TO: Mayor and City Council

FROM: Director of Utilities & Environmental Services

SUBJECT

Water Pollution Control-Facility Final Clarifier and Gravity Belt Thickener Sludge Blending Tank Rehabilitation Project: Approval of Plans and Specifications and Call for Bids

RECOMMENDATION

That Council adopts the attached resolution approving the plans and specifications for the Water Pollution Control Facility (WPCF) Final Clarifier and Gravity Belt Thickener (GBT) Sludge Blending Tank Rehabilitation Project and calling for bids to be received on June 5, 2018.

SUMMARY

The WPCF Final Clarifier and GBT Sludge Blending Tank Rehabilitation Project (Project) consists of the following four project elements:

1. Final Clarifier Structure Repair and Mechanism Recoating
2. GBT Sludge Blending Tank Structure Repair
3. Primary Clarifier Effluent Box Capacity Increase
4. Drying Bed Filtrate Pipeline By-Pass

Improvements and rehabilitation to the existing aged facilities are needed to enable WPCF to continue improving efficiency and enhancing safety and reliability. The design work, including preparation of plans and specifications has been completed. Staff is requesting Council's approval of plans and specifications and calling for bids to be received on June 5, 2018.
