WHEREAS, this is the fifth year in which the City of Hayward is receiving SB1 funding to continue essential road maintenance and rehabilitation projects, safety improvements, repairing and replacing aging bridges, and increasing access and mobility options for the traveling public that would not have otherwise been possible without SB1; and

WHEREAS, the City has undergone a robust public process to ensure public input into our community's transportation priorities; and

WHEREAS, the City will use a Pavement Management System to develop the SB1 project list to ensure revenues are being used on the most high-priority and cost-effective projects that also meet the community's priorities for transportation investment; and

WHEREAS, the funding from SB1 will help the City maintain and rehabilitate street sections in the defined region of the City listed below in Fiscal Year 2022 and dozens of similar projects into the future; and

WHEREAS, the 2018 California Statewide Local Streets and Roads Needs Assessment found that the City’s streets and roads are in “good” condition and this revenue will help us increase the overall quality of our road system and over the next decade will help maintain our streets and roads in “good” condition.
