SEC. 10-1.145 REASONABLE ACCOMMODATION.

- A. Purpose. The purpose of this Section is to provide a procedure for individuals with disabilities to request reasonable accommodation in seeking equal access to housing under the federal Fair Housing Act and the California Fair Employment and Housing Act (hereafter "Acts") in the application of zoning laws and other land use regulations, policies, and procedures.
- B. Applicability.
 - 1. A request for reasonable accommodation may be made by any person with a disability or their representative, when the application of a requirement of this zoning code or other City requirement, policy, or practice acts as a barrier to fair housing opportunities. For the purposes of this section, a "person with a disability" is any person who has a physical or mental impairment that limits or substantially limits one or more major life activities, anyone who is regarded as having such impairment or anyone who has record of such impairment. This section is intended to apply to those persons who are defined as disabled under the Acts.
 - 2. A request for reasonable accommodation may include a modification or exception to the rules, standards, and practices for the siting, development, and use of housing or housing-related facilities that would eliminate regulatory barriers and provide a person with a disability equal opportunity to housing of their choice.

-
3. A reasonable accommodation is granted only to the household that needs the accommodation and does not apply to successors in interest to the site.
 4. A reasonable accommodation may be granted in compliance with this Section without the need for the approval of a variance.
- C. Procedure.
1. A request for reasonable accommodation shall be submitted on an application form provided by the Development Services Department or in the form of a letter to the Director of Development Services, and shall contain the following information:
 - a) The applicant's name, address, and telephone number;
 - b) Address of the property for which the request is being made;
 - c) The current use of the property;
 - ~~d) The basis for the claim that the individual is considered disabled under the Acts, including verification of such claim;~~
 - ~~ed) The zoning code provision, regulations, or policy from which reasonable accommodation is being requested; and~~
 - ~~fe) Without disclosing a medical diagnosis, explain how ~~Why~~ the reasonable accommodation is necessary to make the specific property accessible to the individual based on their disability-related limitations.~~
 2. If the project for which the request for reasonable accommodation is being made requires some other discretionary approval (including use permit, design review, etc.), then the applicant shall file the information required by Subsection C1 of this Section for concurrent review with the application for discretionary approval.
 3. A request for reasonable accommodation shall be reviewed by the Director of Development Services or his/her designee, if no approval is sought other than the request for reasonable accommodation. The Director or his/her designee shall make a written determination within ~~30~~45 days of the application being deemed complete and either grant, grant with modifications, or deny a request for reasonable accommodation.
 4. A request for reasonable accommodation submitted for concurrent review with another discretionary land use application shall be reviewed by the ~~applicable deciding body~~ Planning Commission. The written determination on whether to grant or deny the request for reasonable accommodation shall be made by the ~~deciding body~~ Planning Commission in compliance with the applicable review procedure for the discretionary review.
- D. Approval ~~Findings~~. The written decision to grant or deny a request for reasonable accommodation will be consistent with the Acts and shall be based on consideration of the Application materials, following factors:
- ~~1. Whether the housing in the request will be used by a person with a disability under the Acts;~~
 - ~~2. Whether the request for reasonable accommodation is necessary to make specific housing available to a person with a disability under the Acts;~~
 - ~~3. Whether the requested reasonable accommodation would impose an undue financial administrative or enforcement burden on the City;~~
 - ~~4. Whether the requested reasonable accommodation would require a fundamental alteration in the nature of a City program or law, including but not limited to, land use and zoning;~~
 - ~~5. Potential impact on surrounding uses;~~

~~6. Physical attributes of the property and structures; and~~

~~7. Other reasonable accommodations that may provide an equivalent level of benefit.~~

- E. Conditions of Approval. In granting a request for reasonable accommodation, the Director of Development Services or his/her designee, or the Planning Commission as the case might be, may impose any conditions of approval deemed reasonable and necessary to ensure that the reasonable accommodation addresses the purpose of this Ordinance~~would comply with the findings~~. The condition shall also state whether the accommodation granted shall be removed in the event that the person for whom the accommodation was requested no longer resides on the site.
- F. Appeals.
1. Any person dissatisfied with any action of the Director of Development Services pertaining to this Section may appeal to the Planning Commission within 10 days after written notice of the Director's decision is sent to the applicant. The appeal is taken by filing a written notice of appeal with the Director of Development Services and shall specify the reasons for the appeal and the grounds asserted for relief.
 2. Any person dissatisfied with any action of the Planning Commission pertaining to this Section may appeal to the City Council within 10 days after the rendition of the decision of the Planning Commission. The appeal is taken by filing a written notice of appeal with the Director of Development Services and shall specify the reasons for the appeal and the grounds asserted for relief.
 3. The City Council shall, by resolution, adopt and from time to time amend a fee for the filing of appeals. Such fee shall be for the sole purpose of defraying costs incurred for the administration of appeals. The fee for an appeal shall be paid at the time of and with the filing of an appeal. No appeal shall be deemed valid unless the prescribed fee has been paid.
 4. If an appeal is not filed within the time or in the manner prescribed in this subsection, the right to review of the action against which the complaint is made shall be deemed to have been waived.
 5. After filing an appeal, the appropriate hearing body shall conduct a public hearing for the purpose of determining whether the appeal should be granted. Written notice of the time, date, and place of hearing shall be given to the appellant, and to any other persons who have filed a written request for notice. Such notices shall be mailed to the appellant and the applicant at least ten days prior to the hearing.
 6. The Planning Commission or City Council shall review de novo the entire proceeding or proceedings relating to the decision, and may make any order it deems just and equitable, including the approval of the application. Any hearing may be continued from time to time.

SEC. 10-1.945 MINIMUM DESIGN AND PERFORMANCE STANDARDS.

The City recognizes that high-quality design of commercial and residential structures can contribute to a positive appearance of commercial districts and neighborhoods and improve the overall character of the community. This Section establishes design and performance standards that shall apply to the construction of residential and commercial buildings and certain commercial uses in the CN-R District, including but not limited to cultural, educational, religious or recreational facilities.

~~Multiple family dwelling Residential Uses.~~

For ~~multiple family dwellings residential uses~~, refer to the Development Standards, Section 10-1.905 to 10-1.940 and the Minimum Design and Performance Standards contained in the criteria and standards contained in the RM or RH Residential Districts, Sections 10-1.400-204 to 10-1.2080 and 10-1.500 respectively, whichever is most consistent with the General Plan and associated Neighborhood Plan.

~~Non-Residential Uses.~~

For commercial buildings and uses, including but not limited to cultural, educational, religious or recreational facilities, refer to the criteria and standards contained in the CN District, Section 10-1.800.

All non-residential uses are subject to the following requirements; provided, however, that exceptions from these requirements may be authorized by approval of a conditional use permit:

- (1) Offices shall be no larger than 2,000 square feet and no more than 2,000 square feet of office space may be contained in any building or group of buildings on a parcel or building site.
- (2) Operating hours shall not begin before 7:00 a.m. nor end after 10:00 p.m.

~~Mixed Use Development.~~

~~Mixed use development, which entails residential uses over ground floor non-residential uses, shall be subject to the following requirements:~~

- ~~(1) Shall provide separate entrances, isolation of noise and smell-generating activities, and other compatibility features shall be addressed.~~
- ~~(2) Special attention shall be given to architectural and landscape continuity, vehicular access and attractive pedestrian orientation. Where at all possible, parking in front of the building shall be avoided.~~
- ~~(3) A minimum of 150 square feet of usable open space per residential dwelling unit shall be provided.~~

~~In the SD6 Special Design District:~~

- ~~(a) For at least 40% of the units in each development, a minimum of one hundred (100) square feet of usable private open space, consisting of a private yard, patio, porch, deck balcony or a combination of the above, shall be provided for each unit.~~
- ~~(b) All developments shall provide a minimum fifteen percent (15%) of the lot area plus 100 square feet per unit for each unit that is not provided private open space as usable common open space for passive and active recreational uses. Usable open space areas shall not include public or private rights-of-way; vehicular parking area; areas adjacent to or between structures less than~~

~~fifteen (15) feet apart; required building setback areas; private patios or yards; or areas having a slope greater than 3:1. Usable open space can include roof decks (including roof deck above structured or podium parking) or interior group open space accessible to all residents in the development.~~

~~(c) All common opens space associated with developments shall have, at a minimum, a landscaped area of six hundred (600) square feet complete with two (2) benches. Additional amenities may include, but are not limited to, a swimming pool, spa, tot lot with play equipment, picnic shelter with barbecue area, court game facilities and indoor exercise facilities. The types of amenities shall be dependent upon the nature of development and shall be approved by the reviewing authority.~~

~~(4) Studio apartments shall be required to have only one covered off-street parking space per dwelling unit.~~

~~In the SD6 Special Design District, residential units are allowed a maximum of 1.5 spaces per studio or one-bedroom unit and 2.0 spaces for units with two or more bedrooms; non-residential uses are required to provide 1.0 space for each 315 square feet of non-residential gross floor area.~~

~~(5) For properties located along Mission Boulevard between Harder Road and Industrial Parkway, compliance with provisions in the SD6 Special Design District.~~

SEC. 10-1.1555 MINIMUM DESIGN AND PERFORMANCE STANDARDS FOR CC-C, CC-R, AND CC-P SUBDISTRICTS¹⁵

The City recognizes that high-quality design of commercial structures can contribute to a positive appearance of neighborhoods and improve the overall character of the community. This Section establishes design and performance standards that shall apply to residential and commercial development allowed in the CC districts, including but not limited to cultural, educational, religious or recreational facilities. ~~The following documents shall be referred to and applied were applicable for development in the CC districts:~~

~~City of Hayward Design Guidelines, November 9, 1993.~~

~~Downtown Hayward Design Plan, July 7, 1992.~~

~~Design Requirements and Guidelines of Downtown Hayward, July 7, 1992.~~

~~Hayward Downtown Historic Rehabilitation District Commercial Design Manual, November 9, 1993.~~

~~The Core Area Plan—Recentering, July 28, 1992.~~

~~Downtown Hayward Redevelopment Plan, July 28, 1992.~~

~~Single Family Dwelling.~~

~~For single family dwellings existing as of May 4, 1993, any addition, accessory building and use shall conform to the Single Family Residential District Minimum Design and Performance Standards, Section 10-1.245, and the following applicable criteria and standards.~~

~~Multiple Family Dwelling Residential Uses.~~

~~For multiple family dwelling(s) residential uses, refer to the Development Standards, Section 10-1.1521 to 10-1.1546, and the design criteria contained in the above documents, the Minimum Design and Performance Standards contained RH Residential Districts, Section 10-1.204 to 10-1.2080, and the following applicable criteria and standards relating to multiple family dwellings.~~

SEC. 10-1.1900 AIR TERMINAL DISTRICT (AT)¹⁶

SEC. 10-1.1972 AT-RM USES PERMITTED.

