## Cover Memo

---

**File #:** CONS 19-544, **Version:** 1

---

**DATE:** July 16, 2019

**TO:** Mayor and City Council

**FROM:** Director of Public Works

### **SUBJECT**

Adopt a Resolution Approving Plans and Specifications and Call for Bids for the Sewer Line Replacement Project

### **RECOMMENDATION**

That Council adopts a resolution (Attachment II) approving the plans and specifications for the Sewer Line Replacement Project, Project 07694, and calling for construction bids to be received by August 20, 2019.

### **SUMMARY**

The Utilities Division of the Department of Public Works & Utilities replaces the City's undersized or structurally damaged sewer mains through annual capital improvement projects. This project will replace approximately 5,000 linear feet of 6-inch or 8-inch clay pipe with 8-inch polyvinyl chloride (PVC) or polyethylene (PE) pipe. Approximately 4,000 linear feet will be replaced by traditional open-cut method, and another approximately 1,000 linear feet will be replaced by a trenchless technology used to upsize existing underground pipeline.
