Subject: Concerning 1013 B Street Proposal

I can not participate in our next Planning Commission or City Council Meetings, so I send this message.

Honestly, THANK YOU for your service in our City of Hayward. I appreciate you all.

I am praying for you to BE WISE. I spent hours reading through this proposal for 1013 B Street and reading the ordinances that regulate this type of business. I am greatly concerned every time we experiment with another alcohol distribution site of any kind. As Chamber Ambassador, volunteer, citizen, servant-leader and pastor, I also want our city to prosper. However, the taxes from alcohol businesses often are outweighed by the expenses they create to our city. There are also human expenses that lower the quality of life for everyone even when law enforcement is not involved.

Thank you for your additions to the Conditional Use Permits, so we can remove the business later. I am weary because our history records that so many of these experiments have failed.