- a. Primary Uses. The following uses, or uses determined to be similar by the Planning Director, are permitted in the AT-RM District, when not specified as an administrative or conditional use.
 - (1) Residential Uses.
 - (a) Multiple-family dwelling.

¹⁵Note(s)—Section 10-1.1555z. added by Ordinance 01-08, adopted July 17, 2001.

- ~~(4) Architecture and materials shall be sympathetic to original Victorian, Colonial Revival, or Craftsman styles; for example, untrimmed openings, garish colors, and plywood siding generally not acceptable.~~

SEC. 10-1.2615 MISSION CORRIDOR SPECIAL DESIGN DISTRICT (SD-2)

Note(s)—(Repealed by Ordinance 12-02, Adopted January 10, 2012)

SEC. 10-1.2620 COTTAGE SPECIAL DESIGN DISTRICT (SD-3).

~~a. Design Theme.~~ This overlay district allows an historic pattern of small lot, single-family cottage development near town and transit which would otherwise be precluded by contemporary lot size, front setback, and parking requirements. Cottage development, as defined in Sec. 10-1.2620(b) below, may utilize lesser lot sizes and parking requirements therein; other development within this Special Design District may utilize lesser lot sizes and parking is subject to the requirements of the underlying district ~~and respect the context of small scale residential development in design and siting.~~ Typical pioneer cottages have a medium pitch hip or gable roofs; double-hung, vertical windows, symmetrically arranged; wide horizontal wood siding; front porches across all or most of the front elevation with decorative wood post and balustrade; exterior steps ascending from raised basement level and white picket fences. Later Victorian cottages with more decorative elements and still later Craftsman cottages have related rooflines, materials, and orientation to the street.

~~ba.~~ Parameters of Cottage Development.

- (1) A cottage ~~should~~shall not exceed 1,200 square feet of living space or have more than 900 square feet on one floor.
- (2) Maximum Building Height: 28 feet.
- (3) Minimum Lot Size: 2,800 square feet.
- (4) Minimum Lot Width: 35 feet.
- (5) Minimum Front Setback: 10 feet, ~~unless nearest cottage on same street has less.~~
- (6) Minimum Side Setback: 5 feet.
- (7) Minimum Rear Setback: 20 feet.

~~eb.~~ Driveways and Parking. ~~The Cottage District development pattern was established before cars, and suits households with one or no motor vehicles.~~ One off-street parking ~~places~~space per cottage is required; ~~a single-car garage in a raised basement or back yard, or nearby leased parking, may be appropriate depending upon site circumstance.~~ Driveways ~~should~~shall generally be limited to a 10 feet and ~~in no cases~~shall not exceed 30 percent of the lot width. Double-car garages in the front street elevation are prohibited.

~~dc.~~ Fences and Street Lighting. Front fences ~~should~~shall be white picket fences; ~~walls across the front of the lot and chain-link fences are prohibited.~~ A ~~lantern-style~~ pedestrian light ~~near~~within five feet of the sidewalk at ~~the~~ front entry walkway shall be provided.

~~ed.~~ Architecture. ~~Typical pioneer cottages have a medium pitch hip or gable roofs; double hung, vertical windows, symmetrically arranged; wide horizontal wood siding; front porches across all or most of the front elevation with decorative wood post and balustrade; exterior steps ascending from raised basement level and white picket fences. Later Victorian cottages with more decorative elements and still later Craftsman cottages have related rooflines, materials, and orientation to the street.~~ New cottage development ~~should~~shall ~~continue themes of~~have horizontal wood siding on all facades, hip or gable rooflines ~~of medium pitch~~, and a front entry porch ~~equal to at least 60 percent of the width of the front facing facade that is at least 12 inches above the finished grade and at least 5 feet deep and 15 feet wide.~~that is expansive relative to the size of the cottage.

SEC. 10-1.2625 CANNERY AREA SPECIAL DESIGN DISTRICT (SD-4).

Consistent with the General Plan, the purpose of the Cannery Area Special Design District (SD-4) is to implement policies embodied in the Cannery Area Design Plan. The Cannery Study Area contains older industrial uses that are surrounded by residential areas. The Design Plan envisions conversion of the industrial uses to commercial uses, residential uses, or mixed uses, as appropriate. The following design requirements shall apply to the Cannery Area Special Design District (SD-4):

- a. Design Theme. The overall layout and design of development proposed within this district shall be consistent with the provisions of the Cannery Area Design Plan.
- ~~b. — Administrative Use Permits. Pursuant to requirements of the Industrial (I) District, any industrial use(s), or uses determined to be similar by the Planning Director, located on a parcel(s) which abuts an R, A, MH, OS or residential PD zoning district, shall require the approval of an Administrative Use Permit.~~
- ~~eb.~~ Block Pattern and Street Layout. The overall block pattern and street layout in proposed developments shall conform to the Design Concept as contained in the Cannery Area Design Plan. The design of streets and the width of the public right-of-way shall be consistent with the Park and Street Network and Street Sections and Plans as contained in the Cannery Area Design Plan.

- ~~dc.~~ Development Densities. Densities of new development shall be consistent with the applicable General Plan designations and shall further conform to the densities specified in the Land Use plan as contained in the Cannery Area Design Plan.
- ~~ed.~~ Live-Work Spaces. Live-work developments shall be located within ~~the~~ designated blocks as indicated in the Cannery Area Design Plan. The design of live-work developments shall be consistent with the guidelines for Typical Blocks as contained in the Cannery Area Design Plan and with any ordinances or other guidelines that may be subsequently adopted by the City.
- ~~fe.~~ Building Setbacks. The required setback for new development shall be 10' as indicated by the Build-to-Line shown on the Design Concept and Land Use maps in the Cannery Area Design Plan. Architectural features such as cornices, eaves, open porches, bay windows, and canopies may extend into the required front yard, as specified in the Cannery Area Design Plan.
- ~~gf.~~ Parks and Open Space. Parks and other open space proposed within new developments shall be consistent with the Park and Street Network as contained in the Cannery Area Design Plan.

SEC. 10-1.2630 MISSION-GARIN AREA SPECIAL DESIGN DISTRICT (SD-5).

~~a. — Purpose.~~ The purpose of the Mission-Garin Area Special Design District (SD-5) is to ensure the orderly development of the Mission-Garin Area (see map, below), consistent with the policies and strategies contained in the General Plan and the provisions of the Hillside Design Guidelines. In this District, clustering of residential development is encouraged, with development located so as to avoid geologic hazards, minimize grading and preserve significant natural site features, such as rock outcroppings, nature trees, natural drainage courses and scenic views. Preferred hillside development includes clustering of dwelling units, whether single-family or multi-family detached or attached, separated by inter-connected natural open space or greenbelt corridors.

This District establishes the total dwelling unit potential (see table, below) for the area within the District and sets forth development standards and design guidelines that apply to future development within this District.

