Cover Memo

File #: CONS 19-544, **Version:** 1

DATE: July 16, 2019

TO: Mayor and City Council

FROM: Director of Public Works

SUBJECT

Adopt a Resolution Approving Plans and Specifications and Call for Bids for the Sewer Line Replacement Project

RECOMMENDATION

That Council adopts a resolution (Attachment II) approving the plans and specifications for the Sewer Line Replacement Project, Project 07694, and calling for construction bids to be received by August 20, 2019.

SUMMARY

The Utilities Division of the Department of Public Works & Utilities replaces the City's undersized or structurally damaged sewer mains through annual capital improvement projects. This project will replace approximately 5,000 linear feet of 6-inch or 8-inch clay pipe with 8-inch polyvinyl chloride (PVC) or polyethylene (PE) pipe. Approximately 4,000 linear feet will be replaced by traditional open-cut method, and another approximately 1,000 linear feet will be replaced by a trenchless technology used to upsize existing underground pipeline.
