Cover Memo

File #: PH 21-099, **Version:** 1

DATE: December 7, 2021

TO: Mayor and City Council

FROM: Director of Public Works

SUBJECT

Groundwater Sustainability Plan: Adopt a Resolution Approving the East Bay Plain Subbasin
Groundwater Sustainability Plan

RECOMMENDATION

That the Council adopts the attached resolution (Attachment II) approving the East Bay Plain Subbasin
Groundwater Sustainability Plan.

SUMMARY

Groundwater Sustainability Agencies (GSAs) for the East Bay Plain Subbasin (Subbasin), the City of Hayward (City), and East Bay Municipal Utility District (EBMUD) must adopt and submit a Groundwater Sustainability Plan (GSP) to the Department of Water Resources (DWR) by January 31, 2022. The GSP will establish sustainable management criteria and actions to protect the Subbasin, while ensuring local groundwater resources are available for current and future beneficial uses.

Council Sustainability Committee Review

At the November 8, 2021 Council Sustainability Committee (CSC) meeting, staff provided an overview of the background and development of the GSP, as well as the required and key elements. The CSC reviewed the GSP, made comments that were addressed by staff, and unanimously recommended to forward the GSP to the Council for approval.