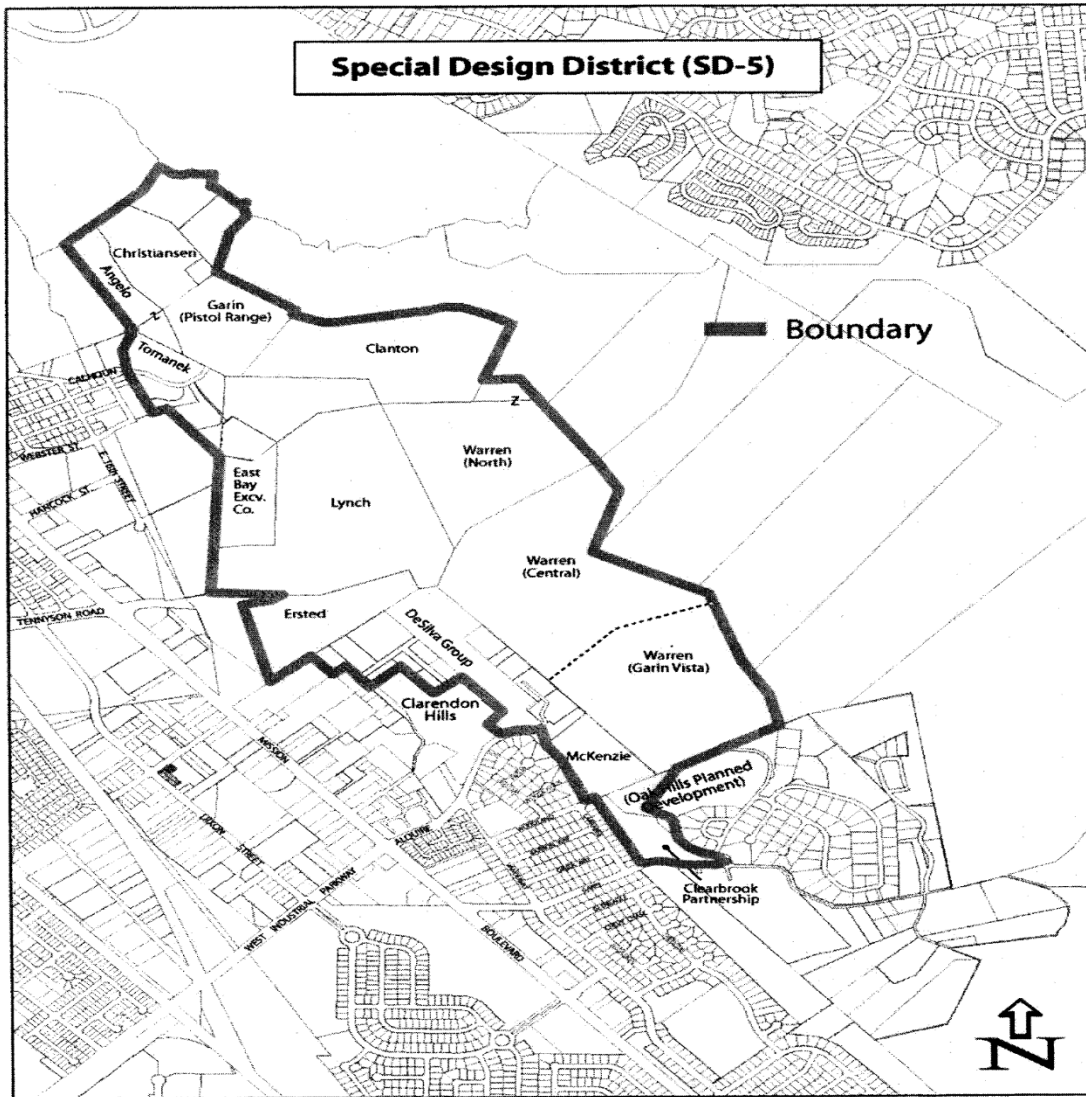

~~ba.~~ Dwelling Unit Allocation. Development for any parcel or combination of parcels ~~shall~~will be consistent with the dwelling unit allocation set forth in the table ~~set forth~~ below. Adjustments to the dwelling unit allocations for specific properties may be considered by the City Council based on presentation of more detailed data, findings of site-specific environmental analyses, and/or as a result of the application of the development standards outlined below during the review of individual development projects. In no case will the total number of dwelling units exceed the maximum shown for the entire District. For any parcels not specifically identified in the attached table, the number of dwelling units to be allocated ~~will~~shall be determined by the City Council in a manner consistent with that used for properties included in the table and supported by adequate environmental analysis.

~~cb.~~ ~~Development Standards and Design Guidelines.~~ Clustering of residential development is encouraged, with development located so as to avoid geologic hazards, minimize grading and preserve significant natural site features, such as rock outcroppings, nature trees, natural drainage courses and scenic views. Preferred hillside development includes clustering of dwelling units, whether single-family or multi-family, separated by inter-connected natural open space or greenbelt corridors.

New development ~~sh~~will adhere to the following development standards ~~and design guidelines.~~ To the extent that the following provisions conflict with the Hillside Design and Urban/Wildland Interface Guidelines, the following standards shall prevail. As required by the established review process, proposed development projects will be referred to the Planning Commission and, as appropriate, the City Council, for review and action.

~~(1) — In order to promote the preservation of natural features while achieving the development potential established for this District, Planned Development applications may be required.~~

-
- (21) Development is not permitted within areas where natural slopes are generally greater than 25 percent.
 - (3) Grading will~~shall~~ be consistent with the Hillside Design Guidelines and Section 10-1.204(HG). ~~For developments on slopes greater than 15 percent, at least 50 percent of the dwelling units will~~shall ~~feature a stepped design.~~
 - (4) The slope of streets sh~~aw~~ will not exceed 12 percent unless ~~necessary to minimize significant grading permitted by the Fire Marshall and Public Works Director.~~
 - (5) Pedestrian ~~movement will be encouraged through the provision of~~ pathways are required on at least one side of the street. ~~On longer streets, p~~ Pedestrian links between streets sh~~aw~~ will be provided at a minimum of 750-foot intervals.
 - (6) New construction, including new roadways, will~~shall~~ be set back at least 100 feet from the top of any creek bank.
 - (7) Exposed drainage systems will~~shall~~ be constructed of river rock or grassy swales or similar, as approved by the Public Works Director. ~~materials that blend with the natural environment (e.g., grassy swales or river rock).~~
 - ~~(8) Development plans will feature the preservation of the greatest possible number of native trees, consistent with provisions of the Tree Preservation Ordinance.~~
 - ~~(9) Structures will be of high quality design, compatible with the natural surroundings and will feature darker earth tone colors.~~
 - ~~(10) Lower portions of homes will be screened through the plantings of native trees and shrubs.~~
 - ~~(11) Preservation of views toward the bay in the hillsides will be incorporated into the design and layout of developments.~~
 - (128) Detached ~~single family~~ residential development projects will~~shall~~ include at least 10% percent one-story units. ~~A lesser amount may be considered based on topographic conditions.~~
 - ~~(13) Architectural plans should utilize stepped or transitional front elevations, with the entries and windows visible from the street. The plans should feature alternating roof lines and forms, and incorporate decorative siding materials, entry doors and windows.~~
 - (149) Densities shall be developed to no less than ~~the midpoint for the assigned density range~~ 50 percent of the maximum allowable.
 - (1510) ~~Computer visual simulations~~ Three dimensional renderings are required as part of application submittals for any new development. ~~Vantage points are to be approved by staff.~~

Mission-Garin Area Special Design (SD-5) District
Maximum Total Dwelling Unit Potential

The SD-5 special design district comprises approximately 363 acres. The maximum dwelling unit potential shown in the table below excludes parcels/areas totaling approximately 57 acres within the district that are considered as developed or rural home sites with little potential for subdivision due to size, slope, earthquake faults, etc.

Owners of Parcels	Maximum Potential Dwelling Units
Christiansen	1
Angelo	1
Garin (Pistol Range)	1
Tomanek	1
Clanton	3
Ersted	115

La Vista Quarry ¹	16
Warren (Garin Vista)	115
McKenzie	54
Clearbrook Partnership ²	13
TOTALS:	320

¹ Consists of the following parcels/areas: Lynch/East Bay Excavating Co./Warren (North)/Warren (Central)/DeSilva Group

² Does not include the potential for an additional 12 dwelling units associated with the approved Oak Hills Planned Development

SEC. 10-1.2635 SOUTH HAYWARD BART/MISSION BOULEVARD SPECIAL DESIGN DISTRICT (SD-6).

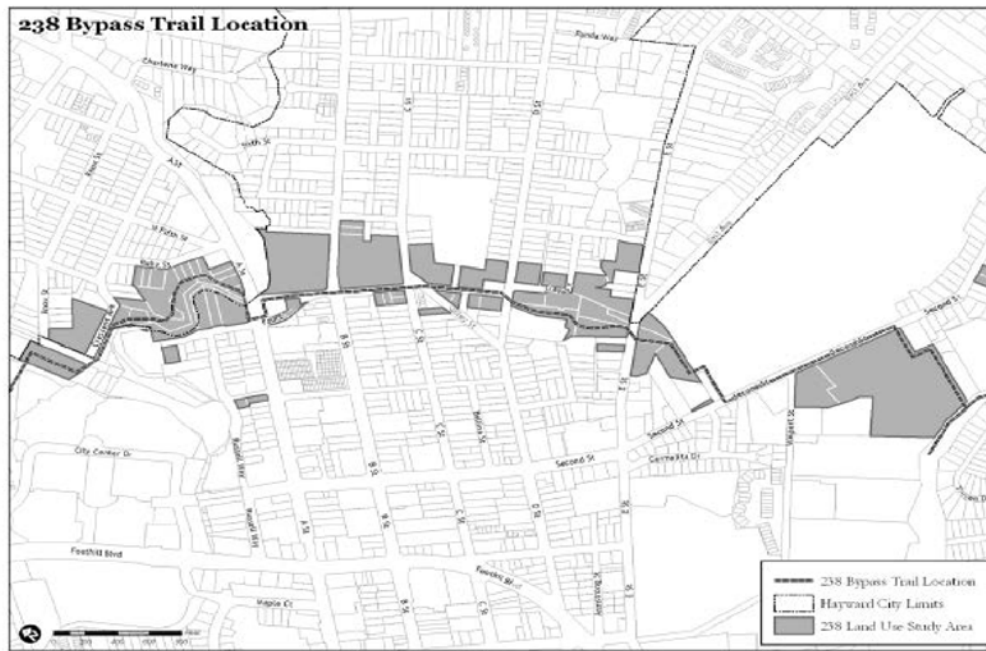

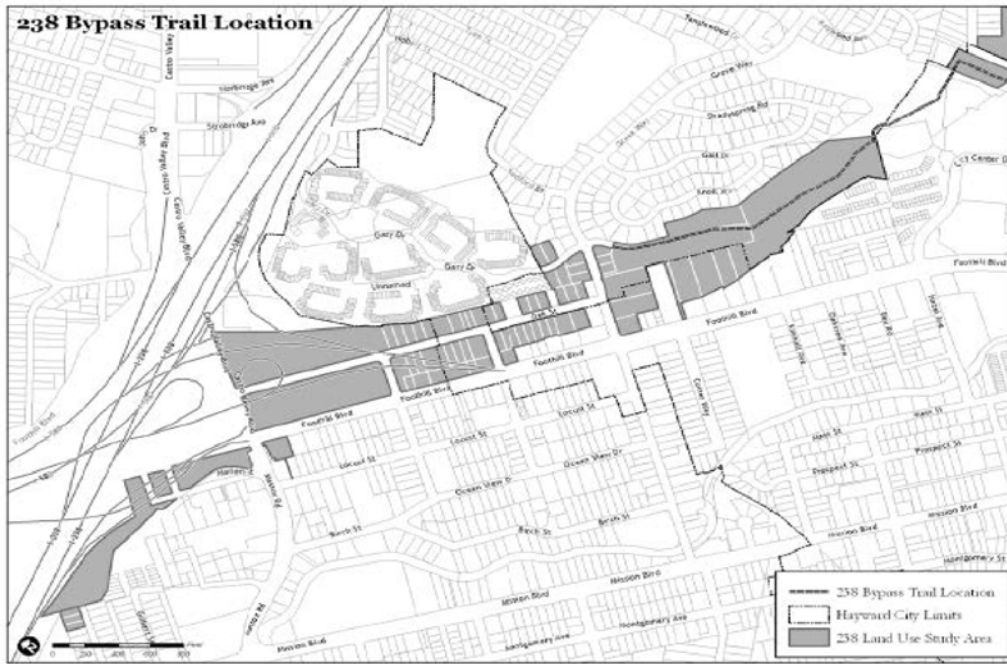

Note(s)—(Repealed by Ordinance 11-12, Adopted October 11, 2011)

