2. WS 20-015 General Fund COVID-19 Pandemic Update (Report from City Manager McAdoo)	Darrelle f.d.	I am not sure if the following has been address about whether the city has made provisions that our Police, Firefighters and EMT aka First Responders are able to be tested including any family members living in their home of residence for COVID-19 any time and first. Also, I noticed in other cities that the cross walk lights have been turn to automate so that individuals do not have to touch the button. Are either of these suggestions something the City is currently enacted or can we vote tonite	Neutral
