The SR2S Program, funded by Alameda County Transportation Commission (ACTC), supports safe access and mobility to and from schools by funding sustainable transportation improvements for pedestrians, cyclists, and transit riders. In FY22, the City was successful in obtaining the SR2S Mini-Grant to fund improvements for Cesar Chavez Middle School (CCMS), including installation of paint and post curb extensions, and yellow high-visibility crosswalks and signage, among other enhancements. The project design has been completed and bid documents have been prepared. Staff is requesting Council's approval of the plans and specifications and call for bids to be received on February 21, 2023.
