Subject: Public Comment on Item 4 (East Bay Greenway) for tomorrow's Council Infrastructure Mtg

CAUTION: This is an external email. Do not click on links or open attachments unless you know the content is safe.

Please forward my comment below to the Council. Sadly, I cannot make the meeting as I am out of town.

Montgomery--a bicycle boulevard should block cars from thru traffic (diverters) like in Berkeley but allow bicycle traffic. That is the only way Montgomery can come even close to All Ages and Abilities. These are extremely successful in Berkeley and they have installed many, many diverters.

Silva--Extremely stressful presently. I like the idea of 1-way to make room for better bike infrastructure. This seems possible since it is short. Otherwise, can bike lane be added to sidewalk as shared space? Silva is a real problem.

Bruce