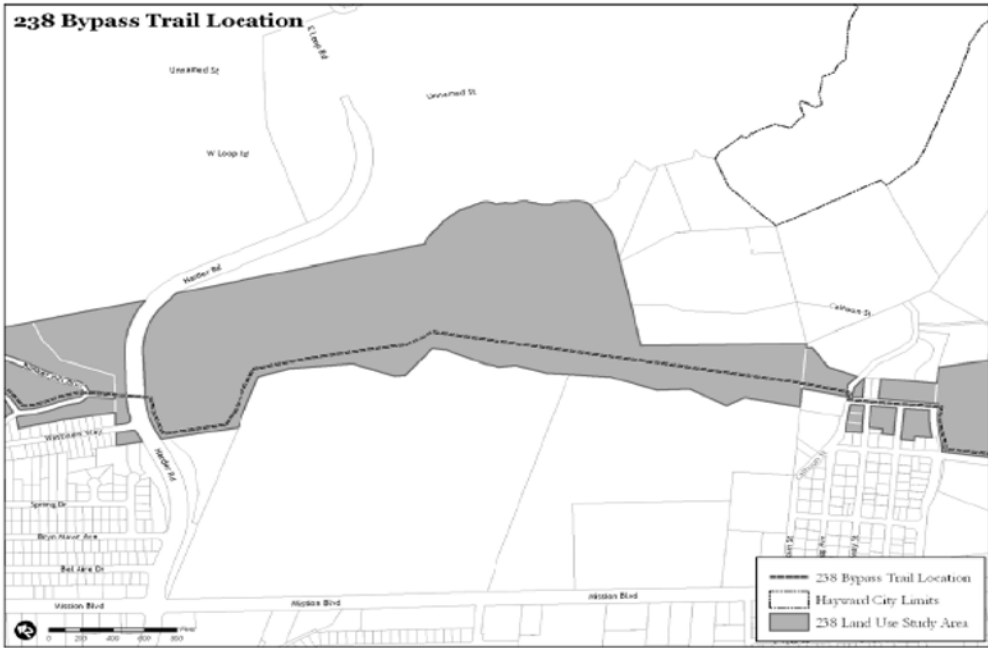

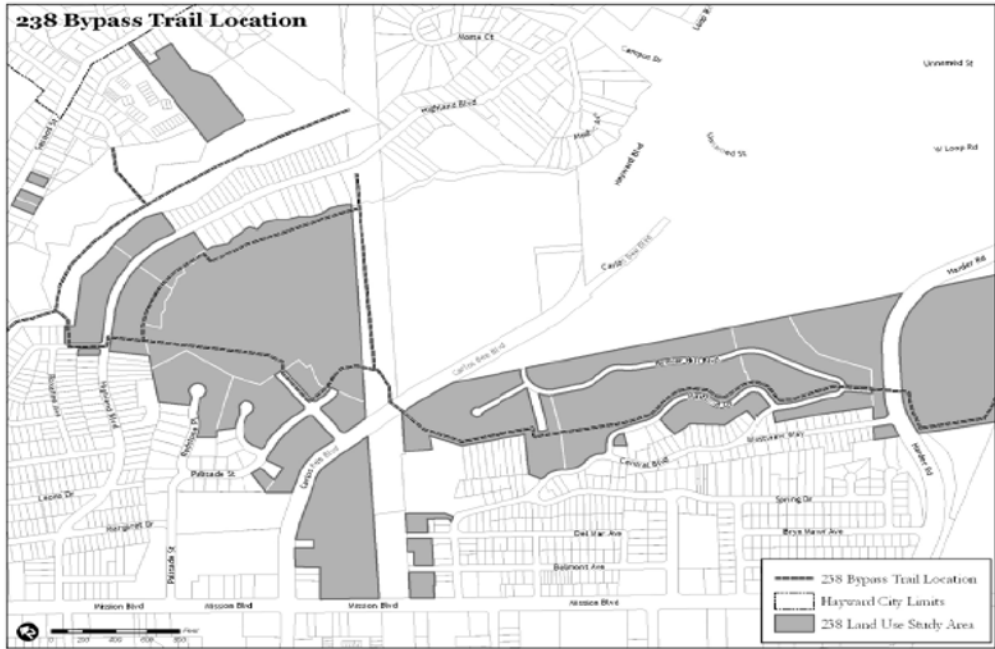

SEC. 10-1.2640 HAYWARD FOOTHILLS TRAIL (SD-7).

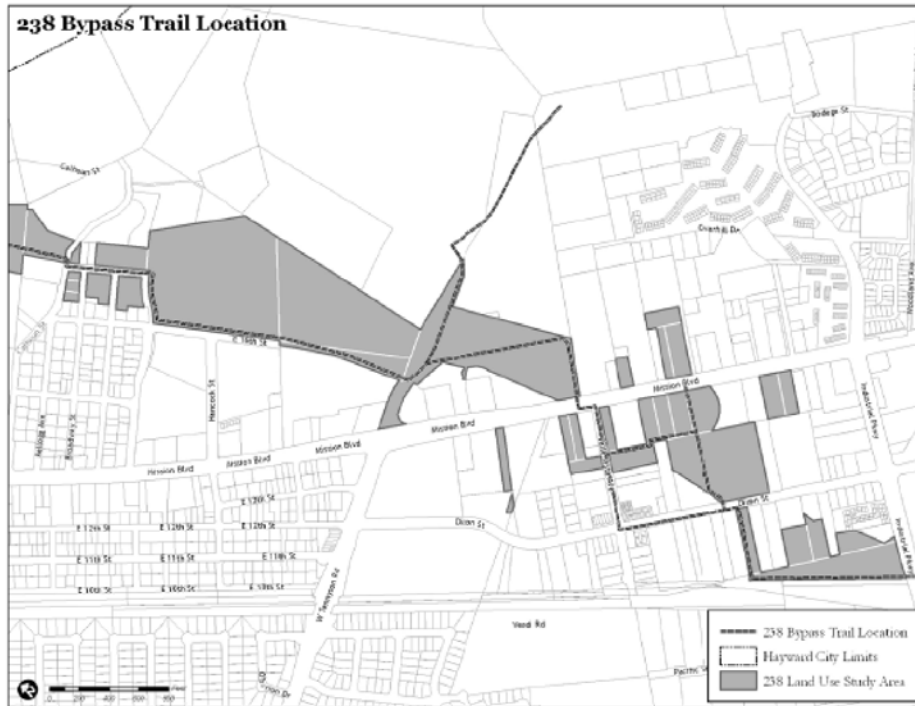

~~a.~~ ~~Purpose.~~ The purpose of the Hayward Foothills Trail Special Design District (SD-7) is to ensure the orderly development of a continuous trail as properties involved in the 238 Bypass Land Use Study are developed. The District establishes the general location for the trail (see map, below) as well as the standards and guidelines for establishing the trail.

~~b.a.~~ Development Standards and Design Guidelines. The development of the trail shall adhere to the following development standards and design guidelines.

- (1) The trail ~~is envisioned to shall~~ be a 16-foot wide trail within a 20-foot wide area ~~where possible~~, to accommodate multiple users. A reduced width may be approved by the Planning Director and the Hayward Area Recreation and Park District (HARD) where the standard width is infeasible.
- (2) The trail ~~is envisioned to shall~~ be established ~~generally~~ in the locations as shown on the maps below unless an alternative route is approved by the Planning Director and HARD.
- ~~(3) Where the trail traverses individual properties, it is envisioned to be developed in a location which will maximize the future development potential of the property.~~
- (4) The trail design shall be ~~developed in coordination and~~ approved by the Hayward Area Recreation and Park District (HARD) ~~and~~ in accordance with the District's trail standards.
- (5) The trail shall be developed in areas where the ~~national~~ slope is less than 25 percent, ~~if possible~~.
- (6) The trail shall be a multi-use trail for pedestrian and bicycles and shall be available to the entire Hayward community as well as visitors to the Hayward community.
- (7) Residential or non-residential development adjacent to the trail shall maintain at least a ten foot setback from the edge of the trail, ~~where feasible~~.
- (8) Where the trail traverses individual properties, ~~if possible~~, the trail shall be located in front of structures to accommodate greater visibility and easier access, for the safety of all trail users and the occupants of future developments.

SEC. 10-1.2700 GENERAL REGULATIONS¹⁹

SEC. 10-1.2720 SPECIAL LOT REQUIREMENTS.

No parcel of land shall hereafter be reduced or divided so as to provide less than the minimum lot size or dimensions required in the district in which such land is situated unless otherwise authorized by provisions of this ordinance and/or the Subdivision Regulations.

- a. Minimum Lot Frontage. Except as provided herein, each lot shall have a minimum frontage of 35 feet.
- b. Lot Frontage Exception for Flag Lot(s). In the case of a flag lot(s) that has been approved in accordance with the provisions of the Chapter 10, Article 3, of the Hayward Municipal Code (Subdivision Ordinance), minimum frontage requirements may be reduced as follows:

¹⁹Section 10-1.2735 k. amended by Ordinance 03-08, adopted May 27, 2003.

