Subject: Resignation

To Whom it May Concern,

It is with a heavy heart that I must resign from the Keep Hayward Clean & Green Task Force, effective immediately. I am currently dealing with several health and family issues that has caused me to no longer have the necessary time needed to dedicate to the Task Force.

I would like to say that I am extremely proud of the work that has been done in the small amount of time that I have been a part of Task Force. I feel like real strides have been taken towards evolving the group into a invaluable part of our city.

I would like to acknowledge Angela for her leadership and dedication; I cannot wait to see what the future will bring. I would also like to thank Councilman Mendall, Rod, Todd and Kimberly, along all of the city staff for their support.

I have not made this decision lightly and honestly regret having to do so. However, knowing that the Task Force is in such caring and dedicated hands gives me optimism for its potential going forward.

Sincerely,

Stephen Ochoa
