SUMMARY

The Sidewalk Repair Program, which began in 2001, will continue this year to meet ongoing repair needs of four districts. The districts include Shafer Park Area (District 4), Tennyson Road South Area (District 6), Winton Grove Area (District 9), and Fairway Park Rancho Verde (District 5). Notification will be sent to all affected property owners, who will have the option to repair the sidewalk themselves or opt into the program provided by the City with a shared cost of $550. Additionally, approximately twenty-one new wheelchair ramps will be installed in various areas throughout the City.

The project budget is $1,102,000. Funding will be provided from the Street System Improvement Fund of the Capital Improvement Program (CIP) in the amount of $960,000, and an additional $142,000 from the Transportation Development Act. An additional $90,000 in revenue from property owner participation is anticipated and will be deposited into the CIP fund for upcoming sidewalk projects.