Section 10-1.2735 b. repealed and replaced by Ordinance 06-03, adopted January 24, 2006.

Section 10-1.2735 b. amended by Ordinance 10-01, adopted January 5, 2010.

Section 10-1.2735 b. repealed and replaced by Ordinance 13-12, adopted November 19, 2013.

Section 10-1.2735 c.—k. renumbered by Ordinance 13-12, adopted November 19, 2013.

Sections 10-1.2735 i. amended by Ordinance 15-22, adopted October 13, 2015.

Sections 10-1.2725 g., 10-1.2735 j. amended by Ordinance 15-30, adopted December 1, 2015.

Sections 10-1.2735 e. amended by Ordinance 16-04, adopted January 19, 2016.

-
- (1) Frontage for one lot shall be 22 feet, with access via a 16-foot-wide strip of land that provides for a 12-foot-wide paved travelway;
 - (2) Frontage for two or more lots shall be 28 feet, with access via a 24-foot-wide strip of land that provides for an 18-foot-wide paved travelway.
 - (3) As determined by the Planning Director or other approval authority, where feasible, adjoining flag lots may share a common access so long as the above standards are met.
 - (4) The use of a flag lot(s) should generally be avoided where other lot designs are possible and they should not be used solely to increase the maximum number of lots. See City Standard Detail #SD-109 and Design Guidelines for additional flag lot criteria.
- c. Lot Size Exception for Certain Substandard Lots. Any lot or parcel less than the minimum lot size or dimensions required may nevertheless be used as a building site if the lot or parcel was shown of record by the County Recorder as a lawfully created separate lot or parcel on the date the lot became substandard. In addition, either of the following circumstances must exist:
 - (1) The lot or parcel is not less than 80 percent of the size and average lot width requirements of the zoning district; or
 - (2) The lot or parcel is less than 80 percent of the size and average lot width requirements of the zoning district and there was no land abutting the lot or parcel under the same ownership on the date the lot became substandard.
 - d. Lot Size Exception for Lots made Substandard by Official Plan Line. Any lot or parcel made sub-standard in size or average lot width by an official plan line shall be deemed to comply with minimum requirements of area or average lot width required herein.
 - e. Lot Size Exception for Lots made Substandard by Rezoning from Agricultural District to Agricultural Combining Districts. Any lot or parcel made substandard in size or average lot width by a rezoning from an A (Agricultural) District to an AB (Agricultural Combining) District shall be deemed to comply with minimum requirements of area or average lot width required herein.

SEC. 10-1.2725 SPECIAL YARD REQUIREMENTS.

Except as herein provided, every required yard shall be open and unobstructed and shall not be reduced or diminished in area so as to be smaller than prescribed by this ordinance. All uses shall be conducted indoors unless a use permit for outside storage has been approved.

- a. Yards Measured from Official Plan Line. Wherever an official plan line has been established for any street or future right-of-way, required yards shall be measured from such line.
- b. Yard Calculations. Open area required for one building, lot, or use shall not be calculated as required open area or yard for any other building, lot or use. Except where part of an approved development plan, or authorized by other regulation herein or the Planning Director, no structure shall be located in a required yard area.
- c. Yards on Dual Frontage Lots. Where the front and rear of a lot both have street frontage on approximately parallel streets, no above-ground structure shall be located closer to either street than the distance constituting the required front yard, except on those parcels where street access is restricted by regulations of a public authority, in which case building additions (not accessory structures) may be located within the yard where street access is restricted subject to requirements for rear yards.
- d. Yard Exceptions - Garages on Slopes.

-
- (1) Wherever the difference in elevation exceeds 5 feet between the front yard setback line and:
 1. the elevation of the existing or planned street grade, or
 2. the elevation at the rear line of a front yard,

Or:

- (2) Wherever the difference in elevation exceeds 2½ feet between the side street property line and the rear line of a side street yard,

Then, the horizontal distance from any garage or parking space in no case shall be less than 5 feet from the property line or an official plan line. This exception shall not apply on those streets where no on-street parking is permitted along the lot frontage unless a minimum of 2 additional spaces are provided on site in conformance with all required yard and design requirements.

- e. Yard Exceptions—Overhangs, Stairways, Chimneys, Open Porches and Architectural Features. Architectural features such as cornices, eaves, open porches, bay windows, and canopies may extend 2 feet into any required side yard and may extend 5 feet into any required front or rear yard. ~~Chimneys, media niches combined with chimneys (which shall not exceed 10 feet in width), landing places, or outside open stairways may project 3 feet into any required yard.~~
- f. Yard Exceptions—Vision Clearance. On a lot situated at the intersection of two or more streets, nothing shall be erected, placed, planted, or allowed to grow in such a manner as to be in violation of Ordinance No. 100 C.S., as amended, Hayward Traffic Code, Sections 9.01 through 9.05, relating to Obstructions to Visibility at Intersections Prohibited, as the same are now in effect or which may hereafter be amended or replaced.
- g. Yard Exceptions—Fences, Hedges, Walls.

Fence Height.

- (1) In all OS, A, FP, RLS, RNP, and RS-RM, and RH Districts, ~~fences, hedges, and walls may be constructed to a height of 6 feet in any side or rear yard, and to a height of 4 feet in any portion of a front or side street yard, except that~~ where the rear or side yard is contiguous to commercially or industrially developed or zoned land, freeway, flood control channel, parking lot or arterial street, a maximum 8-foot-high fence or wall may be permitted. ~~For the RS District, an 8-foot-high fence or wall may be permitted adjacent to any non-residential zoning District.~~
- (2) Fences, hedges, and walls on through lots shall be limited to a height of 4 feet in any portion of the front yards unless determined by the Planning Director that up to a height of 6 feet (7 feet in a residential district) across a front property line acting as a rear property line would not compromise the safety of motorists and pedestrians nor the aesthetic value of the streetscape.
- (3) Fences or walls required to surround and enclose public utility installations are not limited as to height in any district.
- (4) In all ~~multi-family~~, commercial, or central city districts, no fence or wall shall be located in any required front or side street yard except as part of an approved development plan or if approved by the Planning Director.
- (5) Notwithstanding subsection (4) above, a 6 foot tall perimeter fence may be erected within the required front, side and rear yards of a vacant parcel or a vacant building in all zoning districts, subject to the standards set forth in Section 10-1.2735.j, Fence Regulations for Vacant Properties.

~~h. Yard Exceptions—Accessory Buildings and Uses.~~

- ~~(1) In conjunction with single family development located on parcels zoned for same, and in zoning districts where single family homes are permitted:~~

- ~~1. Accessory buildings not used for parking and not exceeding 14 feet in height and 120 square feet in area and detached from the main buildings, when located in area other than the required front yard (i.e., in side or rear yard area), shall be placed no closer than 3 feet from the side and rear property lines.~~
 - ~~2. Accessory buildings or carports exceeding 120 square feet in area or open parking spaces shall be located no closer than 5 feet from the side and rear property lines.~~
 - ~~3. Accessory building(s), garage(s), and one-story home additions may not cumulatively occupy more than 40 percent lot coverage of a required rear yard.~~
- ~~(2) For legal, conforming residences in other districts, setbacks for accessory buildings when located between the rear of the main building and the rear lot line may be placed 5 feet from the side and rear property lines or within the building envelope; and when located between primary structures and the right-of-way, all front and side yard setbacks shall be met.~~
- ~~(3) For other zoning districts where residential uses are permitted, carports in conjunction with multi-family development may be placed 5 feet from rear and side property lines when there would be no negative visual or noise impact on the adjacent use, as determined by the Planning Director.~~
- ~~h.~~ **h.** Yard Exceptions—Narrow Lots. A required side yard may be reduced to 3 feet adjacent to an access driveway installed in conjunction with a multi-family development where the parcel is less than 51 feet in width.
- ~~j.~~ **j.** Special Yards—Structures on Same Lot. In R, A, and CO Districts, no primary structure shall be located less than 10 feet from another primary structure nor located less than 8 feet from an accessory structure, except that an accessory structure may be 6 feet from a single-family dwelling.
- ~~k.~~ **k.** Special Yards—Lots with Approved Private or Easement Access. The required minimum yards for a lot which has indirect access via an approved private access or an easement to a public street shall be the same as that required for a lot which has direct access onto a public street.
- ~~l.~~ ~~Special Yards—One-Story Additions, Single-Family Dwellings. Reduction of the rear yard to 10 feet for one-story additions to single-family dwellings is permitted provided the required rear yard is not reduced by more than 20 percent and provided the cumulative coverage of the required rear yard does not exceed 40 percent.~~
- ~~m.~~ **m.** Special Yards—Flag Poles, Towers, Antennas, Satellite Earth Stations.
- (1) Flag poles less than 25 feet in height which display the American flag and permitted commercial flags, may be located in any yard of any district but in no case shall they be located closer than 5 feet to a property line.
 - (2) Radio and television antennas and other wireless telecommunications facilities shall comply with the requirements of this ordinance and Chapter 10, Article 13 of the Hayward Municipal Code.
- ~~n.~~ **n.** Special Yards—Swimming Pools, Hot Tubs, Spas. In any R, residential PD, A, or CO District, swimming pools, hot tubs, and spas may be located in any yard other than the required front or side street yard, provided that no wall line of a pool shall be closer than 5 feet from any property line.
- ~~o.~~ ~~Special Yards—Decks. In conjunction with a single-family dwelling in any R-District:~~
- ~~(1) Decks less than 30 inches in height may be located in any rear or side yard but no closer than three feet to the rear or side property line.~~
 - ~~(2) Decks located in the front or side street yards shall not exceed 12 inches in height unless approved by the Planning Director or other approval authority.~~

~~(3) Decks 30 inches or more shall conform to normal yard requirements.~~

~~Pn.~~ Special Yards—Handicap Accessibility. Ramps shall meet setback requirements of each zoning district. Exceptions shall be made for reasonable accommodation where no practical alternative exists and where building/fire code requirements are met.

