## Cover Memo

---

**File #:** ACT 22-100, **Version:** 1

---

**DATE:** October 26, 2022

**TO:** Council Infrastructure Committee

**FROM:** Director of Public Works

**SUBJECT**

Review of the FY23 Pavement Improvement Project

**RECOMMENDATION**

That the Council Infrastructure Committee (CIC) reviews and comments on the FY23 Pavement Improvement Project, Project No. 05240.

**SUMMARY**

The FY23 Pavement Improvement Project (PIP) is currently under design and tentatively calls for the rehabilitation of 87 street segments and preventive maintenance of 26 street segments for a total of 113 segments (Attachment II). Proposed improvements will improve street surfaces, add bike lanes, and upgrade curb ramps to the latest ADA requirements.

The project budget is \$15,000,000, and is funded from Gas Tax, Measure BB, Measure B, Vehicle Registration Fees, Street System Improvement, and anticipated Road Repair and Accountability Act (SB1) funds, as well as street impact fees paid by Waste Management of Alameda County (WMAC).

This project is categorically exempt from environmental review under Section 15301(c) of the California Environmental Quality Act (CEQA) Guidelines for the operation, repair, maintenance, or minor alteration of existing facilities.
