SUBJECT

General Plan Annual Report

RECOMMENDATION

That Council accepts this report and provides feedback and direction as desired.

SUMMARY

In 2014, the City Council adopted a new General Plan for the City. State law requires jurisdictions to provide an annual report to their legislative body and the State on the status of the General Plan and progress in its implementation. This item fulfills this requirement.

Within the first five years of the General Plan's implementation (2014-2019), nearly two thirds of programs are either complete or in progress. Of the implementation programs identified for this timeframe, 27 percent have not been started for various reasons, including funding availability, resources, and/or shifting priorities. However, 31 percent of the programs slated for initiation in the 2020-2040 timeframe, are already complete or in progress, ahead of schedule.