~~Qe.~~ Front Yards—Driveway Width and Coverage.

~~(1) Driveway width, regardless of the number of driveways, shall not exceed 20 feet in front of the garage, except for 3-car garages where the width shall not exceed 26 feet. In addition, for access to a recreational vehicle storage area adjacent to a dwelling, a maximum 10-foot-wide driveway may be located on the opposite side of the lot from the garage, and outside the required side yard.~~

~~(2) For lots 70 or more feet in width, the Planning Director may approve a greater driveway width if the Planning Director determines the design of the driveway is aesthetically pleasing and compatible with the lot terrain and adjacent development, and will not create a pedestrian or vehicular hazard. For single family homes, the total paved surface for vehicle parking, storage, and access in required front yard shall not exceed 50 percent.~~

~~(3) For single family homes, a curved driveway ("Hollywood driveway") is permitted on lots that are 100 feet or more in width, and where item #(2) above is met.~~

SEC. 10-1.2730 SPECIAL HEIGHT REQUIREMENTS.

~~a.~~ Reserved.

~~Ba.~~ Height—Exceptions.

(1) ~~Chimneys, cupolas, f~~lagpoles, elevator shafts, radio and television towers, wind machines, and similar mechanical ~~or architectural~~ appurtenances, if attached to a building shall not exceed a height of 15 feet unless authorized by the Planning Director or other approval authority for two-story dwellings or dwellings located on hillsides. If not attached to a building, they shall not exceed 25 feet in height unless authorized by the Planning Director or other approval authority.

(2) Church steeples may be exempted from the height requirements as long as the steeples are in scale with the design of the church/religious facility and surroundings, as determined by the Planning Director or other approval authority.

c. Height—Accessory Building. Unless otherwise specified in the District Regulations, an accessory building shall not exceed one story in height.

(Amended by Ordinance 18-02 , adopted February 6, 2018)

SEC. 10-1.2735 SPECIAL STANDARDS AND CONDITIONS FOR CERTAIN USES.

Special standards and conditions as set forth below are applicable to uses enumerated in this Section and listed in the individual districts. Departure or variation from these standards is permitted only when it can be established by the applicant that the intent and purpose of the district or the necessary findings for permit approval, as specified in this ordinance, are not compromised. Where warranted by ordinance regulations or to implement official City policy, standards of development may be required that exceed those listed in this Section.

g. Manufactured Housing Regulations. Manufactured housing to be installed on a lot shall have been constructed after July 1, 1976, and shall bear an insignia of approval under the National Mobile Home Construction and Safety Standards Act of 1974 and shall be erected in compliance with the following:

-
- (1) Shall be attached to a permanent foundation pursuant to Health and Safety Code Section 18551, and shall have all utility connections conform to all requirements of the City's Building, Plumbing, Electrical, and Mechanical Codes.
 - (2) Shall be a minimum of 20 feet wide.
 - (3) Shall have a roof constructed of asphaltic, wooden, glass fiber or tile materials.
 - (4) Shall have wood, masonry or stucco siding which will extend to the ground (except when a solid masonry perimeter foundation is used, the siding need only extend to the top of the foundation).
 - (5) Shall have an overhang or eave extending a minimum of 14 inches from the wall.
 - (6) Shall ~~be of a design which utilizes offsets and recesses in the exterior walls, similar to conventionally constructed housing, and~~ have a floor height no more than 30 inches above the finished grade of the building pad.
 - (7) Shall include a minimum 20-foot-wide garage (interior dimension) and/or landscaping where necessary to make the house compatible with surrounding residential development.
 - (8) Shall conform with ~~City of Hayward Design Guidelines and~~ Hillside Design and Urban/Wildland Interface Guidelines.

k. Fence Regulations for Vacant Properties.

- (1) Purpose. The purpose of this section is to set forth design and performance standards for perimeter fencing within required yards of vacant buildings and sites.
 - (a) Vacant buildings and sites provide convenient locations and opportunities for dumping, trespassing and other illegal activities, resulting in public nuisances.
 - (b) Installation of perimeter fencing around vacant buildings and sites discourage potential public nuisances. However, the City must balance the benefit of security and prevention of public nuisances with the aesthetic impact of excessive use of chain link fencing typically utilized to secure vacant property.
 - (c) The City has an interest in ensuring that highly visible perimeter fencing installed along property frontages of vacant buildings and sites is well-designed, durable, and maintained in good condition to discourage blight and trespassing on such properties and to promote the aesthetic character of the city.
- (2) Applicability. These regulations shall apply to all properties that are determined to be vacant as defined in Section 10-1.3500, for a minimum of 30 days.
- (3) Fencing installed pursuant to this section shall comply with the following standards:
 - (a) A perimeter fence may be installed around a building or site that is vacant pursuant to Section 10-1.3500, Definitions.
 - (b) Fencing installed pursuant to this section shall not exceed six feet in height within the required setbacks.
 - (c) Residential, Commercial, ~~and Mission Boulevard Code~~~~South Hayward BART Mission Boulevard and Hayward Mission Boulevard Corridor Form-Based Code~~, Open Space and Public Facilities Districts, except Central City Districts: Fences located along front, corner, or street side yards of properties with any frontage along roadways identified as arterial and collector streets in the City of Hayward General Plan shall be composed of wrought iron, chain link with decorative fence screen, wood picket or rail, wood-plastic composite, vinyl clad chain link (black or green), fence lace style or Omega style fencing. Fencing around

properties fronting roadways identified as local streets in the City of Hayward General Plan and all interior lot line fencing, regardless of location, may be chain link.

- (d) Central City Districts [and Downtown Development Code](#): Fences located along property lines that front public right-of-way shall be composed of wrought iron, chain link with decorative fence screen, wood picket or rail, fence lace style or Omega style fencing. Interior lot line fencing that does not front public right-of-way may be chain link.
 - (e) Planned Development (PD) Districts: Fence standards for PD District properties shall be as approved in the PD District. If not specified in the PD District regulations, fence standards for vacant PD zoned properties shall be the same as those of the nearest adjacent zoning district as set forth in c and d above, and f below, as determined by the Planning Director or designee.
 - (f) Industrial and Other Districts: Chain link perimeter fencing may be placed around all sides of vacant properties, including those fronting public right-of-way. Such fences shall be consistent with the fence placement and height standards set forth in this subsection, unless otherwise permitted by the Planning Director or designee.
 - (g) Alternative fencing materials for all zoning districts may be approved by the Planning Director or designee upon finding that the proposed fence material is not chain link, is durable, well-designed, and enhances the aesthetic character of the City.
- (4) Maintenance and Performance Standards:
- (a) Fencing installed pursuant to this section shall be maintained in good condition and appearance with no structural damage, tearing, fading or visible rust, and shall be free of graffiti.
 - (b) Fences posts shall be installed in the ground unless the perimeter of the site is paved in which case fence panel stands may be used. Fence panel stands shall be composed of the same material as the fence, structurally sound, and hold fence panels in a fully erect position.
 - (c) No portion of a temporary fence, including fence panel stands or other posts, shall encroach on City-owned right-of-way, unless permitted by an approved encroachment permit.
 - (d) No portion of a fence installed pursuant to this section shall impair driver visibility or create a traffic hazard or otherwise violate standards set forth in Hayward Traffic Code, Article 9, Obstructions to Visibility at Intersections.
 - (e) Fencing standards set forth above shall not apply to safety or emergency fencing installed on a vacant property when conditions on that property cause or constitute an imminent or immediate danger to the health or safety of the public or a significant portion thereof.
- (5) Appeals of reviewing authority decisions made pursuant to this chapter shall be filed and processed in accordance with Section 10-1.2845, Appeal and Review Process, of this code.
- (6) Implementation. All owners of vacant property with perimeter fencing that is located within required front, side and rear yards shall have one year from the effective date of these regulations to remove all non-conforming fencing. However, any non-conforming fencing that is structurally damaged, rusting, fading or tearing shall be removed or replaced within 60 days of adoption of this ordinance.
- I. Vehicle Parking, Repair, Display, and Storage Requirements. The term "vehicle" as used in this section shall include an automobile or truck (excluding truck tractor or any vehicle exceeding a maximum gross

weight limit of 6,000 pounds of gross vehicle weight) recreational vehicle, trailer, boat mounted on trailer, special interest vehicle, or other vehicle referenced in California Vehicle Code section 5051, and other vehicles of similar kind and use. In all zoning districts, use of any kind of vehicle as defined herein for living or sleeping purposes shall be prohibited except within mobile homes within an approved mobile home park.

(1) Single-Family Residential Uses.

- (a) Parking and Storage in Front Yards. Vehicles shall be parked in the required front yard only on the paved driveway which provides direct access to the garage from a public street or an approved private street, perpendicular to the street, or on a curved driveway.
- (b) Parking or Storage in Other Than Front Yards. Parking or storage of vehicles in areas other than the front yard is permitted subject to the following requirements:
 - (i) No vehicle shall be parked or stored in a required side yard or side-street yard with the following exceptions: recreational vehicles that are not self-propelled, and are less than 6 feet in height, such as a boat, compact trailer tent or similar recreational vehicle can be stored in a required side yard if screened from view from the street by a ~~76-foot-high~~ solid fence.
 - (ii) Parking or vehicle storage areas shall be paved with asphaltic or Portland Cement concrete and conform to City standards. A secondary driveway which provides access to a recreational vehicle storage area may be constructed with concrete, asphalt, or rock or concrete wheel tracks.
 - (iii) Open parking or vehicle storage areas located on lots less than 10,000 square feet in area shall not exceed 500 square feet in area (700 square feet for lots 10,000 feet or larger).
 - (iv) Open or covered parking areas, and garages or carports exceeding 120 square feet in area, shall be located no less than 5 feet from the side or rear property line and shall conform to all other requirements of the Zoning Ordinance and Building Code.

