: Resignation from KHCG task force Request

CAUTION: This is an external email. Do not click on links or open attachments unless you know the content is safe.

Hi Miriam and Colleen,

I have enjoyed getting to know the team and seeing work being done for the city of Hayward. It has been a challenge for me to be provide the time and effort that the task force and subcommittees require and deserve. I was diagnosed with some health issues that causes me a lot of pain and exhaustion and the hours we end up needing to serve at each event is a lot for me and my doctor has advised that I do not over do it.

I hope that after treatment things look better and I can return to help.

Thank you,
Linda Xu
