Notes: The June community cleanup event has been replaced with participation in the All America Festival. The October Commission meeting has been moved from October 28 (4th Thursday) to October 21 (3rd Thursday) to better align with the October 23 Make a Difference Day Cleanup.

Attendance is required at Commission meetings and scheduled cleanup events. Attendance at community outreach events and Policy Subcommittee meetings is encouraged but voluntary. Community outreach events may be canceled if there are insufficient commissioners available to staff the event.