(2) Multi-Family Residential Uses—Prohibited Vehicles. Parking or storage of truck tractors or vehicles that are not self-propelled (trailers, boats mounted on trailers, and other vehicles or equipment of similar kind and use) are prohibited except within designated storage areas approved as part of the site plan review, use permit, planned development or building permit.

(3) Display and Sale of Motor Vehicles. Display for sale of one motor vehicle, boat, trailer, motorhome, or other vehicle is permitted as an accessory residential use, provided said vehicle is registered to a person who currently resides on the property. Display for sale of any vehicle on any property not approved for such use is unlawful, and legal action may be taken against the vehicle owner, property owner, or both.

(4) Vehicle and Boat Repair. It shall be unlawful and a public nuisance for any person to engage in, or any property owner to allow to occur, vehicle or boat repair in any residential zone:

- (a) Upon any vehicle which is not registered to a current occupant of the premises where the work is being performed; or
- (b) Upon more than two (2) vehicles at one time on the same premises or by the same person; or
- (c) Outside a fully enclosed structure for uses defined as major automobile repair as defined in Section 10-1.000 of this Ordinance. Minor automobile repair may be performed outside a

fully enclosed structure where elapsed time between the beginning and end of the repair does not exceed forty-eight (48) hours. Vehicle painting, other than spot painting, shall not be permitted in residential zones.

SEC. 10-1.2736 DEMOLITION OF EXISTING RESIDENTIAL UNITS.

a. A housing development project shall not require the demolition of residential dwelling units unless the project creates at least as many residential dwelling units as will be demolished.

b. A housing development project shall not require the demolition of occupied or vacant protected units, unless all of the following apply:

(1) The project will replace all existing or demolished protected units.

(a) Any protected units shall be considered in determining whether the housing development project satisfies the requirements of Hayward Municipal Code Chapter 10, Article 19 Density Bonus Ordinance or Chapter 10, Article 17 Affordable Housing Ordinance.

(b) If a protected unit that is or was subject to a form of rent or price control and that is or was occupied by persons or families above lower income within the five-year period preceding the development application, the replacement units shall be made available at affordable rent or affordable housing cost to, and occupied by, low-income persons or families. If the replacement units will be rental dwelling units, these units shall be subject to a recorded affordability restriction for at least 55 years.

(2) The housing development project will include at least as many residential dwelling units as the greatest number of residential dwelling units that existed on the project site within the last five years.

(3) Any existing residents will be allowed to occupy their units until six months before the start of construction activities with proper notice, subject to California Government Code Chapter 16 (commencing with Section 7260) of Division 7 of Title 1.

(4) The developer agrees to provide both of the following to the occupants of any protected units:

(a) Relocation benefits to the occupants of those affordable residential rental units, subject to California Government Code Chapter 16 (commencing with Section 7260) of Division 7 of Title 1.

(b) A right of first refusal for a comparable unit available in the new housing development affordable to the household at an affordable rent, as defined in Section 50053 of the Health and Safety Code, or an affordable housing cost, as defined in 50052.5.

(c) For purposes of this Section:

(1) "Equivalent size" means that the replacement units contain at least the same total number of bedrooms as the units being replaced.

(2) "Protected units" means any of the following:

(I) Residential dwelling units that are or were subject to a recorded covenant, ordinance, or law that restricts rents to levels affordable to persons and families of lower or very low income within the past five years.

(II) Residential dwelling units that are or were subject to any form of rent or price control within the past five years.

(III) Residential dwelling units that are or were occupied by lower or very low income households, seniors or persons with disabilities within the past five years.

(IV) Residential dwelling units that were withdrawn from rent or lease in accordance with California Government Code Chapter 12.75 (commencing with Section 7060) of Division 7 of Title 1 within the past 10 years.

SEC. 10-1.2740 ACCESSORY DWELLING UNITS²⁰

SEC. 10-1.2741 PURPOSE.

~~The ordinance codified in this section establishes regulations for the construction of accessory dwelling units subordinate to single family dwellings. This section provides reference to the regulations for Accessory Dwelling Units as provided in Government Code Sections 65852.2 and 65852.22, as amended from time to time. Accessory dwellings units provide housing opportunities in a flexible manner to address the unmet demand for affordable housing and achieve the goals, objectives, and policies of the Housing Element and General Plan to provide a diverse mix of housing options for the community.~~

SEC. 10-1.2742 DEFINITIONS.

~~a. "Accessory dwelling unit(s)" shall be defined as an attached, detached, or internal residential dwelling unit which provides complete independent living facilities for one or more persons. It shall include permanent provisions for living, sleeping, eating, cooking, and sanitation and shall be located on the same parcel an existing single family dwelling is situated or to be situated with the proposed development of single family dwelling(s).~~

SEC. 10-1.2743 LOCATION CRITERIA.

- ~~a. Accessory dwelling units as detached, attached, or internal accessory uses shall be permitted in the Single-Family Residential (RS), Residential Nature Preservation (RNP), Medium Density Residential (RM), Residential Office (RO), Agricultural (A) zoning districts, and in the T-3 Suburban transect zone in the Mission Boulevard Corridor Form-Based Code area, where one legally constructed single family dwelling exists as the primary structure on the parcel.~~
- ~~b. Accessory dwelling units limited exclusively to the internal conversion or repurpose of an existing structure shall be permitted in the following zoning districts: Central City Commercial (CC-C), Central City Residential (CC-R), Central City Plaza (CC-P), and Airport Terminal Medium Density Residential (AT-RM) zoning districts, provided one legally constructed single family dwelling exists as the primary structure on the parcel.~~
- ~~c. Planned Development Districts. The new construction of attached and detached accessory dwellings units shall not be permitted in Planned Development (PD) zoning districts, unless otherwise specified within the original development proposal as an amenity. Accessory dwelling units involving the internal conversion of an existing structure shall be permitted provided the proposed unit complies with the criteria set forth in Section 10-1.2743(b) and the remainder of this Article, as applicable.~~

SEC. 10-1.2744 DESIGN AND DEVELOPMENT STANDARDS.

~~All proposed accessory dwelling units shall comply with the following design and development standards:~~

²⁰Ordinance 17-16 , adopted November 7, 2017, adding Sections 10-1.2740 through 10-1.2747 to Chapter 10, Article 1, relating to Accessory Dwelling Units.

-
- a. ~~Quantity. On any one parcel of land, no more than one accessory dwelling unit shall be allowed regardless of the number of single-family dwellings located on the lot.~~
 - b. ~~Unit Size. All proposed accessory dwelling units shall not exceed 50 percent of the habitable floor area of the existing single-family residence or 1,200 square feet, whichever is less. Habitable floor area calculation shall not include garages, detached accessory structures, patio covers, porches, covered and uncovered balconies, and decks as determined by the Planning Director.~~
 - c. ~~Maximum Number of Bedrooms. Accessory dwelling units shall not exceed a maximum of two bedrooms as sleeping quarters.~~
 - d. ~~Attached Units. Accessory dwelling units proposed to be attached from the primary residence shall comply with the development standards set forth by the underlying zoning for the primary structure including, but not limited to, setbacks, lot coverage, height, and architectural compatibility.~~
 - e. ~~Detached Units. Accessory dwelling units proposed to be detached from the primary residence shall comply with the minimum design and performance standards set forth by the underlying zoning district for detached, accessory and secondary structures including, but not limited to, setbacks, lot coverage, height, distance between structures, location and architectural compatibility.~~
 - f. ~~Setbacks. Accessory dwelling units proposed to be constructed atop of existing, legal detached garages shall provide a minimum five-foot setback from the interior side and rear property lines, unless a greater setback is required pursuant to Building and Fire standards or the property is a corner lot which shall comply with the minimum street-side setback requirements. Accessory dwelling units proposed to be attached or detached shall conform to the development standards and performance standards set forth in the underlying zoning district.~~
 - g. ~~Height Restrictions. Accessory dwelling units shall comply with the following height restrictions based on the proposed location of the unit:
 - (1) ~~Accessory dwelling units attached to the primary structure shall comply with the height limitations of the underlying zoning district for the principal structure.~~
 - (2) ~~Accessory dwelling units to be detached from the primary structure shall be limited to the height restrictions set forth in the underlying zoning district for detached, accessory and secondary structures.~~
 - (3) ~~Accessory dwelling units proposed to be constructed atop of legally constructed detached garages shall be subject to the review and approval of a discretionary Site Plan Review application in accordance with Section 10-1.3000 of the Hayward Municipal Code. In order to deny a Site Plan Review application, the Planning Director shall find that the accessory dwelling unit would be detrimental to the public health and safety or would introduce unreasonable privacy impacts to the immediate neighbors. In any instance, the accessory dwelling unit shall be limited to the maximum height restriction of the primary structure within the underlying zoning district.~~~~
 - h. ~~Independent Exterior Access. Accessory dwelling units shall provide an independent exterior access separate from the primary residence. The separate entry constructed for the accessory dwelling unit shall not face the street or the public right-of-way.~~
 - i. ~~Owner Occupancy. The legal property owner of the lot shall be required to reside in either the primary residence or the accessory dwelling unit located on the parcel. At no time shall the property owner rent the primary dwelling and the accessory dwelling unit separately or allow the main house and the accessory dwelling unit to be sublet individually while the property owner resides elsewhere.~~

~~(1) The accessory dwelling unit shall not be sold separately from the principal residence. The rental and lease period for either unit shall be longer than a minimum of 30 days and shall not be utilized as a short-term rental.~~

~~j. Fire Sprinklers. Accessory dwelling units shall not be required to be equipped with fire sprinklers unless fire sprinkler installation is required for the primary dwelling.~~

~~k. Park Dedication In Lieu Fees. Each accessory dwelling unit whether detached, attached, or internal shall be required to pay the applicable Park Dedication In Lieu fee as set forth in Chapter 10, Article 16 of the Hayward Municipal Code (Property Developers - Obligations for Parks and Recreation) prior to the date of final inspection or the date the Certificate of Occupancy is issued for the development, whichever occurs first.~~

~~l. Private Sewage System. If the accessory dwelling unit is proposed to incorporate or utilize a private sewage disposal system (e.g. septic tank or on-site wastewater treatment system), the applicant shall be required to provide documentation and proof by the Alameda County Department of Environmental Health at the time of application. No private sewage disposal shall be permitted where there is an available public sewer within 200 feet, measured along streets, alleys, or public right-of-way upon which a lot abuts pursuant to Chapter 11, Article 3 (Sanitary Sewer System) of the Hayward Municipal Code.~~

~~SEC. 10-1.2745 ADDITIONAL PROVISIONS FOR THE CONVERSION OF EXISTING STRUCTURES TO CREATE ACCESSORY DWELLING UNITS.~~

~~a. Setbacks. No side or rear yard setback shall be required for an existing, legally constructed garage or accessory structure that is converted into an accessory dwelling unit provided it is sufficient for fire safety standards as determined by the Hayward Fire Department and Chief Building Official.~~

~~b. Utility Connection Fees. Accessory dwelling units constructed within the building envelope of the existing principal residence, garage, or accessory structure shall not be required to install a new or separate utility connection directly between the accessory dwelling unit and the utility or impose a related connection fee or capacity charge.~~

~~c. Parking. No additional parking shall be required if the accessory dwelling unit is located is within the existing building envelope of the primary residence or accessory structure, unless it involves the conversion of a garage or reduction of the off-street parking requirement for the parcel.~~

~~SEC. 10-1.2746 PARKING.~~

~~Accessory dwelling units shall be required to provide parking in accordance with the following requirements:~~

~~a. Parking Requirement for Primary Residence. In any instance, the property shall be required to meet the minimum parking requirement as set forth in Chapter 10, Article 2, Off-Street Parking Regulations for the principal residence prior or concurrent to the application for an accessory dwelling unit.~~

~~b. New Units. Accessory dwelling units shall be required to provide one (1) off-street parking space on the same lot as the unit in a covered, uncovered, or tandem configuration. Parking spaces may be located in the required setbacks provided the proposed location complies with the landscaping requirement in the front yard and minimum standards set forth within the Off-Street Parking Regulations for open parking spaces, unless otherwise approved by the Planning Director.~~

~~c. Garage Conversions. Where garages are converted for the purpose of creating an accessory dwelling unit, replacement off-street parking shall be provided on the same lot as the unit in either a covered, uncovered, or tandem configuration provided the proposed location complies with the landscaping~~

~~requirement in the front yard and the minimum standards set forth within the Off Street Parking Regulations for open parking spaces, unless otherwise approved by the Planning Director.~~

~~d. — Parking Requirement Exemptions. Off street parking shall not be required for accessory dwelling units if any of the following circumstances apply:~~

~~(1) — The unit is located within one half mile of public transit and bus stations.~~

~~(2) — The unit is located within an architecturally and historically significant historic district.~~

~~(3) — Where there is designated car share vehicle parking within one block of the unit.~~

~~SEC. 10-1.2747 PERMIT REQUIRED.~~

~~Unless otherwise noted in this Ordinance, the applicant shall be required to obtain the approval of a Zoning Conformance Permit by the Planning Division prior to the submittal of a building permit application to the Building Division. Zoning Conformance Permits shall either be disapproved or approved within 120 days of the submission of a complete application. Application submittal requirements for an Accessory Dwelling Unit shall include the following items, in addition to the required fees for each accessory dwelling unit proposed in accordance with the adopted Master Fee Schedule:~~

~~a. — Project Plans. The applicant shall be required to provide a site plan, floor plan, elevations, and cross sections of the proposed accessory dwelling unit drawn to scale. Plans shall include minimal project information, dimensions, and calculations including, but not limited to the proposed setbacks, lot coverage, height, distance between structures, square footage, easements, materials, etc. as required by the Planning Director or his/her designee.~~

~~b. — Deed Restriction. Prior to the issuance of a building permit for the accessory dwelling unit, the property owner shall file with Alameda County Recorder a deed restriction approved by the City stating compliance with provisions of this Ordinance and Hayward Municipal Code and such deed is binding upon any successor in ownership of the property, and lack of compliance shall be grounds for Code Enforcement action and removal of the accessory dwelling unit.~~

SEC. 10-1.2800 ADMINISTRATION AND ENFORCEMENT

SEC. 10-1.2830 CONFORMANCE—ADMINISTRATIVE MODIFICATION.

- a. Permits and licenses issued on the basis of plans and applications approved by the Planning Director are valid only for uses, arrangements, and construction set forth as approved. Any use, arrangement, or construction other than that authorized is a violation of the Zoning Ordinance.
- b. The Planning Director may administratively approve minor modifications to an approved permit or the conditions of approval so long as the changes do not materially alter the design, site layout, or conditions of approval of said permit.
- c. The Planning Director may administratively reduce any yard requirement by 50 percent or any required lot size standard by 10 percent in any district if in the opinion of the Planning Director no practical alternative exists, the purpose of the district would not be compromised, no detrimental impact would result aesthetically, and the proposed use or construction otherwise complies with the City's land use and Building Code regulations. Any departure which exceeds 10 percent of such required standards is subject to notice as provided for in Section 10-1.2820 and appeal provisions as outlined in Section 10-1.2845.
- d. The Planning Director may administratively waive the requirement for approval of a conditional use permit (where only required because abutting district is residentially zoned) or variance application where the

Planning Director determines that the property abutting the proposed use or construction is used for State or Federal highway right-of-way, flood control channel, railroad right-of-way or similar uses, and provided said waiver will not compromise the purpose of the district and no detrimental impact will result.

SINGLE FAMILY DWELLING. See "DWELLING, SINGLE FAMILY."

SINGLE FAMILY RESIDENTIAL (RS). A land use zoning district primarily used for single family homes where children and members of many families live as a neighborhood. See Section 10-1.200.

SLOPE. The formula for calculating slope shall be as follows:

$$S = (L \times I \times 100) / A$$

S = Average existing slope in percent for the portion of the site or lot to be developed

I = Contour interval in feet

L = The combined length in feet of all contour lines within the portion of the site or lot to be developed.

A = Total area in square feet of the portion of the site or lot to be developed.

The total area within a site or lot that is proposed to be graded and/or covered with structures shall be included in the slope calculation. Areas proposed to be left undisturbed shall not be included.

An inclined ground surface, the inclination of which may be expressed as a ratio of horizontal distance to a vertical distance, in degrees or as a percentage.

$$\text{Slope Percentage} = \text{Rise/Run} \times 100 = \%$$

$$\text{Slope Ratio} = \text{Run/Rise} = (x) \text{ feet run to one foot rise} = X : 1$$

USE. The purpose or activity for which the land, or building thereon, is designed, arranged or intended, or for which it is occupied or maintained.

USE PERMIT. A land use permit termed a "discretionary entitlement" to operate a specified land use on a given parcel. Usually an activity or business. The following subcategories of use permit are provided:

- a. **Administrative Use Permit.** A Use Permit issued administratively by the Planning Director or his or her appointee. An Administrative Use Permit is typically subject to exactions and conditions of approval.
- b. **Conditional Use Permit.** A Use Permit issued by the Planning Commission or City Council through a public hearing process. A Conditional Use Permit is typically subject to exactions and conditions of approval.

VACANT BUILDING/SITE. A building, structure or real property that is undeveloped, unoccupied or occupied by a person without a legal right to occupy for at least 30 days. In determining whether a building or site is vacant, the Planning Director or designee may consider these factors among others:

- a. A building at which lawful residential or business activity has ceased.
- b. The building or site is substantially devoid of contents.
- c. The building or site lacks legally connected utility services, including but not limited to water, sewer, electrical or natural gas.
- d. This definition does not include building, structures or sites that are undergoing construction or renovation and which are in compliance with all applicable ordinances, codes, legislation, and regulations, and for which construction, renovation or rehabilitation is proceeding diligently to completion.

VARIANCE. A discretionary entitlement which permits the departure from the strict application of the development standards contained in this Zoning Ordinance.

VARIETY STORE. An establishment which provides a variety of goods to the public for sale at retail. Typically includes hair care products, a pharmacy, non-prescription drugs and hygiene products, cleaning supplies, toys, games, small household appliances, dishes, make-up, candy, etc.

WINE SHOP. "Wine Shop" shall mean an alcoholic beverage sales establishment, managed by a certified sommelier or oenologist, primarily for the retail sales of wine from multiple wineries and distributors that involves no sales of liquor or distilled spirits. Wine tasting may be included as an accessory use, but the wine shop cannot operate as a bar.

YARD. The word "yard" shall mean an open space other than a court, on a lot, unoccupied and unobstructed from the ground upward except as otherwise provided herein. A yard extends along a lot line or official plan line to a depth or width specified in the yard regulations for the District in which such lot is located.

- a. Front Yard. A yard extending along the full length of the front lot line between the side lot lines, except for flag-shaped lots where yard areas shall be calculated excluding the stem of the lot, and the front yard shall be parallel to the right-of-way unless determined otherwise by the Planning Director. The developer of a corner parcel may select as the front yard property facing either of the two rights-of-way at the time of initial development of the property.

- b. Rear Yard. A yard extending along the full length of the rear lot line between the side lot lines of an interior lot. The rear yard of a corner parcel shall be determined by the Planning Director and shall be opposite either of the two rights-of-way.

- c. Side Yard. A yard extending along a side lot line from the front yard to the rear yard, or from the front lot line to the rear yard where no front yard is required. In determining side yards based on a percentage of lot width where the lot is irregular in shape, the width shall be determined by calculating the lot width at a point of 20 feet from the front property line.
- d. Side Street Yard. A yard extending along a lot line, other than a front, rear, or interior side line, between the front yard and a side or rear lot line. The developer of a corner parcel may select the side street yard from property facing either of the two rights-of-way.
